"PEE DOCTORS" AND DRUGGISTS IN NATION RAID

Postoffice Authorities on Signal Sweep Down on Practitioners From Coast to Coast With Indictments Charging Criminal Work

173 CAUGHT IN NET, 27 IN CALIFORNIA

Four Held in San Francisco; Big Oakland Houses Accused of Using Mail Illegally; Lax Law Violation Is Blamed for Condition

SPECTACULAR nation wide raid, involving the arrest of 173 persons in the principal cities of the country, from New York to San Francisco, was made yesterday by the United States government upon doctors and drug concerns charged with misuse of the mails to solicit illegal medical practice, or to dispose of medicines and instruments connected with such practice.

Twenty-seven Californians were included among the number marked for capture by the government's agents, and simultaneously with the arrests elsewhere, they were besought by post-office inspectors and United States marshals and as many as could be found were rounded up and made to give bonds to appear for trial.

A total of 19 arrests were made in the state during the day, of which four were in San Francisco, seven in Oakland, three in Los Angeles, three in San Jose and one each in Fresno and Petaluma. According to advices from Washington three more are slated for arrest in this city, two in Alameda and one each in Sacramento, Oakland and Glendale.

The raid—the most extensive and far reaching ever made by the government—was under the personal direction of Postmaster General Hitchcock and Chief Inspector Robert S. Sharp of the postoffice department. So carefully had its details been guarded that until the first arrests were made early in the day at Indianapolis practically nothing was known of the government's contemplated action.

Arrest Made on Signal

But at the signal the inspection force spread over 22 states, and with clock-like precision carried out the prearranged plans. At nightfall it was reported that nearly all the designated persons had been taken into custody except in a few isolated instances. These are said to be under surveillance and unable to escape.

Chief Inspector Sharp and a large part of his force of 350 inspectors had been engaged for seven months in working up the cases in which arrests were made. It was not an easy task, particularly in the east, where municipal and state laws are more stringent, but Postmaster General Hitchcock gave orders to strike a blow that would have a telling effect, and in consequence the arrests were not made until plentiful evidence had been gathered, and then

STEVEDORES HAIL SULZER ON PIER

"Whatcha Got in, Handbag, Bill?" They Ask; "Chewin' Tobacco," He Replies

Special Dispatch to The Call NEW YORK, Nov. 20.—William Sulzer, governor elect of New York, is now on the high seas. He sailed away this afternoon on a vacation.

At the pier stevedores who knew him crowded about.

"Whatcha got in the handbag, Bill?" "Chewin' tobacco and tooth brush. I am going to sea," replied the governor elect.

Whereupon he boarded the steamship Princess Anne of the Old Dominion line and sailed for Norfolk. From Old Point Comfort the governor elect will go to Petersburg, where he will make his headquarters for a week or more while hunting in the adjacent woods for wild turkey.

Jeweler Complains That False Prophecy Led Him to Dispose of His Business

SPOKANE, Nov. 20.—Because he did not die, William Goldblatt, a Spokane jeweler, brought suit today against his physician, Dr. G. H. Roher, for \$15,000.

Goldblatt alleges in his complaint that Dr. Roher told him that he had cancer of the stomach. Believing that recovery was impossible and wishing to leave his property in cash, Goldblatt states that he sold his jewelry business at a sacrifice and waited for death to claim him.

Becoming impatient at his failure to die, he consulted eastern specialists and discovered that he was in perfect health.

BROKEN NECK NO CURB ON PLAYER

Michigan Football Captain Goes Through Last Half With Vertebrae Fractured

ALMA, Mich., Nov. 20.—An X-ray examination here today of Captain "Ephie" Johnson of the Alma College football team, revealed the fact that Johnson played the last half of the Alma-Detroit game last Saturday with a broken neck. He is in a serious condition. He was kicked in the neck at the beginning of the second half, and was in great pain before the game ended. It was thought the injury was to his muscles until the radiograph was made.

RACE MADE MARRIAGE VOID, SAYS COMPLAINT

Petition Seeks Removal of Stepmother as Administratrix on Ground She Is Mulatto

Special Dispatch to The Call SEATTLE, Nov. 20.—Captain J. J. Carroll, port superintendent for the Grand Trunk Pacific, today filed a petition in the probate court for the removal of Elizabeth Ann Carroll, his stepmother, as administratrix of his father's estate, alleging that under the California law she was not his father's legal wife. She was appointed last May to settle the estate, which amounts to \$20,000. Since then Captain Carroll says he has discovered that his stepmother is of negro extraction and that under California law, in which state the marriage was performed, she can not be his father's legal wife, because she is amenable to the prohibition of the marriage of white persons with negroes and mulattoes.

LOCAL CHINESE WARNED OF WAR OVER MONGOLIA

Relations Between Peking and Russia Reach Crisis and Celestials Mobilize Army for Clash

DISPUTED PROVINCE IS FRIEND OF CZAR

San Francisco Orientals Plan to Raise Funds to Save Territory

CHINATOWN is in a ferment over receipt of cablegrams that the Chung Hwa republic is preparing for a war with Russia for the possession of the province of Mongolia. The big secret societies which fostered the revolutionary movement and led the campaign for funds through their headquarters here have for the last week been interchanging cablegrams with President Yuan Shi Kai of the Chung Hwa republic and Governor Wu Hon Man of Kwangtung province concerning the situation in Mongolia. The climax was reached last night when the Young China association, the society organized by Dr. Sun Yat Sen, China's liberator, opened a public campaign for funds to sustain a war with Russia.

Lecturers were sent through Chinatown bearing placards announcing "Chinese-Russian War Lectures." At street corners they explained to the Chinese the situation, saying that war was imminent and that funds were necessary to aid China in the campaign. The situation parallels the action last September when the Young China association publicly opened the campaign for funds for the Chinese revolutionary movement.

Great Army Mobilized

Dispatches have been received here by Yow Gook Har, secretary to Fung Chi Yui, secretary of state of Yuan Shi Kai's cabinet, to the effect that an army of 60,000 has been mobilized in Peking and that General Wong Hing, hero of the revolution, has been appointed its leader. According to a report, General Wong Hing already has ordered his army north to Mongolia, with instructions to establish military rule in Mongolia and drive Russian soldiers out.

A cablegram from Governor Wu Hon Man of Kwangtung province informs the Chinese Six Companies and Young China association that the southern provinces of China favor a war with Russia and that the Chee Kung tong, Chinese Free Masons, the big fraternity which proved the backbone of the revolution, already has issued a call for funds for the war.

The lecturers last night who told the Chinese to prepare for the struggle were A. Y. Hugh, Gee Hong and Min Suet, representatives of the Young China association. The Chinese Six Companies, which virtually represents the Chung Hwa republic among the Chinese in this country, in a meeting Tuesday evening framed a cablegram which has been sent to President Yuan Shi Kai, asking whether or not the organization should initiate a governmental campaign for funds among the Chinese in this country.

Mongolians Favor Dynasty

Russia's recognition of the autonomy of Mongolia in calling a convention of Mongolian princes for conference is the root of the trouble. The province of Mongolia did not take part in the great Chinese revolution, and the Mongolian princes harbored the empress of China when she fled north with the baby emperor when the revolution commenced. All the money raised by the local Chinese will be sent to Governor Hu Hon Man of Kwangtung province, because the local Chinese are all Cantonese, natives of Kwangtung province. As soon as the reply is received from Yuan Shi Kai the Six Companies will hold a meeting and act upon his advice.

The Chung Sai Yat Po, a local Chinese newspaper, received the following cablegram from Peking yesterday: Grave excitement prevails in the capital owing to the stand taken by Russia in urging Mongolia to revolt against the Chung Hwa republic. Russia recognizes the independence of Mongolia. Armed troops of the republic have been mobilized and are on their way to Urga, the capital of Mongolia.

PEKING IS PREPARED TO ENFORCE CLAIMS

PEKING, Nov. 20.—The Chinese government has opened negotiations with the Russian legation in respect to Russia's recent recognition of the autonomy of Mongolia, which has created anti-Russian agitation throughout the province. The minister of foreign affairs today visited the legation and voiced China's claim to the control of Mongolia's foreign trade.

ALASKA MINING MAN SINKS AUTO IN BAY WATERS

Claremont Millionaire Has His Chauffeur "Drown" Obnoxious Limousine From Ferry Boat

OAKLAND, Nov. 20.—A new \$4,500 limousine lies on the bottom of San Francisco bay, in the path of the Oakland ferry boats, but sunk so deep that never again will it have a chance to honk.

The machine belonged a few days ago to H. H. Hart, millionaire Alaska mining man, who lives in the Claremont hills, but his career was brief, for it developed from the start a waywardness and obstinacy that would make the most perverse army mule envious.

It was on this account that the machine met its fate. On his very first trip in it Hart had a mishap, which delayed his attendance at a banquet, and from that time on the limousine exhausted ingenuity in the invention of new deviltry. It was, in the opinion of both Hart and his chauffeur, James Litz, a veritable "devil wagon."

Hart gave up the struggle in rage and disgust, and decreed an end to the cause of his motoring troubles. He ordered Litz to take the contraption aboard a ferry boat bound to San Francisco and to lose it on the way over—to drop it overboard at the spot where the chart showed the deepest water.

Litz did as he was told. When in the middle of the ferry fairway he pressed the self-starter, threw on the reverse and the limousine was on its way to that bourne whence no automobile returns. An excited deckhand was too late to avert the tragedy.

The next day the Southern Pacific company offered to help recover the machine, but the answer received from Hart was his counter offer to pay half the cost of a pile driver to ram the nightmare limousine deeper in the mud.

3 AUTOISTS RUNNING DOWN DOG ARE SHOT

Pennsylvania Woman Mauled for Life and Husband and Chauffeur Wounded by Hunter.

ERIE, Pa., Nov. 20.—William H. Forster, a business man, his wife and George Kellock, their chauffeur, were shot today by a hunter after the automobile ran over a dog with which the huntsman was hunting rabbits.

Mrs. Forster was severely wounded about the face and head by shot from the gun in the hands of Lloyd D. Pastorius, 25 years old, a milkman. She is at a hospital. The sight of her left eye is endangered and physicians say if she recovers the wounds will mar her for life. Forster and the chauffeur escaped with flesh wounds. Pastorius was remanded to jail without bail. He asserts the shooting was accidental.

The special New York Central train of six cars will bring her here. It will have the right of way over all first class passenger trains.

DEATH COMES BY ELECTROCUTION IN WINDSTORM

One Man Is Killed and Two Are Probably Fatally Injured in Hurricane in Southern California

RIVERSIDE, Nov. 20.—A heavy wind storm which prevailed here today was responsible for the death of one man and probably fatal injuries to two others.

Gustav F. Oberg, 60 years old, was electrocuted while driving to his home in the outskirts of the city, when an electric light wire blew down on him. He died instantly. His son Frank, 25 years old, also came in contact with the live wire and was so badly shocked and burned that his death is expected.

Two fires were caused by the wind, and while a fire engine was responding to an alarm it struck James Burke, who was crossing the street. Burke was so badly injured that he is not expected to live.

The storm, which was general throughout this district, did immense damage to green oranges, thousands of trees having been beaten down and broken by the wind. Wires and signs were blown down and street car traffic paralyzed for some time.

AMATEUR BOXER FALLS DEAD FROM EXCITEMENT

Eighteen Year Old Boy Drops Lifeless in Ring Before Single Blow Is Struck

NEW YORK, Nov. 20.—A young amateur boxer fell dead in the ring here tonight before a blow had been struck. Frederick Merten, a clerk, 18 years old, has put on the gloves for an exhibition bout with Thomas Holmes, a driver, 15 years old. Merten was walking to the center of the ring to shake hands, when he reeled and fell against Holmes.

A hospital physician declared that death was due to heart failure induced by excitement.

2 TOWNS IN RUINS, 42 DEAD, IN JAMAICA GALE

Great Tidal Wave Sweeps Coasts in Hurricane Lasting Five Days

KINGSTON, Jamaica, Nov. 20.—The western end of the island of Jamaica has been devastated by a hurricane during the last five days.

A great tidal wave swept over the north and south coasts, virtually destroying Savannah la Mar and Lucea, both towns of considerable importance. According to a report brought by steamer, 42 persons were killed at Montego bay.

All the roads have been wrecked along the southwestern coast and incalculable damage has been done. Communication between Kingston and the center of destruction is not likely to be resumed for a week.

The latest reports indicate that the tidal wave swept over Savannah la Mar and adjacent villages for a quarter of a mile inland. The effects of the hurricane extended along the coast eastward to Black river, about 25 miles from Savannah la Mar, where the residential quarter was wrecked.

CARNEGIE GIVES \$2,000,000

Adds Great Sum to Big Fund for the Advancement of Teaching

NEW YORK, Nov. 20.—An addition of \$2,000,000 to the endowment fund of the Carnegie foundation for the advancement of teaching was announced by Andrew Carnegie at a meeting of the trustees of his foundation here today.

The endowment now stands at \$14,000,000 with \$1,000,000 surplus. The gift today was part of a grant of \$5,000,000 made in 1908, on which another \$2,000,000 is to come. The money was conveyed to the trustees in steel corporation bonds.

TROOPS REST AS EMISSARIES DISCUSS PLAN OF ARMISTICE

Envoys of Turkey Led by Nazim Pasha Will Meet the Plenipotentiaries of Allies Today at the Village of Hademkeni, a Few Miles of Constantinople

ISLAM THINKS FOES WILL PROVE LENIENT

Reports of Massacres of Christians in Jaffa, Palestine, Cause Alarm in Athens and Russian Cruiser Speeds for Syrian Coast to Check the Sanguinary Deeds of Mohammedans

By PAUL LAMBETH Special Cable to The Call

LONDON, Nov. 20.—General Savoff and Nazim Pasha are now in the preliminaries of peace at Tchatalja, and fighting for the while is suspended.

The war has shifted for a time from the field of arms to that of diplomacy. It may be that the war is near an end. Plenipotentiaries for the belligerent powers will meet tomorrow at the village of Hademkeni, a few miles outside the capital, for a preliminary discussion of the terms of an armistice. Orders to Cease Firing

In the meantime, the Turkish, Bulgarian and Servian commanders have ordered a cessation of hostilities, although cannonading, which Nazim Pasha reports as unimportant, occurred this morning.

The sweeping terms which the allies were said to have demanded yesterday as a basis for the armistice appear not to have been advanced, but it is almost certain that they will be on the basis of the Balkan states holding all the conquered territory until a permanent treaty of peace is signed. Cholera Factor in Peace Plan

How much of his former power they are prepared to concede to the Turk depends largely upon two factors—the strength and supplies of the allied army threatening the gates of Constantinople and the extent to which the cholera specter has embarrassed their plans.

It is certain that great transport difficulties hamper the Bulgarian army on account of the distance from its base and the rough roads. Cholera is counted on by the Turks to weaken the Bulgarian ambition for a triumphal march into the Turkish capital and the celebration of mass in St. Sophia.

But, to make assurance doubly sure, the Turk has resorted to the amazing plan of transforming the mosque into a pesthouse and has crowded 2,000 cholera stricken patients within its walls.

Denial of Defeat

Sofia repudiates the story sent out from Constantinople yesterday that the Bulgarian left wing was routed in the last attack by the Turks. The international tension has not relaxed. Servia has permitted an Austrian official to investigate the charge of interference with the Austrian consuls at Prishina, thus averting the breaking off of diplomatic relations, which had been threatened for a long time. This, however, is regarded as merely a temporary respite.

Austria has refused absolutely to consider any peace proposition which will allow Servia an outlet on the
