

MOTHER OF BABE IN SLINGSBY CASE MAY BE FOUND

Assistant District Attorney Works Up Clew by Which He Expects to Find Lillian Anderson

NURSE BLACK TO BE QUERIED ABOUT NOTE

Letter From Victoria Believed to Voice Fear of Deceived Husband's Wrath

Assistant District Attorney Louis Ferrari is working up a clew by which he expects to ascertain the whereabouts of Lillian Anderson, mother of the child in the Slingsby case, within a few days.

A very important point concerning which Mrs. Black will be questioned under oath will be regarding a letter which Mrs. Slingsby wrote from Victoria to Mrs. Black in the early part of 1911.

It will be decided this morning which of the following other witnesses will be called for the afternoon hearing: C. S. Fackenthal, clerk at the Good-friend hotel, where Mrs. Slingsby was a guest at the time; Miss Amanda Kock, 1418 Forty-eighth avenue, a friend of Mrs. Blain; Mrs. Ella R. Young, 2769 Union street, friend of Mrs. Slingsby; and Dr. Martin Reschburger.

Subpoenas will be issued for the records of the downtown dressmaking establishment which show that Mrs. Slingsby was there trying on a gown the day she now says she bought an heir into the world, and that several days immediately following she was there also.

Efforts will be made to locate the chauffeur of the taxicab in which Mrs. Slingsby and Mrs. Blain went to Doctor Fraser's office in Chinatown on September 2 to take the Anderson baby.

MRS. BLAIN TELLS OF TRIP

Telling of this trip Mrs. Blain said yesterday: "We stopped at Magnin's to get some clothes for the baby. Mrs. Slingsby spent about \$100 for fine baby clothes and she took them in a box up to the office of Doctor Fraser in Grant avenue.

When we arrived there we found the baby had been dressed. Mrs. Slingsby said she wanted to see the clothes she bought put on the baby, but Miss Anna C. Anderson, the nurse, said that it would not be advisable to change the clothing of the little tot which had been born only the night before.

"But Mrs. Slingsby insisted. She said the clothes on the baby were too coarse and not pretty enough, and so finally the clothes were changed. Mrs. Anderson accompanied us in the machine to Mrs. Owings' house, where the baby was left for Mrs. Black, the nurse, sister of Mrs. Owings."

It is possible that Attorney Alexander Heyneman will be called in the case to testify. Heyneman was engaged by Lieutenant Slingsby to handle the case at Sacramento before the board of health. Heyneman's first act in the case was to go with Lieutenant Slingsby to interview Mrs. Blain and take her deposition.

HEARS DRAMATIC STORY

The meeting between Mrs. Blain and Slingsby was cordial, but when Heyneman began asking questions she said: "I know that it is awful hard for you Charley (Slingsby), but I must tell the truth."

She then told the story which she has adhered to for two years, and produced a mass of evidence to prove. During her recital Lieutenant Slingsby was bowed with grief, for this was the first time he had heard the dramatic story. At the close of the interview Attorney Heyneman took Slingsby's hand and, expressing his condolence, said it would be useless to go on with the case in view of this testimony. Heyneman dropped the case at that time and Slingsby appeared before the board of health without an attorney.

RAILROADS WORK HARD TO CLEAR TRACKS OF SNOW

Companies' Officials Believe Traveling Public Will Be Subjected to Little Inconvenience

Railroads north and east out of central California are working hard to clear their tracks of snow and bring service back to the normal. The Southern and Western Pacific roads have many men and much machinery employed and expect to resume their train schedules in a short time.

TRACKS ARE CLEARED

Local Western Pacific trains were run to Oroville and a similar service is in effect on the other side of the canyon.

The Union Pacific tracks were cleared of snow Saturday evening, but the eastern trains of this road were all running on a slow schedule yesterday. Most of the important trains were from two to three hours behind time.

SNOW IN OREGON VALLEYS

An unusual amount of snow is reported in the Oregon valleys, and some delay is experienced on the route from Medford and Ashland north.

The Santa Fe railroads reports that there is no delay of their trains on the southern run. In the north the California Northwestern, Joint Santa Fe and Southern Pacific line, is operating on schedule.

LAND HOLDINGS OF ORIENTALS GROW Asiatic Exclusion League Board Compiles Report on Property of Japanese

That the Japanese are gradually acquiring a vast amount of California farm lands was evidenced yesterday in a report filed with the Asiatic Exclusion League by the executive board of the organization at a meeting held in Union hall, 216 Fourteenth street.

The board reported that returns from 19 of the 58 counties of the state showed that 211 Japanese own country property containing 6,845.13 acres, with an assessed valuation of \$544,355. In these same localities 38 Japanese own town property, the assessed valuation of which was unobtainable.

IDENTIFY PRISONER BY TATTOOING ON BROW

Police Saved Trouble When They Find Necessary Data Concerning Fred Hares

"Fred Hares, aged 51, native of Mexico. This information, tattooed on the forehead of a man who was found in an unconscious condition in the gutter at Grant avenue and Bush street, saved the police considerable trouble in establishing the identity of a victim of too much liquor.

After securing the purse the thief ran east along Sutter street, Miss Cohn gave chase while her two girl companions screamed.

After running more than three blocks the crowd grew in size. As the thief turned from Sutter into Laguna street Miss Cohn caught his coat. The thief endeavored to throw the young woman from her hold, but she pluckily held on.

Before he could wrest himself loose from the grasp Special Policeman Tony Rhodes overtook the thief.

When taken to the central station by Policeman A. Sutter the thief gave the name of Guy R. Whitbur. He said he lived at 871 Turk street, and that he was employed in a large hardware store. He was charged with grand larceny.

URGE PASSAGE OF BILL The Asiatic Exclusion League is convinced that sufficient information regarding the danger from too much California land falling into the hands of Asiatics has been gathered to prove to the legislators that it is necessary to enact a law forbidding Asiatics from acquiring more lands in the state.

The executive board urged that affiliated organizations request their members to lend their voices and votes in favor of senate bill No. 27, introduced by Senator Stanford to the end that California "be saved from a menace that threatens the very life of her institutions."

Regarding immigration of Japanese to California the executive board compiled figures to show that there are now more than 45,000 Japanese in this state.

These figures prove conclusively that Japan is not living up to the "gentlemen's agreement" and the declaration at Washington February 2, 1911, made by the Japanese ambassador, with the authority of his government that they "were fully prepared to maintain with effect a limitation on immigration control which they have for the last three years exercised in regulation of the immigration of laborers to the United States" does not maintain, and that Japanese laborers are coming into the United States in increasing numbers, can be seen by consulting the monthly immigration bulletin, issued by the department of commerce and labor," says the report.

The league received a communication from Congressman John E. Raker of the first congressional district saying that every effort is being made to put through house bill No. 13,500 at the next session of congress. This bill was framed by the Asiatic Exclusion league and provides for the exclusion of all Asiatic laborers.

GIRL LEADING CROWD, RUNS THIEF TO COVER

Purse Snatcher is Chased by Great Mob Led by Victim and Captured

Leading an excited crowd of nearly four hundred persons, Miss Romietta Cohn, 19 years old, who lives at 2017 Bush street, last night succeeded in capturing a pickpocket who a few minutes before had snatched her silver mesh purse while she was walking at Fillmore and Sutter streets.

After securing the purse the thief ran east along Sutter street, Miss Cohn gave chase while her two girl companions screamed.

After running more than three blocks the crowd grew in size. As the thief turned from Sutter into Laguna street Miss Cohn caught his coat. The thief endeavored to throw the young woman from her hold, but she pluckily held on.
