

The Smart Set Culture has advanced wonderfully since the Century club was founded. It is the fashion to be intellectual and go to readings. So nearly every one knows about the famous galleries of Europe and that the Louvre is a palace of art as well as a department store.

Campanile was undergoing reconstruction when a San Francisco man saw it, and naturally supposed pictures of the ferry building had found their way to Venice, to inspire architects.

Also, nearly every one knows that the famous palace of Versailles is at Versailles. Nearly every one, because there is a certain very charming Greenway matron who discovered it only last year, and not telling how many others there are like her who have still to go to Paris to be told.

It was a radiant day and the drive was picturesque and interesting. They found the inn, with luncheon on the terrace, quite as altogether charming as they'd heard it was. A delightful place of restful beauty and well worth the trip.

"What palace?" asked the bride. "Why, the palace of Versailles," they told her. "But we didn't know there was a palace," the bride deplored. "I'm so sorry we missed it. I adore old palaces, and we might have spent an hour or two there after luncheon."

at a series of functions by the smart set in this city and in Burlington, will leave on the same steamer, Mr. Mahini will stop a few days at Honolulu before proceeding to Yokohama, where he will pass the next four months.

Miss Amalia Christie was hostess at a luncheon in the Francisco club yesterday, at which she entertained in compliment to Miss Margaret Holmes, the attractive daughter of Major and Mrs. Frank Holmes, who is one of this season's debutantes.

Countess Knuth entertained the members of the Century club with a concert which she gave yesterday afternoon in their headquarters in Franklin street. Her program included vocal as well as instrumental selections.

George R. Carter, former governor of Honolulu, will leave on the Manchu for the Hawaiian Islands today. Max Mallin, who has been entertained.

The cast will be as follows: Elga.....Mrs. A. W. Scott Jr. Starchenki.....Dion Holm Marina.....Lucille Alanson Smith

YOUNG "BAD MAN" VANQUISHES CUPID

Poses as Train Robber; Jailed; Rival Gets His Sweetheart

LOS ANGELES, Jan. 22.—John Bowman, a young business man of this city, sought to test the love of his fiancée, Miss Alice Young, and in consequence was made aware today of two things—that the promise of a \$250 reward could vanquish Cupid, in the case of Miss Young, at least, and that the police do not like to have young men pose as train robbers just to test the love of their sweethearts.

Bowman spent several hours in jail before he was able to prove that he was no train robber. Miss Young could not see the joke when she appeared at the police station, introduced Bowman to another young man whom she said she intended to marry next week.

OPERA TALK IS GIVEN ON "THAIS"

Miss Esther Mundell Holds Interesting Musical Recital

The opera talk on "Thais" which Miss Esther Mundell gave at Century club hall Thursday afternoon was attended by an enthusiastic audience. The singer was in beautiful voice, her rich, clear tones being heard to advantage in the principal arias of the opera.

Encouraged by her success Miss Mundell will give a "Talk on Louise" in the near future.

Mrs. Ryland B. Wallace entertained at an informal bridge party in her residence in Clay street Tuesday afternoon.

FRANK H. CRESKEY, Jr., president of the Mademoiselle Chamber of Commerce, and one of the owners of the gas works in that city, is staying at the Manx.

NATURE'S LAWS. Nature's laws are perfect if only we obey them, but disease follows disobedience. Go to the forest for the cure of the arteries that are the cause of which we can furnish for you. Take the bark of the Wild-cherry tree with mandrake root, Oregon grape root, stone root, queen's root, bloodroot and golden seal root, make a scientific, glyceric extract of them, with just the right proportions, and you have DOCTOR PIERCE'S GOLDEN MEDICAL DISCOVERY. It took Dr. Pierce, with the assistance of two learned chemists and pharmacists, many months of hard work experimenting to perfect this vegetable alterative and tonic extract of the greatest efficiency.

Health and Beauty Answers BY MRS. MAE MARTYN Cora S.: As your hair is short and thin and you have so much trouble to make it stay up and look neat, try shampooing it with a teaspoonful of canthrox dissolved in a cup of hot water. This shampoo is the one generally used by the best hairdressers to make the hair look thicker and lustrous. It produces an abundant lather, dries quickly and does not clog the hair and scalp well, but stops all irritation and gives the scalp a feeling of pleasing freshness. Canthrox makes a delightful shampoo and will make your hair soft and fluffy. You will have trouble then to make your hair look nice. Never use soap for shampooing, as it makes the hair brittle, harsh and takes away the glossy look. (a) To get rid of dandruff and stop falling hair, see reply to "Gettrude J." Meta D.: A delatone paste will remove the fuzz from your lip without danger. It is made by mixing equal parts of enough powdered delatone and water to cover the hairy surface, apply and wash off with a soft cloth. Then wash the skin carefully. One application of delatone usually suffices excepting where the growth is quite thick or stubborn. Grace: Long, curly lashes and thick, glossy eyebrows add greatly to personal beauty. Get a small original package of pyroxin from your druggist and dries quickly and does not clog the hair and scalp well, but stops all irritation and gives the scalp a feeling of pleasing freshness. Canthrox makes a delightful shampoo and will make your hair soft and fluffy. You will have trouble then to make your hair look nice. Never use soap for shampooing, as it makes the hair brittle, harsh and takes away the glossy look. (a) To get rid of dandruff and stop falling hair, see reply to "Gettrude J." MADMAM X.: Nature intended that all women should have voluptuous figures; and even though you look like a pin, I intend to get rid of your fat. I have a formula that some of my close friends have tried with marvelous success. There it is. Dissolve four ounces of parrotin in 1 1/2 pints hot water; when cold strain and take a teaspoonful daily with each meal. This remedy will not injure your health or force you to starve yourselves in order to get back your comely figure. It cuts down fat rapidly, is not expensive and will surely help you.

HINTS By MAY MANTON Just such little coats as this one are the best possible for the younger children. They are simple and becoming and can be made without difficulty. Rough cloths are fashionable, but so also are corduroy, velveteen, velvet and the broadcloth that is always desirable for dressy occasions. The plaits over the shoulders give the breadth that is so becoming to childish figures and they also conceal the armhole seams, while the belt under the arms gives a smart touch. In the illustration boucle cloth is trimmed with velvet. Corduroy would be pretty with collar and cuffs of broadcloth, and broadcloth would be handsome with collar and cuffs of fur. For the 4 year size the coat will require 3 yards of material 27, 1 1/2 yards 44 or 52 inches wide with 3/4 yard 1 for the collar and cuffs. The pattern of the coat 7690 is cut in sizes for children of 2, 4 and 6 years of age. It will be mailed to any address by the Fashion Department of this paper on receipt of 10 cents.
