

TOKYO MURDERED BY MOB, STILL IN TENSE SITUATION

Troops Patrol Streets and Guard Government Palaces Following Day of Political Riots, in Which Six Are Killed and Fifty-six Injured in Armed Clashes

PREMIER IS STONED; CABINET IN CRISIS

Police Stations, Tram Cars, Private Buildings and Paper Offices Burned by Infuriated Crowds—Japanese Capital Remains Restless and Fears Martial Law

TOKYO, Feb. 10.—Six persons were killed and 55 seriously injured during political riots in Tokyo today. The situation tonight is serious.

The premier of Japan, Prince Katsura, was stoned by a mob in the streets. His resignation has been demanded by the people.

Mobs attacked the offices of the bureaucratic newspapers and threatened the dwellings of the ministers. They burned and wrecked police stations, tramcars and private buildings.

Detachments of troops patrol the streets. Each newspaper office is protected by a guard of 50 soldiers, to whom ball cartridges have been served. They have their bayonets fixed for instant use.

MARTIAL LAW THREATENED

The minister of the imperial household announced that martial law will be proclaimed if there are any further attempts at incendiarism.

A mass meeting was held this afternoon in Tanyan park, in the center of the city. The mob started from there to attack Prince Katsura's dwelling. Police with drawn swords drove them back.

The police charged several times, wounding many of the demonstrators. The crowds reassembled around the building of the newspaper Kokumin Shimbu with the intention of burning it. The staff of the newspaper offered strenuous resistance with firearms, swords and knives.

One of the rioters was killed by a bullet fired from the building. This only served to infuriate the mob, which then looted the oil shops and attacked the offices of other newspapers.

MOB AROUND DIET In the second attack on the Kokumin Shimbu building bundles of straw were set on fire and thrown within. The fighting became desperate. Two more persons were killed and more than a score wounded.

Earlier in the day great crowds collected outside the diet, where strong forces of police were drawn up to protect the members.

The disorders began with the throwing of missiles at the police. Several times throughout the morning serious collisions ensued. Three persons were killed and 25 wounded in that neighborhood. Many police were injured by the stone throwing.

Strong pressure is being brought to bear upon the cabinet for its resignation, and it is expected that the ministers will resign before the diet reassembles three days hence.

PEOPLE RESENT INTERFERENCE

Marquis Saionji, the former premier, resigned the presidency of the constitutional party out of respect for the throne. It having been the emperor's expressed wish that Premier Katsura be not opposed in his present course. The constitutional party resolved this morning, practically unanimously, to fight the government to a finish.

Many resent Prince Katsura's attempt to break up the opposition by his ministry by use of an imperial rescript addressed to Marquis Saionji, hence the popular demand for his resignation.

Marquis Saionji was summoned to the palace by the emperor. The crisis is the result of the firm attitude in the diet of the constitutionalists and liberals, who refused to follow the example of Saionji in withdrawal of the recent vote of lack of confidence in the government.

The cabinet's only step to meet this opposition was an immediate dissolution of the diet, but the minister of marine, Admiral Baron Minoro Saito, refused to sign the recommendation for this action and the resignation of the cabinet became imperative.

Troops of the Tokyo garrison were called out and soldiers were put on guard around the residences of Premier Katsura and the other members of the cabinet.

NO GAMBLING SQUARE AVERS "HONEST DAN"

Lieutenant Costigan Tells New York Aldermen All Games Are Crooked

NEW YORK, Feb. 10.—No gambling house in this city is "on the level" and men who play the games are "up against it" because of crooked dealing. So testified Police Lieutenant "Honest Dan" Costigan, referred to in both the Rosenthal and present police investigations as an honest officer. Costigan was a witness today before the aldermanic committee inquiring into local vice conditions.

"Costigan, a "strong arm squad" raider of gambling and other "underworld resorts," told how he was assigned to spy work that he disliked, but considered necessary, on officers ranking from lieutenant upward. He reported directly to Commissioner Waldo, he said, because there were some officers whom he "didn't believe to be straight." He reported that some captains and inspectors were grafting. In his opinion, but no inspector was demoted and captains merely were honored, he said.

HONORS TWO REQUISITIONS

Governor Johnson Permits Prisoners to Be Sent to Buffalo and Idaho SACRAMENTO, Feb. 10.—William Wheeler, a former soldier in the United States army, under arrest in Los Angeles, must return to Buffalo, N. Y., on the charge of abandonment of children, a requisition having been honored by Governor Johnson today. His wife brought the charge. Roy Lackey, under arrest in Oakland, must return to Idaho to answer to the charge of burglary.

A New Life-Saving Station Right in the heart of the city at 537 Butler bldg. The Physicians and Surgeons' Telephone Exchange, where the public can get the doctor, or will get up any hour, day or night, by calling up number 1424.—Advt.

Mrs. Cleveland a Bride Ceremony Is Simple

Mrs. Thomas Jex Preston Jr., who formerly was Mrs. Grover Cleveland. President's Widow Becomes Wife of Prof. T. J. Preston

(Special Dispatch to The Call) PRINCETON, N. J., Feb. 10.—It is Mrs. Thomas Jex Preston Jr. now instead of Mrs. Grover Cleveland.

President Hibben of Princeton today united the widow of the former president and the professor of Welles college, who had won her heart, in matrimony at the Hibben residence here.

Like the bride's whole life, the utmost simplicity was observed. The Protestant Episcopal service being used. Due to the recent illness of Mr. Preston, the wedding was private and no announcement cards were sent out.

In addition to the immediate members of both families, those present were President and Mrs. Hibben, Miss Elizabeth Hibben and Dean Andrew West of Princeton graduate school. The wedding breakfast was served immediately after the ceremony.

The bride wore a white silk gown and carried a bouquet of white Killarney roses. The room in which the ceremony was performed was prettily decorated with palms, but everything was simple.

SERVANTS SEE CEREMONY

Professor Preston and the members of his family, including his father and Mr. and Mrs. Thomas Preston of Aurora, N. Y., his brother in law and his sister, Mr. and Mrs. John Hoppen of South Orange, N. J., and his other sister, Mrs. Florence Preston Jones of South Orange, arrived in Princeton this morning and went directly to "Prospect," where Mrs. Cleveland and members of her family were already assembled.

The members of Mrs. Cleveland's family included her debutante daughter, Esther, who came here from school in Connecticut, and her two sons, Richard, who attends the Exeter academy, and Francis.

The Cleveland-Hibben household retainers greeted the couple and were witnesses of the marriage.

Mrs. Perrin, mother of the bride, was not present. She is in Bermuda and

QUICK RESPONSE TO CALL OF FAIR

These States Will Erect Grand Buildings; 19 Have Bills Pending Idaho, West Virginia and New Mexico Take Steps For Exhibits

Three more states sent cheering messages yesterday to Colvin Brown, chief of the department of domestic exploitation of the exposition. One was from Boise, Idaho, another from Santa Fe, N. M., and the third from Charleston, W. Va.

The messages, which are self-explanatory, follow:

BOISE, Idaho, Feb. 10.—Representative Weems has introduced in the legislature a bill appropriating \$100,000 for Idaho's participation in the Panama-Pacific exposition. The bill makes \$25,000 immediately available. The amount is made available on January 1, 1914, and the remaining \$75,000 on September 1 of the same year. The bill further authorizes boards of supervisors to levy a special tax for the purpose of enabling counties to collect exhibit material. A commission of three is provided to be appointed by the governor.

SANTA FE, N. M., Feb. 10.—New Mexico will be represented at the Panama-Pacific exposition with a building and exhibit that will cost \$100,000. A bill that has been introduced by Senator R. L. Baca becomes a law. It is proposed to erect a replica of the old governor's house at Santa Fe.

CHARLESTON, W. Va., Feb. 10.—A resolution has been introduced authorizing the committee on taxation and finance to incorporate in the general appropriation bill an item of \$75,000 to provide for a building and exhibit at the Panama-Pacific exposition.

Bills for varying amounts also have been introduced in the legislatures of the following states:

Table listing states and amounts: Oklahoma \$125,000, Tennessee \$50,000, Iowa \$125,000, Colorado \$50,000, Montana \$100,000, Washington \$500,000, Ohio \$200,000, South Carolina \$20,000, Indiana \$100,000, Arkansas \$50,000, North Carolina \$50,000, Minnesota \$150,000, Nebraska \$50,000, Missouri \$100,000, New Jersey \$25,000, Oregon \$500,000, Wyoming \$150,000, Kansas \$100,000, North Dakota \$25,000.

The information from various counties in California is quite as satisfactory to the exposition officials, Rufus Rockwell Wilson, member of the Chamber of Commerce of Eureka and of the exposition commission of Humboldt county, says that people in his part of the state are ultra enthusiastic about the fair.

David M. Dunne, collector of internal revenue for Oregon and a prominent manufacturer of that state, is visiting relatives in San Francisco. He says that Oregon is certain to appropriate at least a quarter of a million dollars for a building and exhibit.

EAST HOLDS THIS CITY IN HIGH TRADE ESTEEM

P. T. Carroll Returns Home, Convinced of City's Future Importance

Paul T. Carroll, director of the Chamber of Commerce, returned yesterday from Washington, where he attended the first annual convention of the Chambers of Commerce of the United States as a delegate from this city.

Mr. Carroll brought news of the success of the convention and of the important part the national organization promises to play in the betterment of conditions that would be the most helpful for the entire nation, especially in a business sense.

With A. H. Averill of Portland, Ore., Mr. Carroll was elected to the board of directors. He also was honored by being placed on the resolutions committee.

Among the measures acted upon by the convention was the question of a currency reform, international bills of lading, vocational training, a permanent tariff commission, civil service reform and the merit system for the consular service.

Mr. Carroll said the indications were that J. D. Lowman, former president of the Seattle Chamber of Commerce, would be elected one of the vice presidents of the national body.

During his absence Mr. Carroll visited several Atlantic cities and every where he found evidence of the high esteem in which San Francisco was held as one of the nation's big commercial centers.

The San Francisco delegate attended a banquet in Philadelphia, where he was asked what Philadelphia could do for the exposition city. Mr. Carroll replied that the greatest thing Philadelphia could do for the fair would be to send the liberty bell to the coast.

ONE BLAST UNCOVERS ORE

Nevada Prospector Believes He Has Recovered Famous Wedekind Vein

(Special Dispatch to The Call) RENO, Nev., Feb. 10.—Twelve years ago Al Price and Edwin Arkell sank a shaft to a depth of 150 feet in the Wedekind district without finding a trace of pay ore.

Last Saturday Steve Currie, an old time prospector and miner, fired one round of shots in the same shaft and uncovered a vein of ore which runs nearly 40 to a ton and which is thought to be the main vein of the famous Wedekind district, which some years ago turned out ore valued at \$1,000 a ton.

Later the vein was lost and former Governor John Sparks put a fortune in the mine without securing any returns.

NEW ELKS' LODGE LIKELY

Sacramento Organization Said to Favor Grant of Charter

(Special Dispatch to The Call) WOODLAND, Feb. 10.—A lodge of Elks in this city is practically a certainty.

Deputy District Grand Exalted Ruler Richard Belcher of Marysville recently investigated local conditions. Today C. E. Mahoney, Charles Rippon and William Haub of the Sacramento lodge were in town. They will make a report to the grand exalted ruler. The lodge is being entertained by a committee of representative business men of this city, who desire to be charter members of a local lodge.

It is stated authoritatively that the Sacramento Elks will recommend that a lodge be established in Woodland.

WILSON REJECTS CASTRO

President Elect Refuses to Grant Venezuelan an Interview

TRENTON, N. J., Feb. 10.—President elect Wilson has declined to grant an interview to former President Castro of Venezuela, who recently was released by the United States district court in New York from detention as an undesirable alien, pending decision on a writ of habeas corpus. Castro asked that Mr. Wilson see him at the statehouse tomorrow. So far as can be ascertained, no reason has been assigned by the president elect for declining to meet the Venezuelan.

Petition in Bankruptcy—William H. Pope a railroad employe, at Roseville, filed a petition in bankruptcy yesterday. His liabilities are scheduled at \$94, with no assets.

LIQUOR LAWS ARE MANY IN NUMBER

Twenty Measures Are Introduced for Regulation of Traffic in State

Senator Kehoe Would Keep Grounds of Exposition Free From Drink

SACRAMENTO, Feb. 10.—Liquor legislation promises to be one of the troublesome questions to be handled by the legislature when it reconvenes March 10, if "wet and dry" bills introduced find support.

About 20 bills were introduced in the first half, but the hard fight probably will be over those presented to the assembly by Ryan and Morehouse, and in the senate by Owens and Anderson, proposing amendments to the Wyllie local option law, under which hundreds of saloons have been put out of business.

Senator Kehoe's bill to prohibit the sale of liquor on the grounds of the San Francisco and San Diego expositions also will be the cause of much contention.

HOTELS MIGHT SELL

The twin bills introduced by Assemblyman Ryan and Senator Owens would amend the Wyllie law to permit the sale of intoxicants in hotels in "dry" territory. On the other hand, more stringent regulation is provided for in bills introduced by Assemblyman Moorehouse and Senator Anderson, who would amend the existing law to

10 Women Hurt in Church Floor Falls at Funeral

ST. LOUIS, Feb. 10.—Ten women were hurt today when the floor of the Calvary Methodist Episcopal church collapsed just after a funeral party had passed out of the building. The women were plunged through the floor into the basement eight feet below. The accident was due to the dry rotting of the joists under the vestibule floor.

make the county the local option unit, instead of the supervisorial district. These bills also provide that incorporated towns of 5,000 or less inhabitants shall be included in the county unit.

Other saloon regulation measures include the following: MANY OTHER MEASURES

By Assemblyman Wyllie—Prohibiting the sale of liquor within four miles of a military or naval reservation, except when within the limits of an incorporated city, in which case the limit is set at one mile.

By Bill—Assembly bill 615, and Butler, senate bill 672, making general the so-called Stanford law by creating a dry zone of one and a half miles around all universities regardless of the number of students registered.

By Butler—Senate constitutional amendment prohibits the selling or giving away, except to guests in one's home or in hotels where there are not less than 25 tables, or in restaurants where there are not less than 25 tables, or at regularly licensed clubs of not less than 100 members and dining room in connection of not less than 25 tables, of intoxicants in quantities that such intoxicants shall be sold only in original packages with the seal unbroken, and no portion of the contents can be consumed on the premises where sold.

Senate bill 84 (Danford) requiring all saloons to secure licenses from the state.

Assembly bill 1620 (Ferguson) prohibiting the sale of intoxicants within three miles of any university farm, at Davis and increasing the present "dry zone" around the University of California from one to two miles.

Assembly bill 1778 (Bloodgood) prohibiting saloons within 600 feet of any public school in cities governed under charters.

NEW LIFE INJECTED BY ADDITION OF MEMBERS

Phelan Building Mass Meeting Selects Active Workers for Weller Recall

New life was injected into the crusade for the recall of Police Judge Weller yesterday afternoon at a mass meeting in the Phelan building when the movement was strengthened by the addition of many competent women to the executive board and to subcommittees.

Representatives from various women's clubs were present. The civic section of the To Kalon club, the Progressive Women's league and the Women's Political league were represented by delegates. A resolution from the Mission Mothers' union favoring the recall of Judge Weller was read.

An "experience meeting" will be held Friday evening at 8 o'clock at 825 Bush street by the New Voters' club, just organized by members of the former Votes for Women club. The recall of Judge Weller will be the chief topic for discussion.

The petitions will be in within a week. If at that time it is found that there are not enough names of bona fide voters, 10 days will be left in which to secure them.

Following are those added to the committees:

- Mrs. Burns Macdonald, Mrs. E. M. Highy, Mrs. Hampton Field, Mrs. F. Thompson, Miss S. Field, Mrs. Austin Sperry, Mrs. Rodney Ringrose, Mrs. Helen Todd, Mrs. Philadelta Michel, Mrs. L. Culver, Mrs. Angela Jones, Mrs. M. V. Ballard, Mrs. J. L. James, Mrs. Philip Bancroft, Mrs. Norman Pendleton, Father Lathrop.

ROYAL Baking Powder. The only Baking Powder made from Royal Grape Cream of Tartar, and absolutely pure. Gives to food that peculiar lightness, sweetness, and delicious flavor noticed in the finest bread, cake, biscuit, rolls, crusts, etc., which expert pastry cooks declare is unobtainable by the use of any other leavening agent.

A Money King Said. "There are many opportunities giving no security, there is large security offering little profit, there are few opportunities with security and profit. These seldom unite, but when they do—success follows." They are united in the 8 per cent Preferred Stock of the PRUDENTIAL LOAN SOCIETY.

PRUDENTIAL LOAN SOCIETY. THE PRUDENTIAL LOAN SOCIETY is a million dollar corrective loan society, with headquarters in San Francisco and operating in Oakland and Sacramento, and loaning on diamonds, jewelry, watches and other acceptable security at from one to two per cent per month. The officers of the Company are men well known in this community. They are: President ISSAC P. ALLEN, Manager Canton Bank. Vice President WM. J. CONROY, Pac. Coast Mgr. Hungerford Brass & Copper Co. Secretary CHAS. W. EDGUMBE, Pres. Cypress Lawn Cremation Co. Treasurer JOHN C. WUNDER, Capitalist. Attorney EDMUND TAUSZKY, Attorney Associated Oil Co. Business Manager MAX MORGEN, Jeweler, Market Street. The San Francisco office will be open for business February 15, 1913, at rooms 246-48 Phelan Building, and the other offices will be opened as quickly as conditions warrant. An investment in the 8 per cent Preferred Stock of the PRUDENTIAL LOAN SOCIETY combines safety and profit because: First—From the earliest history of civilization, the loaning of money has been the most profitable business engaged in by mankind. Second—Railroad, industrial, real estate and other bonds or stocks fluctuate with a rising or falling market, with an enhancing or deteriorating property; but gold is gold, silver is silver, and a diamond is a diamond the world over. Third—In this business there are no expensive factories to build, no machinery to buy, no inventions to perfect, no extensive patent rights to be acquired, nor to be infringed upon or improved upon, no holes to be dug in the ground with possible fruitless results, no perishable goods to spoil, no real estate to depreciate in value and no dull seasons. As long as there are people it goes on. Fourth—In no other field of investment is the safety of the capital employed so absolute as loans upon diamonds, gold and silver. The Prudential Loan Society loans 50 per cent of the appraised value, while these loans are passed upon by the best appraisers on the Pacific Coast under surety bond. Every dollar loaned by the Prudential Loan Society will earn on an average from 12 to 24 per cent per annum. There is no depreciation and no loss, because every dollar of interest as well as principal is secured by double collateral of absolute value. Ask a New York man concerning the Provident Loan, a Boston man of the Collateral Loan, or a Philadelphia man of the United States Loan, or similar companies, and he will tell you these companies, backed by such men as Schiff, Rockefeller, Bannard, Crimmins, etc., have not only done a work of good, but are such tremendous financial successes that it is impossible to secure stock in any of them. The Provident Pledge Corporation, recently organized by the Pierce-Kennedy Company and operating in Los Angeles, has proven a wonderful success, not only from the standpoint of good accomplished, but though it only began loaning money on July 5th last, it is already on a dividend paying basis. The Prudential Loan Society, with the larger field of San Francisco, Oakland and Sacramento, should do even better. There are special reasons why you should make an investigation and investment at this time. It is most decidedly to your advantage that you act at once. Let us tell you why. Address all communications or fill out the coupon and mail to PIERCE-KENNEDY CO., 401 First National Bank Building, San Francisco, Cal.—Gentlemen—Please send me, without obligation on my part, full information in regard to the Prudential Loan Society's Special Offer. Name, St. & No., City, State.
