CAIRO IS CUT OFF; FEAR FELT THAT CREST HAS SWEPT LEVEE

GOVERNOR DUNNE BUSY MOBILIZING ILLINOIS TROOPS

Executive Personally Directing Work of Rushing Supplies—Naval Reserves on Way to Threatened City in Motor Boats—The Dayton Situation Summarized

SIGHTSEERS' CARS ARE COMMANDEERED

Without Household Goods, 20,000 Persons Need Care Indefinitely—Half a Million Dollars Could Be Easily Used in This Way by the Relief Committee

BULLETIN
SPRINGFIELD, Ill., March 30.—Just before midnight the governor received a message from Cairo that the water was within one foot of the top of the levee which protects the city and that the river was still rising. Bernard Lamb of Junction, Gallatin county, has wired for 100 tents for refugees. E. C. Fletcher of Memphis has wired for 50 tents for homeless people there. Adjutant General Dickson arranged to start the Seventh regiment from Chicago at midnight. Sixty engineers of the Chicago naval reserves have been ordered to take with them six power boats to Cairo.

BULLETIN
PITTSBURGH, Pa., March 30.—Reports reached here this morning from various West Virginia points that Huntington, W. Va., was safe. All are believed incorrect. Huntington, however, has been cut off from all communication since midnight. Shortly before 12 o'clock last night Charleston, W. Va., was in telephone communication with Huntington. At that hour there was no fire in Huntington.

BULLETIN
MEMPHIS, Tenn., March 30.—At 12:15 o'clock this morning the Cairo office of the Postal Telegraph company reported the levees about that city still intact. CAIRO, Ill., March 30.—Trainloads of persons left Cairo today following receipt of news that the Ohio river was expected to reach a higher stage than in the disastrous flood of last spring. R. T. Lindley, the local weather forecaster, issued a statement, saying: "As a prudential measure, it is advisable that women, children and the infirm seek more secure refuge."

The Ohio tonight reached 51.3 feet. An appeal was sent today to Governor Dunne for help and he responded that he would send 1,000 men, 200 national guardsmen, 10,000 rations and 200,000 sacks. The Cairo executive flood committee late tonight sent an appeal to President Wilson asking for aid for Cairo and towns nearby. The message in substance is as follows: "The worst flood ever known in the Ohio valley and the Mississippi is now expected. All previous high water records from Cairo south may be broken in a few days. We are making every effort in our power to take care of the local situation, but the river communities near us should have assistance. Boats, sacks, food and other supplies are needed. May we not have the help of your great office for this district?"

FOOD IS NEEDED FOR FULLY 40,000
DAYTON, O., March 30.—Here is the problem presented to Dayton tonight, as summarized by George F. Balba, secretary to Governor Cox, and representing the latter here: "Forty thousand persons must be fed, clothed and housed for a week more. Twenty thousand persons must be cared for indefinitely. These are persons who lost all when their household goods were swept away. They must be provided with a few necessary household articles, such as bedding, pots and pans, stoves and a few dollars. A half million dollars could be used in this way by the relief committee. FIFTEEN THOUSAND HOUSES MUST BE REBUILT. Fifteen thousand houses and business buildings must be rehabilitated. Two thousand houses and other structures, or what remains of them, must be pulled down. Thousands of tons of debris must be removed. It is reported there have been at least 11 men shot and killed by guardsmen, 16 of them negroes. Whether that number covers all that have been caught looting and summarily executed can not be ascertained yet, because the records on this phase of the flood aftermath are in the hands of the military authorities. Seven negroes are reported to have been shot Friday night, and nine

TWO MEN, FORTY CENT MIRROR, AND NOW HE'S OUT \$59

"Change \$20?" "Sure." They Take It Back, Trade More Bills and Go With Looking Glass

(Special Dispatch to The Call)
CHICAGO, March 30.—A. F. Taylor, an upholsterer who finished his study of arithmetic in school years ago, took another lesson. It was not voluntary. Neither was it profitable. Two young men drove up in an automobile and priced a mirror back of the counter. They found it cost 40 cents, and one tossed over a \$20 bill with apologies. Taylor assured him no apologies were necessary, and counted out \$18.60. Then he discovered his mistake and started back for another dollar. "Never mind," said the second customer. "Here's a five; give me four." Taylor did. That put him \$2 ahead and he ought to have quit, but he didn't. The first suddenly found 40 cents in a vest pocket and handed that over, asking for his \$20 bill back. While the upholsterer was trying to figure out where that left him, No. 2 asked for two fives in exchange for a ten, then two tens in exchange for a five, then— "But that's as far as Taylor remembers. When the unhappy upholsterer recovered he found he was out \$59 and a 40 cent mirror. He is seeing mirrors and amiable young men in cubist and other post impressions. He saw no futurist impressions of the money. He is convinced that is past. The bright young men have not been found."

WILSON SUMMER HOME IN GREEN MOUNTAINS

President Picks the Winston Churchill Residence Near Windsor, Vt.—Tennis Court There
CORNISH, N. H., March 30.—President Wilson has chosen the home of Winston Churchill, the novelist, to be his summer capital, according to a telegram received here today from Mr. Churchill, who now is in Santa Barbara, Cal. The message contained instructions for getting the place in readiness for the president's occupancy. Harla Benden house, as the Churchill property is known, is a two story brick structure situated on a hill three miles beyond Windsor, Vt. It commands a view of the Connecticut River valley and of the Green mountains. Between 600 and 700 acres of rolling farm land and fragrant pine groves give the estate the seclusion the president desires. A tennis court adjoins the house.

MRS. EATON TO BECOME SEAMSTRESS OF PRISON

Wife Accused of Poisoning Admiral Is Granted Request That She Be Allowed to Work
(Special Dispatch to The Call)
PLYMOUTH, Mass., March 30.—Mrs. Jennie May Harrison Eaton, accused of the murder of her husband, Admiral Joseph G. Eaton, attended divine services in the guardroom of the jail today and appeared deeply interested in the sermon and singing. The first request that she made when she reached here as a prisoner—that she be allowed to work—was granted today by Sheriff Henry Porter. He announced that while in jail she will be allowed to sew, mend and patch the prison uniforms and assist in the making of bedclothes if she so desires.

ILLINOIS CENTRAL RAILROAD

Regardless of any report to the contrary, is prepared to handle Pacific coast traffic, both freight and passenger, on schedule time between Omaha or Council Bluffs and Chicago, also between Chicago, St. Louis, Memphis and New Orleans, being affected by floods only at Indianapolis. C. Haydock, general agent, 23 Powell street. Phone Kearny 1151.—Adv.

SONORA REBELS SEIZE MEXICAN DIVISION OF S. P.

Officials of Line Notified That Insurrectos Will Operate Road Until Further Notice

FORMER CONDUCTOR BECOMES MANAGER

Los Angeles Office Learns of Change When New Time Table Arrives

(Special Dispatch to The Call)
LOS ANGELES, March 30.—Sonora insurrectos have appropriated the Southern Pacific of Mexico and have issued an ultimatum to all officials that until further notice the road will be handled by them. This fact became known here today, when Southern Pacific officials received copies of timetable No. 1 of the Nogales division of the Ferrocarril de Sud-Pacífico de Mexico, issued by F. H. Kuhn, a former Southern Pacific conductor, now allied with the insurrectionists. In the new timetable, which includes the rebels' rules of the road, employees are forbidden to accept other than cash for transportation over the road. Major Hine, vice president and general manager of the road, when he was in Los Angeles several days ago, said that the seizure of the road was hourly expected. He further stated that a half million dollars in damage had been done the road within a year. The Southern Pacific in Mexico has 1,100 miles of track, of which 600 miles is in direct control of the revolutionary interests.

FORMAL PROTEST IS MADE BY MEXICO

MEXICO CITY, March 30.—The Mexican government has made a formal protest to the American government against the shipping of arms and ammunition from the United States to the rebels and has requested that greater vigilance be exercised in guarding the frontier. Mexican officials understand that numerous consignments of war material, including many machine guns, have been sent across the border, in some cases even at the regular ports of entry, and now are in the hands of the rebels. It is pointed out by the same officials that since the rebels control a large part of the frontier, this country is dependent absolutely for the time being on the United States to prevent the rebels from obtaining supplies. That the rebels are securing quantities of ammunition appears to be a fact. SUCCESES FOR REBELS. No notable improvement in the revolutionary situation is apparent. The greater successes in recent days are credited to the rebels, although severe punishment in minor engagements has been inflicted on the adherents of Venustiano Carranza near Monterrey. The report that Carranza and his chief lieutenant, Major Carras, have been captured has not been confirmed. The followers of Carranza apparently are not as well organized as those of Maytorena in Sonora, but numerous bands are harassing a wide area throughout Coahuila and Nuevo Leon. The new organization of rebels in Durango and San Luis Potosi is greatly hampering the federals.

BULGARIANS LEAVE 1,000 MORE OF SLAIN ON FIELD OF BATTLE.

FALL OF ADRIANOPLE CAUSES DEEPEST DEJECTION ALL OVER TURKEY
CONSTANTINOPLE, March 30.—The Bulgarians left 1,000 dead on the field after the engagement yesterday west of Biyuk Chekmede, according to an official report. The Turks also found 400 rifles and large quantities of entrenching tools. Since this engagement all has been quiet along the Tchatalja lines, as well as at Bulair. The Turks believe the Bulgarian offensive action at Tchatalja was intended to prevent any Turkish demonstration during the attack on Adrianople and that the Bulgars will not attempt to pierce the lines, which recently have been strengthened by the addition of heavy siege guns. The fall of Adrianople has caused a feeling of the deepest dejection in all sections, which has tended to increase the unpopularity of the government. A message from the British vice consul at Adrianople states that the consul and foreign communities are safe and well. His report says that the Bulgarians took only 16,000 prisoners, the rest of the garrison being in hiding. It is expected that the powers' note on the subject of mediation will be presented to the porte tomorrow.

CHICO IS A SPOTLESS TOWN

HAY WAGONS FILLED WITH DEBRIS PARADE ON CLEANUP DAY
(Special Dispatch to The Call)
CHICO, March 30.—The biggest and most thorough cleanup in the history of Chico took place yesterday under direction of the Chico Civic center. It was the second of an annual event. A hundred teams and horses and 1,000 persons participated. The feature was the parade of big hay wagons full of debris and rubbish.

TRAIN RUNS INTO RIVER

SEVEN PERSONS SLIGHTLY HURT IN NEW YORK CENTRAL ACCIDENT
(Special Dispatch to The Call)
NEW YORK, March 30.—Heavy up state floods caused the New York Central rails to spread along the Mohawk river early today near Yosts, N. Y. The Buffalo Express ran off the track and two Pullmans and a day coach dived over the embankment into shallow water. Seven persons were slightly hurt.

OAKLAND MAN A BENEDICK

Bernard Cabrel Weds Eva George of Santa Clara
(Special Dispatch to The Call)
SANTA CLARA, March 30.—Miss Eva George of Santa Clara and Bernard Cabrel of Oakland were united in marriage here this afternoon in St. Claire's church by Rev. Father Raggio. They were attended by Miss M. V. Leal of Oakland and Laurence Hendricks of Evergreen.

DUKE AND DUCHESS TO PART

Wife to Be Given \$70,000 a Year Duke and duchess of Westminster, who have arranged a separation.

Westminsters Estranged by Her Photographs With a Professional Skater

(Special Cable to The Call)
LONDON, March 30.—Another dual Cornwallis-West when she married the duke, who is reputed to be the richest of English peers and is one of the great land owners in the west end of London. The two children, Lady Ursula, aged 11, and Lady Mary, aged 3, are to divide their time equally between the parents. Photographs published this winter in the papers showing the duchess hand in hand on the ice and waltzing and tobogganing with a professional skater at Wengen are believed to have precipitated the separation.

FRIEDMANN AWAITING A DEATH AS PROOF OF TUBERCLE DIAGNOSIS

(Special Dispatch to The Call)
NEW YORK, March 30.—Dr. F. F. Friedmann is expecting a death in three months as the result of an inoculation made by him today at the Montefiore home for incurables. Asked about it tonight, he smiled and rubbed his hands with satisfaction. "In three months," he said, "just wait and see." He was speaking of a guinea pig which received an injection not of tubercle germs, but of pus drawn from a tubercular elbow. While the doctor was treating 10 patients at the home today a question arose as to the diagnosis of a patient who had pulmonary tuberculosis, but who also had a sore on the elbow. Doctor Friedmann contended that the sore was tubercular; another physician, it was said, denied it. The sore, some suggested that a guinea pig be brought from the Montefiore laboratory and a test made. Vaccine Will Be Tested. WASHINGTON, March 30.—An investigation of the merit of Dr. von Ruck's anti-tuberculosis vaccine will be undertaken by Surgeon General Stokes of the navy and the public health service, and it is expected that the experiments will arouse as much interest in the medical world as the Friedmann tests.

INDIAN HAS DOCTOR HELD

(Special Dispatch to The Call)
CHICO, March 30.—On complaint of an Indian of the Klamath reservation, Dr. Chester Warren of Red Bluff was arrested here and released under bonds to appear at Red Bluff for a hearing. Warren denies he is guilty of malpractice.

J. P. MORGAN LIES SILENT ON HIS BED WITH DEATH NEAR

Financier, Speechless and Unable to Take Nourishment, Apparently Does Not Realize Fate—Physicians in Bulletin Say He Is Weak and His Condition is Extremely Serious

MONEY KING'S PULSE IS FAILING RAPIDLY

Patient, Losing Power to Swallow, Has Eaten Nothing Since Wednesday—Victor Emmanuel, Remembering Return of the Famous Ascoli Cope, Sends Inquiry as to Health

ROME, March 30.—J. Pierpont Morgan is in a most serious condition. This was the official announcement made today by his physicians. He has been unable to take any nourishment for several days and his weakness has given rise to gravest apprehension. Up to last night, Mr. Morgan's son in law, Herbert L. Satterlee, and the physicians made every effort to conceal Mr. Morgan's true condition. The bulletin issued tonight indicates that the worst is to be feared unless a reaction speedily sets in. M. Allen Starr of New York, a noted nerve specialist, was summoned from Naples. Dr. Starr already had examined Mr. Morgan. He reached here last night and has visited Mr. Morgan three times since then. Professor Giuseppe Bastianelli and Dr. George A. Dixon also were in attendance. SERIOUS, SAYS BULLETIN. The physicians, who are in complete accord on the diagnosis, issued the following bulletin: "A week ago Mr. Morgan was persuaded to go to bed and remain there, to conserve his strength. Until Wednesday afternoon he did not sleep well without the aid of drugs, but took a satisfactory amount of nourishment. Wednesday afternoon he began to refuse food and since then it has been impossible to nourish him. He has lost weight and strength rapidly. His nervous system is showing this, and it has added to the strain seriously. Mr. Morgan has not developed any organic trouble, but is exceedingly weak that his present condition must be considered most serious. G. BASTIANELLI. "M. ALLEN STARR. "G. A. DIXON."

The only nourishment which the patient has been able to receive for several days has been through injections. Doctor Starr was startled at the change in Mr. Morgan's appearance since he saw him a short time ago in Naples and was much concerned again over the change which took place last night. There are four nurses from the Anglo-American Nursing home in attendance. Mr. Morgan's pulse gradually is becoming weaker. The insomnia from which he suffers is being combated by drugs, but the narcotics are having a pronounced effect on his heart. The most distressing symptom for those surrounding him is the patient's complete silence. For this reason it has been impossible to say whether he now realizes his condition. The last words uttered by Mr. Morgan were a request to have his legs massaged. FINANCIER CAN'T SWALLOW. All attempts to make the patient swallow anything, even water, have been in vain. The physicians explain

GUINEA PIG INOCULATED WITH GERMS FROM PATIENT TO SETTLE CONTROVERSY

(Special Dispatch to The Call)
WASHINGTON, March 30.—An investigation of the merit of Dr. von Ruck's anti-tuberculosis vaccine will be undertaken by Surgeon General Stokes of the navy and the public health service, and it is expected that the experiments will arouse as much interest in the medical world as the Friedmann tests.

THE SOFT GLOW OF SHADED CANDLES, THE GLEAM OF SILVER AND GLASS—AND MELLOW MINTS

an ideal setting for a dinner of two or twenty.

These little cubes of cream candy, exquisitely flavored with peppermint make a perfect after dinner candy.
