

LEAGUE CADETS RENEW PLEDGES OF TEMPERANCE

Seventeen Hundred Young Men and Boys Give Their Vows in St. Mary's Cathedral

IMPRESSIVE CUSTOM, LONG ESTABLISHED

Attendance of Friends Largest in History of the Organization

Seventeen hundred young men and boys, members of the First regiment, League of the Cross cadets, and of the junior branches of the organization, renewed their pledges of temperance yesterday afternoon in St. Mary's cathedral in the presence of several thousand of their friends.

Deeply impressive was the sight of the cadets assembled in the church to renew the solemn vow in accordance with an annual custom established years ago. The attendance of friends and former members of the cadets was probably the largest in the history of the organization, the galleries and aisles of the church being closely packed.

Right Reverend Edward J. Hanna, auxiliary bishop of San Francisco, delivered the sermon to the cadets, in which he congratulated their chaplain, Rev. Father Collins, and themselves on the strength of manhood shown in renewing the pledge of abstinence. The bishop further exhorted the young men to try to realize the power of Christian manhood and to continue the fight against evil.

Impressing upon the cadets that as members of the younger generation they must take up the standard of femininity when it is laid down by the older men, Bishop Hanna said: "To you we must commit the battle that right and truth and purity may prevail."

PRECEDED BY A PARADE

The solemn rites in the cathedral were preceded by a parade from New Montgomery and Market streets, and followed by a review of the cadets by Colonel John L. Flynn, who was recently appointed commander of the regiment. As they stood at attention before the cathedral in Van Ness avenue the line extended two blocks. Motion pictures were taken of the spectacle as the seven companies comprising the First regiment passed in military review.

The formation was as follows: Company First, consisting of Companies B, C, M and L, in command of Major Frank Grimley.

Second battalion, consisting of Companies N, O, and P, in command of Major Hugh J. Leonard.

Serra cadets, 100 strong, in command of Captain C. Williams.

Colonel Flynn was attended by his staff officers with the regimental adjutant, Captain Milo F. Kent, Lieutenant Colonel James P. Martin, who was in command during the review.

Preceding the formation at New Montgomery and Market streets at 2 o'clock was held the ceremony of escorting the regimental colors from the headquarters by Company M, in command of Captain J. H. Sprague, accompanied by field music. The parade was escorted by mounted police.

ROUTE OF THE MARCH

The line of march was up Market street to Golden Gate avenue, thence north on Van Ness avenue to the cathedral. The cadet band, under the leadership of Prof. F. C. Schorch, furnished music. There were in line the First regiment, I. G. C., comprising 600 men; the junior branches of the organization, 1,000 boys, including boys from St. James school, and the Serra cadets, 100 strong.

The services in the cathedral were opened by the hymn, "Come, Holy Ghost, by the cadets and junior branches. This was followed by a prayer by Rev. Father Collins, chaplain of the League of the Cross, and the renewal of the temperance pledge.

The Rosary was played by the cadet band, following which the benediction was pronounced.

The committee which arranged the ceremony was composed of Lieutenant Colonel James P. Martin (chairman), Captain Bert G. Dougherty, Captain Phil Powers, Captain William Buckley and Lieutenant John Canty.

Four youngsters are traced to San Mateo and arrested on their arrival there with machine.

Accused of stealing a five passenger automobile from in front of the Bellevue hotel, Taylor and Geary streets, late Saturday night, four high school boys, all under 18 years of age, were arrested in San Mateo upon their arrival in that city with the machine a few hours later.

The boys gave their names as Manuel Mandes, 510 Central avenue; Russell Tilley, 742 Divisadero street; Clarence Tierney, 1145 Hayes street, and Ernest Blake, 1647 Grove street.

The machine is the property of D. E. Sternheim, a real estate operator with offices in the Humboldt Bank building, who lives at the Bellevue.

The machine was traced to San Mateo, and the police wired ahead in time to stop the fleeing youths there. They were taken to Redwood City and brought back to San Francisco and placed in the juvenile detention home yesterday to await the action of the juvenile court.

The lads said that the taking of the machine was a prank. The car is a \$2,000 five passenger Cole.

OAKLAND, May 4.—Eight thousand German residents of California gathered today at the German Altheim, picturesquely situated in the slopes of upper Fruitvale, to participate in the annual May festival of the institution, the only affair of the year to which the public is invited.

The May fest this year had a special significance, for it marked the formal opening of the handsome pergola, 50 feet square, which had been constructed of big redwood timbers, painted green to harmonize with the surrounding trees and foliage, on a knoll overlooking the grounds. Here were seated the speakers of the day and the bands, while in a nearby nook were grouped the singing societies. From the pergola in a long semi-circle stretched the prettily decorated booths.

The program for the afternoon was opened by a concert of German and classic numbers by the Columbia Park boys' band of 50 instruments, under the direction of Conrad Horst, and Ritzau's brass band, under the direction of Louis Ritzau, both of San Francisco.

Kuhl, police commissioner of San Francisco, delivered the English oration. He spoke of the great work being done by the Altheim in caring for the aged German people of California.

CIRCUS TAX BOOST LIKELY Supervisors Plan Revisal of Licenses This Week

The board of supervisors is contemplating a revisal of licenses at the meeting this week, according to Supervisor Hillmer, with particular attention to the license under which circuses exhibit in San Francisco.

At present a general tax of \$100 is levied. It is planned to let this tax remain for small shows, but to increase the tax for larger displays. It is likely the assessment will approximate \$500. It is thought that this fee will

be equitable in view of the large amounts taken in by the visiting shows. Other licenses will be acted upon following the report of the police committee of the board of supervisors, which has been gathering data.

Frank Stevenson, a carpenter from Yerba Buena Island, was held up late yesterday afternoon on pier 3 by two men, who took \$125 in gold from him. The watchman saw the holdup men, but did not know they had robbed Stevenson until some time later.
