

REPAIRS TO BROKEN ELECTRIC WIRES

Strikers Present to Mayor Another List of Darkened Arc Lights in City's Streets

PICKET SET FREE AFTER HEARING

Reed Bingham, Accused of Disturbing Peace of Superintendent, Released

Linemen of the Pacific Gas and Electric company worked yesterday repairing broken wires in various parts of the city...

The system is demoralized in Oroville as a result of the burning of the substation. This was caused, according to Vice President and General Manager John A. Britton...

The full force of the short circuit was felt in the Oroville substation. A veritable explosion occurred there, throwing burning oil all over the station...

The effect was far reaching, for shortly after midnight Sacramento was thrown into total darkness. The street lights were lit some time after the company switched on an auxiliary power plant.

The strikers yesterday submitted another report to Mayor Rolph, in which they listed about 100 street arc lights which were dark Sunday night...

"All lights are burning in San Francisco tonight," said Mr. Britton last night. "Our men have been busy all day fixing open circuits. We have no complaint to make of the men in San Francisco. In Oakland a number of our men have been beaten up."

Police Judge Shortall yesterday dismissed a charge of disturbing the peace against Reed Bingham, a picket of the electrical workers, who photographed J. W. Varney, superintendent of station D of the Pacific Gas and Electric company.

Mayor Rolph stated that Bingham snapped him unawares and that he told Bingham he would pay him if he destroyed the films. When Bingham refused, Varney, who arrested him for disturbing the peace.

ULTIMATUM FROM OAKLAND'S MAYOR

OAKLAND, May 12.—That the strike of the workmen of the Pacific Gas and Electric company must not interfere with the lighting of the city was the ultimatum delivered to the company today by Mayor Frank K. Mott.

The same attitude was taken by Chief of Police W. J. Petersen and F. C. Turner, commissioner of public health and safety, who said that all things the lights must be kept trimmed and burning.

STRIKERS TO BRING INJUNCTION SUIT

(Special Dispatch to the Call) SAN JOSE, May 12.—An injunction suit which may tie up the gas ranges of the city, the newspapers and various concerns dependent upon the gas supply will be filed within a few days against the Pacific Gas and Electric company and strike breakers in behalf of the members of the Light and Power union, who are on strike.

Unlicensed engineers operating the local gas plant have been repeatedly arrested for violation of a municipal ordinance, but are free on bail supplied by Manager John D. Kuster and still at work.

The strikers, after a consultation today, decided to employ an attorney to petition for restraining order on the ground that the green operatives are a menace to public safety.

SUBSTATION AT OROVILLE BURNED

OROVILLE, May 12.—A fire of mysterious origin destroyed today a substation of the Pacific Gas and Electric company. The fire, which broke out at 8:00 o'clock, was extinguished by the fire department. The loss is estimated at \$80,000.

The immediate loss will be approximately \$28,000, but the indirect loss may be much larger, for the absence of power has shut down all work on all gold dredgers in the Oroville field, leaving an investment of millions idle.

INJURED MOTORCYCLIST HAS FIGHTING CHANCE

Notwithstanding His Fractured Skull, Attending Physicians Say G. R. Hall May Pull Through

G. R. Hall, a well known shorthand expert, who was thrown from a motorcycle at Golden Gate avenue and Scott street Sunday night, while his companion, Miss Helen Campbell, a pretty woman of 18, was riding on his back, was killed almost instantly when she was dashed against a hydrant, has a fighting chance to recover, according to a statement regarding his condition issued from the St. Francis hospital yesterday.

Miss Campbell was driving the motorcycle and Hall was riding on the rear seat in an automobile driven by Miss Ruth Mullaney, 722 Cabrillo street, crashed into the lighter vehicle. The accident, say witnesses, was unavoidable, as the motorcycle was speeding at a fast rate.

Hall is suffering from a fracture of the skull and is in a critical condition. Mullaney was arrested and charged with manslaughter. She appeared before Police Judge Crist yesterday and the case was continued until May 26 for hearing.

RESCUES SLEEPING FAMILY

Mother and Four Children are Awakened by Father

Awakening to find the house filled with smoke, M. Terranova, a plasterer living at 655 Lakeview avenue in the Ingleside district, ran into the room of his wife and four sleeping children early yesterday morning and led them to the street. The house was burned to the ground.

Booklovers' Contest Correct Files Under Lock and Key

Filed Away in Safe Deposit Vault, From Which Judges Alone Will Take Them

The list of correct Booklovers' Contest titles has been taken from its locked box in the publisher's private safe and locked away in yet greater security behind the 20 ton door which guards the safe deposit vaults of the Union Trust company. The steel doors of the publisher's safe were thrown open yesterday, the "contest" box carried to the Union Trust company and then unlocked and the sealed envelope containing the titles taken out and placed where 40 tons of dynamite would not disturb it.

There the list will stay during the balance of the selling period, while the sets are coming in, and until the judges are ready to give the command to start checking. Then the list will be taken out, in the presence of the judges, and the careful work of checking will begin.

Meanwhile the list will have a strong guard of trusted people about them, so that the interests of contestants are protected in every way. The judges, you know, are four men whose characters stand as unquestionable assurances of an accurate, fair and speedy check. They are Dr. Charles F. Aked, pastor of the First Congregational church; Mayor James Rolph Jr., Andrew J. Gallagher, president of the San Francisco Labor union and member of the board of supervisors, and Dr. J. Wilson Shiels, eminent physician.

First day for sending in sets, June 1. All sets must be in or postmarked and in the mail by midnight of June 7.

FOUR ARE KILLED IN O. R. & N. WRECK

Several Others Are Injured When Steel Baggage Car Telescopes Smoker

TACOMA, May 12.—Four are dead and seven injured as the result of the derailment of Oregon-Washington local No. 362, bound from Portland to Seattle, near the Montama Pesto race track grandstand at Lake View this afternoon. The train was derailed while speeding at 65 miles an hour over a level track.

The dead: F. A. TOWN, Tacoma, 40; C. E. RICHMOND, Woodland, Cal.; ANDREW WILSON, Portland; R. H. MCMURRAY, Seattle, head brakeman.

The injured: MRS. MAGGIE JORDON of Hillhurst, Wash.; FRANCIS C. RAE, Seattle, 60, slight arm and chest, serious; ADOLPH SWANSON, Portland, right arm and chest, serious.

ELMER JOHNSON, Mashel, Wash., arm broken; CHARLES BENNETT, Dryad, Wash., scalp cut.

All of the injured were lying in their seats in the smoking car and were crushed beneath the steel baggage coach. The bodies were not recovered by the wrecking crew until after four hours of hard work.

Mrs. Jordan, who was in a delicate condition, was on her way to Tacoma to attend to the grave of her husband, who died recently. She then expected to go to a hospital to become a mother.

Although officials of both the North Pacific and the Oregon-Washington Railroad and Navigation company were on the scene of the wreck shortly after it happened and made an investigation, they were unable definitely to state the cause.

General Superintendent I. B. Richards of the Northern Pacific said the probable cause was a spreading rail. The engine and eight cars left the track, the engine plowing its way 200 feet before it turned over on its side and was buried five feet in the earth.

Administration Wins PALO ALTO ELECTION

Rival Candidate Who Topped Party "Long Hairs" Receives Lowest Vote on Ballot

(Special Dispatch to the Call) PALO ALTO, May 12.—The administration party made a clean sweep in the Palo Alto city election today. Harry C. Peterson, who had the distinction of being the only candidate to receive both the administration and the opposition parties, polling the highest vote.

Richard Keating, the San Francisco contractor, who has been busy for some time with the "long hairs," received the low vote.

Six councilmen were elected. Harry C. Peterson was elected for the two years ending 1916. E. E. Swain, W. F. Miller, W. K. Vall and E. Larkin were elected for six years.

The official returns are as follows: Harry C. Peterson, 913; E. E. Swain, 720; R. E. Swain, 614; W. F. Miller, 591; W. E. Vall, 574; E. Larkin, 562; A. N. Umphries, 591; H. E. Pratt, 551; E. C. Cachel, 347; W. T. Flood, 228; F. L. Worrell, 211; Richard Keating, 100.

SHARPS SEND BUNCO VICTIM ON JOURNEY

Banko Syndicate Bought Railroad Ticket for Man They Fleeced, Witness Testifies

LOS ANGELES, May 12.—The trial of Leo Rial, alleged head of a "national banko syndicate," charged specifically with having fleeced G. F. Friess, an Illinois farmer, out of \$5,000 through a faked horse race, was continued today by testimony given for the prosecution by A. N. Koehler of Spokane, Wash.

A "poolroom" at Redondo Beach, a seaside resort a few miles from Los Angeles, Koehler testified he was fleeced out of \$1,475 and sent on a wild goose chase to Butte, Mont., before he realized he had been duped.

Rial told Koehler it was necessary for them both to go to Butte, to which city Rial purchased a ticket, for his Spokane victim, Rial, however, according to Koehler, said he was to go to Butte by way of Seattle, so Koehler went alone to the Montana city, where Rial did not meet him.

EMIL COHEN NOMINATED FOR JEWISH ORDER POST

San Francisco Selected in Buffalo for Sixth Deputy Grand Mastership of British Abraham

BUFFALO, N. Y., May 12.—After a three hours debate the Order British Abraham at its twenty-first biennial convention today approved Grand Master Deor's recommendation that the power of appointment of medical examiners for the order be taken out of the hands of local lodges and placed with the executive board of the grand lodge. The principal officers were re-nominated with opposition. For the three deputy grand masterships, newly created, these are the nominees: Fourth deputy, Max Fein, Boston; fifth deputy, J. H. Goldstein, Atlanta; sixth deputy, Emil Cohen, San Francisco.

ROLPH ADVOCATES MORE MUNICIPAL RAILROADS

Other Speakers in First Skirmish to Carry Proposed Bond Issue

A whole battery of opening guns, without any Maxim silencers, was fired last night before the Mission Promotion association when the city administration started its fight to put \$3,500,000 worth of municipal railroads on the map of San Francisco. The game of battle was thrown down enthusiastically to the United Railroads, and at the end of the meeting a motion was passed to appoint a campaign committee of 100 from the improvement clubs of the city.

Mayor Rolph quoted his platform pledge to extend the municipal lines as rapidly as the money could be obtained and called for the aid of the citizens in its fulfillment; city Engineer O'Shaughnessy declared his belief that the proposed system would pay; Matt I. Sullivan announced that the United Railroads could not and would not aid in giving San Francisco the development it should have, and several of the supervisors joined their voices in the call for more municipal car lines.

The attack followed by a few scant hours the last preliminary step by the board of supervisors, for yesterday afternoon the board unanimously voted to final passage the declaratory ordinance looking to securing the funds for building the lines and extensions at a cost of \$3,437,000.

COLORADO SPRINGS, Colo., May 12. Streetcar service on the Colorado Springs and Interurban Railway company was resumed this morning, following an agreement by officials of the company and the employees at 10:15 o'clock this morning.

Waste in the Office

In many an office many a dollar is wasted getting out circulars. The average office is far from being equipped for this work.

For a very small charge, we will DUPLICATE your letters on our Multigraphs, address your envelopes on our ADDRESSING MACHINE, or by hand or typewriter, fold the circulars by machinery—at a fraction of the cost of doing it in your office.

Avoid "crowding" your office force with work of this kind—it costs less if we do it—minus the inconvenience.

RAILROADS ARE PLAYING FOR RAISE IN RATES

Charge Is Made by Chief of Conductors' Brotherhood Discussing Wages

DETROIT, Mich., May 12.—The biennial convention of the Order of Railway Conductors of America opened here this afternoon with an executive session at which, it is understood, the effort of trainmen on 48 eastern railroads to obtain a general pay increase was one of the matters discussed.

Before the convention was called to order President A. B. Garretson of Cedar Rapids, Ia., declared that the action of the managers of the railroads in refusing to grant the increase "was part of the game they are playing for a general raise in freight rates."

While officers of the conductors' organization admit that the convention has no authority to take action in connection with the wage dispute, it was stated that some time before the convention ends it will listen to a report of its president on the situation, which probably will result in the adoption of resolutions.
