Leslie Rainey's Honesty Rewarded by Charles Suro, Who Finds Man Position

Leslie Rainey, a resident of Burlingame, is willing to attest that honesty is the best policy. A few weeks ago Herman Heller, leader of the orchestra at the St. Francis, lost \$150 in currency in front of the Flood building.

Mr. Rainey found the money and returned it to Mr. Heller two days later in answer to a lost advertisement placed in The Call.

Although seeking employment at the time, Mr. Rainey declined the generous reward offered by Mr. Heller and accepted a much smaller amount, Charles Suro of Suro & Co., who has apartments at the St. Francis, learned of Mr. Rainey's honesty and yesterday obtained for him a responsible position.

SANTA CLARA FORECAST FOR JUNE AND JULY OUT

Storms and Heat Wave Predicted by the Varsity Observers

(Special Dispatch to The Call) SANTA CLARA, June 3.—Rev. J. S. Ricard of the observatory of the University of Santa Clara has given out the following:

At the end of last March we attempted to forecast for both April and May. For these months the official records 22 cyclonic disturbances having entered on the coast, April 1, 2, 3, 7, 10, 14, 17, 21, 25, 29, May 1, 5, 7, 12, 14, 15, 17, 20, 21, 23, 24, 27, 31. A scrupulous comparison of the dates with those we gave out shows that we missed only the disturbance of April 23 by about one day.

Our dates for June and July follow: For six northern forecasts, June 2, 4, 6, 8, 11, 14, 18, 21, 24, 28; July 1, 3, 5, 7, 9, 11, 13, 15, 18, 20, 23, 25, 27, 30; August 2, 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31. By 12 southern forecasts, June 1, 4, 7, 8, 11, 14, 16, 18, 20, 22, 25, 27; July 1, 2, 5, 7, 9, 11, 14, 16, 18, 21, 24, 26, 29; August 2, 4, 7, 9, 11, 14, 16, 18, 21.

Special attention is called to June 5 and 21, July 5, 14 and 26 or 27 for stormy weather generally where the low pressures happens to be on these days. Hot waves are forecasted to precede and accompany the disturbances.

Grover Pickler was fined \$200 by Judge Sullivan yesterday for violating the poison laws.

You can make your own clothes without that tell-tale "homemade" appearance when you use an Adjustable Form.
