

BOLIVIA'S FLAG RAISED ON SITE IN AIR GROUND

Mayor Rolph's Daughter Runs Three Barred Banner to Top of Staff as Crowds Cheer

MINISTER KNOWLES REPRESENTS NATION

Declares South American Republic Will Be First to Complete Building

Bolivia intends to have its exhibit palace in the Panama-Pacific exposition finished ahead of that of any other nation, declared Horace G. Knowles, United States minister to that country and also Bolivia's exposition commissioner, at the site selection ceremonies yesterday.

"In addition to choosing a site," said Minister Knowles, "I have also been instructed by the Bolivian government to have plans drawn for the building and get the construction work started. You will not have to send any formal notices, last call or closing dates to Bolivia. If there is to be a ceremony in honor of the nation first completing its building, Bolivia wants and intends to deserve and win that honor."

Bolivia is taking an unusual interest, stated Minister Knowles, its exhibit having been started before he left La Paz.

GETTING EXHIBIT READY

"Representative men were holding meetings before my departure," he said, "mineral products were being assembled, and the interest and enthusiasm manifested could not have been greater were the fair to be held in La Paz itself instead of 4,000 miles away."

"It is not the understanding of the Bolivians that they are invited as guests in 1915, but rather that they are a part of the exposition, and that a measure of its success depends on them."

"Bolivia's political history parallels that of the United States, and had there been no George Washington and no Lexington, Concord and Yorktown there would have been no Bolivar for Bolivia. The example of this country had a great influence."

"Bolivia is the coming country of all South and Central America and will be the Transvaal of the southern continent."

Minister Knowles also spoke of the noble mindedness of the Bolivian women in contributing to the memorial to the heroes of the Titanic disaster, saying that they will send a plate of Bolivian silver on which their names will be engraved.

MISS ROLPH RAISES FLAG

Little Annette Rolph, daughter of the mayor, who was with Mrs. Rolph, raised the Bolivian flag over the site, while there were cheers for the mayor, for Minister Knowles and Bolivian Consul General Carlos Sanjines.

Mayor Rolph expressed regret that there would be no Bolivian warships present in the bay in 1915, since there is no Bolivian navy, but said he felt honored in having his daughter raise this flag.

P. C. MacFarlane of Colliers' Weekly was also one of the speakers and spoke in glowing terms of the republic of Bolivia and the Panama canal, which was first thought of by a Spaniard.

"The civilization of the South American continent is a tribute to the great Spanish race, which has the achievement of discovering America to its credit," he said. "In all the history of diplomacy a nation never did a finer thing than Bolivia did in sending our own minister back as their representative as well."

Colonel Charles K. Phillips of the Presidio spoke on behalf of the army. William T. Sawyer, head of the Chamber of Commerce, presided, and President J. J. Dewey of the harbor commission delivered the address of welcome.

Previous to the site dedication ceremonies a luncheon was tendered to Minister Knowles at the Hotel St. Francis. Speeches were delivered there by President Charles C. Moore, Arthur Arlett, representing the governor, Marshal Hale for Mayor Rolph, Joseph S. Tobin and Minister Knowles. Immediately after the luncheon, he was taken to the Presidio and at Fort Blaney was met by a troop of cavalry, which escorted him to the reviewing stand. The Sixth and Sixteenth infantry regiments and the signal corps marched in review. Colonel Findley, commandant of the Presidio post and Minister Knowles reviewed the troops.

BIDS FOR MINES PALACE

Bids for the palace of mines for the exposition were received yesterday, thus fulfilling President Moore's promise that the main group of exhibit buildings would be under construction by July. Thus far contracts have been let for the palaces of machinery, liberal arts, education, food products, agriculture, transportation, manufactures and varied industries.

The contract for the palace of mines will be let shortly and work will begin.

The contract for the piling of the foundation for the fine arts and other important buildings have been let and the work is proceeding very rapidly.

Following is a list of bidders for the construction of the palace of mines: M. Fisher, \$250,700; Large & Bergstrom, \$224,900; Gomerly, Peterson company, \$223,900; St. Mook, \$222,000; Strehlow, Freese & Peterson, \$217,800; Fred B. L. F. Fisher, \$202,308; McLary & Peterson, \$240,000.

Following is a list of bidders for the plumbing, etc., on the palace of mines: John G. Sutton company, \$13,975; Burbank Plumbing company, \$15,190; Robert Daniel, \$18,847; Fred W. Snook company, \$18,808; Peterson & James company, \$17,204; Wittman Lyman company, \$15,371; the Turner company, \$14,900; Kieran & O'Brien, \$15,700.

DISCUSS PLAN FOR STATE BUILDING

(Special Dispatch to The Call)

LOS ANGELES, June 12.—Plum-

Hoisting Flag of Bolivian Republic Visiting and Local Officials Present

Scene at the planting of the flag on the site selected for a building on the exposition grounds by the South American republic of Bolivia. At the left is Mrs. James Rolph Jr., wife of the mayor, and her daughter, Annette, while at the right, grasping the standard of Bolivia, is Mr. Horace G. Knowles, United States minister to the republic, who has been accredited as the representative of that country in exposition matters.

space to counties at \$2.50 a square foot was at a meeting of the commissioners from a number of the counties.

The Southern California Expositions commissioners say the majority of the counties in the state favor only the plan for construction of a \$1,250,000 state building out of the \$5,000,000 originally appropriated by the state for the fair.

PRESIDENT WILSON MAY VISIT CITY

LOS ANGELES, June 12.—Mrs. Woodrow Wilson, wife of President Wilson, their three daughters, and perhaps the president himself will come to California in the next few months.

Judge Robert S. Hudspeth of Jersey City, N. J., chairman of the commission appointed by the president when governor to select a site for the New Jersey building at the Panama-Pacific exposition at San Francisco, arrived here today and made the announcement.

Judge Hudspeth said he brought that message direct from the White House, and added that one of the president's daughters, probably Miss Jessie Wilson, would be chosen to handle the trowel when the cornerstone of the New Jersey building is laid.

Other commissioners with Judge Hudspeth are Edward R. Gusscup, chairman of the New Jersey state democratic committee; Walter P. Gardner, banker, Trenton; Curtis R. Burnett, president of the Newark Board of Trade; General Dennis F. Collins, commanding the New Jersey national guard; M. R. Margerum, secretary of the Interstate Fair association; Joseph K. Waddington and Mayor Frederick W. Donnelly of Trenton.

The party will remain here until Sunday, when it will proceed to San Francisco.

COMING EVENTS

Vesper services, Sunday afternoon, 4:30 o'clock, Y. M. C. A. auditorium, Golden Gate avenue and Leavenworth street, Albert Ehrhott speaker.

Vesper services, Sunday afternoon, 4 o'clock, Y. W. C. A., 1249 O'Farrell street, Miss Ella Schooley speaker.

Informal reception and house warming, Arabians, tomorrow evening, new clubrooms, 126 Post street.

SAN FRANCISCAN IS GIVEN DEGREE

Secretary of Y. M. C. A. Now L. L. D.—U. of S. C. Holds Commencement

(Special Dispatch to The Call) LOS ANGELES, June 12.—Attractive in caps and gowns, 327 graduates of the University of Southern California, fair coeds scarcely out of their teens, as well as men and women nearing middle age, today marched from the First Methodist church to the Temple auditorium, where diplomas and degrees were awarded by President Bovard.

As the procession, which was more than a block in length, marched into the auditorium the audience rose and sang "America."

The commencement address, delivered by Rev. Robert J. Burdette, on "God's Country," followed.

Degrees from the college of liberal arts were awarded to Mrs. J. H. Francis, wife of the superintendent of schools, special honorary degrees were given Rev. J. B. Green, doctor of divinity, Henry James McCoy, secretary of the Young Men's Christian association of San Francisco, a doctor of law, and to James Harmon Hoese, professor of U. S. C. department of philosophy and a teacher for 59 years.

This was followed by the conferring of honors on the balance of the class.

INDIAN COUPLE MARRIED

Ceremony Performed in Presbyterian Mission in Glenburn

GLENBURN, Shasta county, June 12.—Two Indians, Mayfield Machuch and Elsie Watson, were married here yesterday at the Presbyterian Mission home. Rev. W. S. Pryse performed the ceremony.

HATCHET WEAPON IN WOMEN'S ROW

Candy Girl Hit on Head Twice Seeks Warrant, Then Changes Mind

Settling a feminine quarrel with a hatchet instead of a hatpin is a new method, but it was employed yesterday with considerable success, and Miss Eds Steinhart, 1837 Webster street, is the unfortunate victim.

She and Mrs. J. A. Connelly, who are both employed at a candy store at 2239 Market street, became involved in a dispute over a drinking cup, and when Miss Steinhart refused to give it up, according to her own story, Mrs. Connelly proceeded to use a hatchet on her by way of persuasion.

"There has never been any too much good feeling between us," said Miss Steinhart, "and when she asked me in a peremptory manner for the cup I refused to give it up."

"Then she got troublesome about it, and I answered her back a little sharply. I suppose she ran out but appeared a few seconds later armed with a hatchet, and before I knew what she was doing she struck me on the head twice."

Miss Steinhart's anger grew from just before noon, when the fracas occurred, until the middle of the afternoon, when she put on her hat and went down to the hall of justice to have a warrant sworn out for Mrs. Connelly's arrest. She arrived too late and so gave it up for the day.

Later she decided she would not drag the affair through the police court, and would try to forget the trouble. Her injuries are not serious.

The Japanese Reformed Mission is arranging to acquire the Plymouth church in Post street to establish a church as headquarters in California. Rev. J. Mori is head of the mission.

PACKARD OFFICIAL TO TOUR TO COAST

President H. B. Joy to Make Trip in Interest of Highway Project

Bob Burman Will Reach Here Today—Notes for Motorists

By LEON J. PINKSON

H. B. Joy, president of the Packard Motor Car company of Detroit, is soon to make the overland tour to the Pacific coast in the interest of the ocean to ocean highway project according to information received yesterday by Cuyler Lee, distributor of the Packard line in this section of the state.

Mr. Joy, who is prominently identified with the transcontinental highway project, has just completed an automobile trip from Detroit to Omaha for the purpose of obtaining a preliminary survey of the northern and southern routes across Illinois and Iowa and he was so impressed with the journey that he has decided to make the trip to the coast at an early date.

Mr. Joy reports the road between Iowa City and Davenport as one of the finest stretches of improved highway to be found in the country. The northern route, however, he reports as being less hilly and it touches a greater number of good sized cities.

The crying need for legible signs marking the transcontinental highways at forks and cross roads was apparent in many localities. The scarcity of signs makes touring most difficult for the motorist who has never been over the ground. As an example of what may be accomplished, attention was called to what is known as the "White Pole Route" across Iowa. This trail throughout its entire length, is marked by wide, white bands on the telegraph and telephone poles. The result is the motorist has constant assurance that he is on the right road.

The trip was made in Mr. Joy's "Prairie schooner," a Packard "48" chassis with a special body designed by himself for use as a camp car. It is fitted with an alcohol stove, electric lights, sleeping bags and a complete outfit which makes camp life a luxury. He will use this same car on his tour to San Francisco.

Burman Due Today—Bob Burman, speed king, will arrive in San Francisco, the city of his adoption, today. Accompanying the speed king is Mrs. Burman. "Wild Bob" wired Manager E. Moroney from Reno as he was passing through this morning: "I will not be at the hotel. I am going home on my arrival."

Fast fall when Burman raced here, he met his present wife, a San Francisco girl, and they have been spending their honeymoon in the east. She was one of the many thousands who sat in a box at the recent Speedway race when Bob was leading the race by more than ten laps and just a few feet striking distance of the first prize that went to the driver leading at 200 miles.

Burman will make his first appearance Saturday at the 300 horsepower Blitzen Benz. At his last appearance here he drove the 200 Blitzen Benz.

Snow Still on Summit—In a letter to the local branch of the Haynes Auto Sales company, E. L. Fitzgerald of the concern states that the snow at the summit of the Sierras in the vicinity of Emigrant gap is still quite deep, and he advises to forego the pleasure of a tour to Lake Tahoe, or the lake in more. Fitzgerald's knowledge of the situation is based upon a trip he made from the summit of Cedarville, Modoc county, via Truckee and Reno, a few days ago in a Haynes 1914 touring car. His journey he reports as being successful despite the fact that he encountered much snow in the Sierras. He states that he negotiated the most perilous places easily with the aid of chains, but that several cars were stuck in the snow, one of them being a big six cylinder machine, the owner of which admitted having been stuck for hours. The latter was so situated that Fitzgerald was unable to render any efficient aid with his car, and in order to get around had to do some mountain scaling with his Haynes on its own account.

Studebaker Climbs Mount Wilson—A Studebaker "25" driven by Harry Hooker of Hollywood, Cal., and carrying four passengers, recently accomplished the ascent of Mount Wilson, attaining an altitude of 6,000 feet. While often within a few inches of the edge of the rough, tortuous trail, it was never necessary to back the car in order to get it around the turns.

REFUND OF TAXES ASKED

Mrs. Mary F. Gish Alleges Misrepresentation by Husband

Mrs. Mary F. Gish has filed a petition with the supervisors for a refund of taxes amounting to \$113.05. She alleges that her husband, Charles H. Gish, by embezzlement and harassment, filed with the assessor a statement of personal property purported to be owned by her, while she owns no personal property save approximately \$100 worth of furniture, exempt from taxation.

CARPENTER ASKS DAMAGES

Bases Case on Claim That Employers' Liability Act Was Violated

Basing his case on the claim that the employers' liability act was violated when the defendant, Johnson Brewing company, failed to place flooring over girders on a building under construction at Eleventh and Folsom streets, the absence of which caused him to fall three floors, Frank Currit, a carpenter's helper, is suing the defendant for \$75,000. Currit's skull was fractured in three places.

SCHOOLS and COLLEGES

THE FALL TERM OF St. Mathew's MILITARY SCHOOL Burlingame, California

Will begin Thursday, Aug. 21, 1913. Primary, Grammar School and High School Grades. Prepares for college or for active life. For illustrated catalogue address

Short Tours About the Bay

By BURLEIGH DAVISON

Boating and swimming in vacation land

SEEING SAN FRANCISCO'S HARBOR

The fame of San Francisco's matchless harbor has reached the farthest corners of the earth, and travelers who arrive here are always interested and impressed with anything that pertains to this wonderful stretch of inland water.

To properly see the matchless harbor and shore scenes that await the bay tourist, a trip should be taken upon the Bayconer, a palatial boat that makes trips daily to all the principal points of interest about the bay.

Skirting the busy water front, where the shipping from the seven seas is gathered, the Bayconer takes its passengers by the quaint Fishermen's wharf, one of the busy bits of brilliant coloring of the wharves, where the Italian fishermen, with their odd craft and quaint nets can be seen plying their trade.

Yerba Buena Island, where the government Naval Training school is located, is passed on the cruise, as is also Angel Island and the United States quarantine station, and Alcatraz, that grim military prison perched on the lonely rocky isle in the bay.

Beautiful Belvedere on the Marin shores, one of the scenic spots of the bay region, and the thickly settled Alameda county shores are passed in succession, giving the tourist a comprehensive idea of the extent and opulence of the bay communities. Starting at 10 and 2 daily, the bay trip offers one of the most refreshing little tours in the state.

NEW CHINA CAFE

One of the most unique places of refreshment and entertainment around the bay is the New China Cafe, in Oakland, a place that has won popular favor by the excellence of its cuisine and service.

The New China appeals especially to the tourist and traveler, as the management has made every effort to inaugurate a service that will place before them the dishes of the orient, served amid artistic Chinese surroundings. The brilliant, fanciful color effect of the decorations here are always a source of surprise and pleasure to the patrons, a fact that the increasing popularity of this cafe with the residents of the bay cities attests.

OPEN AIR SWIMMING AT SURF BEACH PARK

Much fun and healthful recreation can be had by taking an afternoon off and enjoying a plunge in the fine, big open air swimming tank at Surf Beach Park, in Alameda.

This popular resort is one of the magnets that is drawing crowds every day to the Alameda beaches, and the fun and whole souled aquatic sports that are indulged in here bring together people from all over the bay counties.

High diving contests and other water exhibitions are held on Sundays and holidays, in which some of the big swimmers of the coast participate. Water polo is another game that is played at Surf Beach, and with its exciting novelty is proving a great drawing card.

KEY TROLLEY TRIP

SEEING OAKLAND, BERKELEY, ALAMEDA No visit to California is complete unless it includes Oakland and Berkeley and the wonderful region about San Francisco Bay.
