

A TELLY IS ANXIOUS TO MAKE CHAMPION KILBANE

WILL SURRENDER FEARFUL WATERBURY IN POLO CONTEST?

Conceded That He Can Ride With the Best of Them, but His Hitting Is Doubtful

(Special Dispatch to The Call)
 NEW YORK, June 13.—A great gallery is assured for tomorrow's international polo match at Meadowbrook, the second of the series, and the chances of American victory depend largely upon whether or not Stoddard, who substitutes for "Monty" Waterbury, can hit hard as well as ride swift and strong. Nobody doubts that Stoddard will ride with the best of them, but his hitting powers are questioned by many who fear that the unlucky accident of the goal hitter, "Monty," may cost Whitney's four tomorrow's game and the series.

However, Cassandras are ever apt with their prophecies of misfortune in sport as well as before the battle. Enough that each member of the American side feels fit and the ponies are neigling for the game. And these ponies—from Harry Payne Whitney's Hawaiian bred Carrying the News to Devereux Milburn's Eve—can well claim to represent the American polo breeding union.

CALIFORNIA PONIES

The mounts in the opening match, won for the United States, included seven from California, five from Texas, six English, three Irish and the clever little Hawaiian sporter already mentioned. Whitney used three Californians, one Texan and the Hawaiian pony, J. M. Waterbury and Stoddard, who took his place when he was injured, used three English, two Texan and one Californian pony. Milburn used two English, one Californian, one Texan and one Irish pony. Larry Waterbury used two Californians, two Irish and one Texan pony.

Most of the American polo ponies are called Wyoming stock, and are one-third to one-fourth blooded. Four Hawaiian ponies were loaned to Mr. Whitney by the Hawaiian polo players for the international series, and these ponies have real names and pet names, as well. For instance, Lawrence Waterbury's chestnut prefers to answer to Piffie, although that is not her stud name.

SOME CLEVER MOUNTS

Among the particularly clever ponies are Whitney's Carry the News, Blue Ribbon and Acrobat, Larry Waterbury's America, Laredo and Peggy, and Milburn's Temby and Mohawk. All take as much interest in the game as their pilots.

F. M. Freahe takes the place of Captain Edwards on the English side tomorrow. The English are going to ride the game of their lives.

It remains to be seen whether or not Whitney's four will be able to repeat the tactics of the first game, break down the defense and outplay tomorrow that America is still going to hold on to the international trophy.

EDWARDS SET DOWN

After the defeat on Tuesday by a score of 6½ goals to 3, the challengers decided to do nothing more, and the setting down of Captain Edwards, who played such brilliant polo two years ago, when he scored all the goals for his team, was a surprise. Edwards, who was playing on Tuesday was not up to standard.

Captain Cheape will be at No. 1, Captain Riton at No. 2, and Captain Locke at back, as in the first game. Both Lord Wodehouse and Captain Edwards will be on the side lines as substitutes. The United States team will consist of 1. L. E. Stoddard, 2. Harry Payne Whitney, 3. H. P. Whitney, and back, Devereux Milburn. A report that Stoddard would play No. 2 was in circulation about town today, but both L. E. Herbert and W. A. Hazard of the Polo association said the rumor was without foundation.

FREAHE IN SADDLE

Since the beginning of the practice games Freahe has used an opportunity to be in the saddle. Usually pitted against the regular formation of the challengers, who were always making their best efforts, Freahe has displayed a control of the ball, a versatility and command of strokes, both near and outside, and an ability to play a fast pace that has been highly commended by the onlookers. His riding has revealed the justness of the rating given to him at Hurlingham of the best No. 2 in Great Britain.

Freahe will use his own ponies, which will force a new selection of mounts tomorrow morning. On Tuesday Captain Lockett rode the brown mare Hidden Star, and Captain Cheape had out the bay mare Polly. Besides these two, Freahe will use Molly Beach, also a bay mare; the chestnut gelding Gilmer and the brown mare Marjess. All five are Irish bred. Leaving out those of Captain Edwards that have gone off in condition, there are 15 fresh mounts to pick and choose from.

TICKETS IN DEMAND

Owing to the fact that several thousand recent applications have been made for tickets for tomorrow's match, an additional space on the south end of the field was fenced off this afternoon. This inclusive will accommodate about 4,000 people, which makes a total of about 29,000, who can find room to see the second international match. Prices of tickets have been soaring since the first match, and many persons were offered \$25 a piece for seats on the west stand, while \$10 was bid for the east stand seats. The polo field is in fine condition.

AVIATORS DISQUALIFIED

Frederick C. Hill and C. M. Wood, aviators, were disqualified by the contest committee of the Aero Club of America, today, because they were in the field of the Meadowbrook club while the international polo game was in progress last Tuesday.

Allen R. Conroy, president of the club, and chairman of the contest committee, announced that at an executive session, the committee "publicly censured Hill and Wood and withdrew the license of Hill until January 1, next, and the license of Wood until August 1. Hill and Wood appeared before the committee.

THE MAN WHO UNDERSTANDS WOMEN HASN'T BEEN BORN YET

JIM GRIFFIN IS FIGURING ON JUNE MATCH

Dundee, if He Beats White, May Meet Attell

By WILLIAM J. SLATTERY
 Feather Weight Champion Johnny Kilbane can get plenty of action in San Francisco this month if he cares to start. Abe Attell wants to meet him, and so does Johnny Dundee and Red Watson. Jim Griffin is willing enough to put one of these matches on, but he has not as yet come to terms with the little title holder, although he expects to settle the details very shortly.

Kilbane is willing enough to meet lightweights in the championship or near championship classes, but he draws the line at the second raters. He doesn't want to give away 10 pounds for the privilege of taking on a man who has yet to establish his reputation, but he is perfectly willing to concede the additional poundage to a man like Ritchie or Wolgast, or Harlem Tommy Murphy, or some other member of the higher up class.

From the looks of things there is no chance of a match between Kilbane and Watson, so Griffin has about decided to pass this one up. But he is still confident that he will be able to persuade Kilbane into taking Abe Attell on in a return match for the feather weight championship of the world.

Attell, who is now in New York, is just itching for the opportunity to come out here and swap punches with the title holder. The fans will remember how Kilbane won a hair line verdict over Attell in Los Angeles on the afternoon of February 22, 1912. Although a despised 10 to 4 shot, the boy from Cleveland surprised the whole country by outpunching the champion. The decision which Referee Charles Eytan rendered was roundly criticized, but Kilbane took the honors away from Attell, and has successfully defended his title ever since.

Attell still believes that he can take the measure of the man who once took his measure, and he will gladly come to San Francisco this month for the privilege of trying himself out. The rest of it is up to Kilbane. The latter says that he is strong for the match, but like all the other champions, he has some very exaggerated ideas about the financial end of the deal.

In the event that he does not get Attell and Kilbane the local promoter is figuring on bringing Johnny Dundee here to tackle Attell. The little Italian is billed to fight Jack White down in Los Angeles on the night of June 17, and it looks as though he ought to win handily enough. In such an event he would loom up as a good card here against Attell.

The fans are very anxious to see a couple of good ones in action this month. The very fact that Ritchie and Rivers have been matched for July 4 would not detract from another good match. If anybody can show the local patrons some class they will fall for it, no matter how fast it is handed to them.

Promoter Griffin was closeted with Jimmy Dunn, manager of Kilbane, for several hours last evening, and they talked over several matches. Kilbane leaves all his business to his manager, and whatever the latter says, goes with the title holder.

LARKSPUR PLANS GIBBONS MASTER RARE CARNIVAL OF YOUNG AHERN

Feature of Fourth of July Celebration Will Be Athletic Card

(Special Dispatch to The Call)
 MADISON SQUARE GARDEN, NEW YORK, June 13.—Mike Gibbons of St. Paul knocked out Young Ahern in the fourth round of a 10 round bout at Madison Square garden tonight. Gibbons shot a left hook to the jaw that dazed Ahern, and, seeing his chance, stepped in quickly with a right hand uppercut to the chin. It was not a particularly hard punch, or at least so it seemed to those at the ringside, but Ahern crumpled up and went down for the count.

It was only a question of Gibbons catching his opponent. The latter was nimble, as he usually is, and skipped around like a cricket. Mike followed him around, weaving and feinting, taking a couple of lefts which Ahern sent him. He landed a couple himself and the round was about even.

In the second round Ahern ran harder than ever, landing a few jabs, but although he had a shade on the round it was easily to be seen that Gibbons was the master and that when he cut loose there would be only one result.

In the third round Mike began offensive operations on his own accord. He poked a couple of lefts to the face, and with each individual poke the assurance of Ahern oozed through the pores.

Gibbons grinned, rubbed his nose and went at his work again. He earned the honors on the round.

The fourth was not far advanced when Gibbons went after Ahern and once priming him for the finishing punch lost no time in sending it over.

WILLIE MEEHAN BEATS BURGESS

Cal Delaney, Cleveland Boy, Gets Better of Monte Attell

Willie Meehan proved a better slugger than Brick Burgess last night at Dreamland pavilion, and he easily gained the decision over the latter. It was a real Donnybrook affair, as both boxers displayed science and depended on their haymakers. Meehan proved a faster fighter of the pair and usually beat Burgess to the punch.

Burgess put up a game fight, but he was up against it. He took an awful beating, but was always ready to fight back. In the third round Burgess landed some hard smashes, and it looked as if Meehan might settle the matter before the four rounds had elapsed. Burgess took all that came his way, and though wobbly at times, he fought back gamely.

In the fourth round Burgess tried hard to land a decisive blow. His punches did not seem to faze Meehan. Cal Delaney, the Cleveland boxer, outpunched Monte Attell in a four round bout. The Cleveland boy put up a careful bout, as he reserved himself for the fourth round and showed his true hand. In this period he put up a fast finish and he easily had the better of Monte. Delaney is a strong little fellow and seems to be able to take care of himself.

Mexican Kid Carter, the Los Angeles writer weight, failed to show up as expected, and Johnny McCarthy had no trouble in defeating him for points in four rounds. McCarthy won all the way and he shook up Carter in the third and fourth rounds with stinging right handers to the jaw.

Lee Johnson and Johnny O'Leary, the Seattle feather weight, boxed four rounds and Johnson was awarded the decision on points. O'Leary forced the fighting throughout, while Johnson seemed content to lay off and counter as he rushed in. Johnson landed the better of the blows, but he was not a couple of times with overhead rights.

Dick Kendall and Henry Hickey, of Oakland, put up a rattling bout for four rounds. Kendall was the head of the early rounds, but Hickey was forcing the fight, and in the fourth round he made much the better of it. He shook Kendall a couple of times.

Joe Conley and Hobo Alexander boxed four rounds to a draw. Mike Ruchos stopped Young Togo in three rounds, thus curtailing a rising star in Young Pakke winning a four round decision over Kid Ellis.

The bouts were refereed by Harry Foley.

FINNISH RUNNER REINSTATED
 NEW YORK, June 13.—Trainer Robertson of the Irish-American Athletic club tonight that he had been notified officially of the reinstatement of Hannes Kolmanen by the Amateur Athletic union, which suspended the Finnish distance runner yesterday for failing to furnish an irrefragable account in connection with his appearance at an athletic meet at Paterson.

TRIAL OF PELKY SET FOR JUNE 19
 CALGARY, Alta., June 13.—The trial of Arthur Pelky on the charge of manslaughter in connection with the death of Luther McCarty during the fight here on May 24 was set today to begin Thursday, June 19, before Chief Justice Harvey of the supreme court.

Burns, who presided over the fight, will not be tried before fall. James Short, the crown prosecutor, appeared before the supreme court today to decide which county is to challenge his failure to comply with the commission's order to reside at Pelky's trial. A. L. Smith was present, representing Pelky and Burns. By common consent it was agreed that Justice Harvey should preside, and June 19 was set as the date for the trial.

The court suggested that Burns should be tried at the same time as Pelky, but both the prosecutor and counsel for Burns said that they were not prepared, and it was arranged to postpone the trial until the October term of the court.

A large number of witnesses have been summoned from the United States for the trial. The testimony of medical men will be introduced by the defense, according to Pelky's attorneys, to show that a blow by Pelky did not dislocate McCarty's neck, causing death.

BEALL GOES TO CHICAGO
 CINCINNATI, June 13.—The national baseball union to decide which county is to challenge its failure to comply with the commission's order to reside at Pelky's trial. A. L. A. L. Smith was present, representing Pelky and Burns. By common consent it was agreed that Justice Harvey should preside, and June 19 was set as the date for the trial.

 CALGARY, Alta., June 13.—The trial of Arthur Pelky on the charge of manslaughter in connection with the death of Luther McCarty during the fight here on May 24 was set today to begin Thursday, June 19, before Chief Justice Harvey of the supreme court.

Burns, who presided over the fight, will not be tried before fall. James Short, the crown prosecutor, appeared before the supreme court today to decide which county is to challenge his failure to comply with the commission's order to reside at Pelky's trial. A. L. Smith was present, representing Pelky and Burns. By common consent it was agreed that Justice Harvey should preside, and June 19 was set as the date for the trial.

The court suggested that Burns should be tried at the same time as Pelky, but both the prosecutor and counsel for Burns said that they were not prepared, and it was arranged to postpone the trial until the October term of the court.

A large number of witnesses have been summoned from the United States for the trial. The testimony of medical men will be introduced by the defense, according to Pelky's attorneys, to show that a blow by Pelky did not dislocate McCarty's neck, causing death.

Clean Sweep for the Middle West Invaders, Northwestern Experts Failing to Take Game

SEATTLE, June 13.—The first match of the intersectional golfing contest between the stars of the middle west and the northwestern experts resulted in a clean sweep for the invaders, who won every game played today on the links of the Seattle Golf club. The northwestern team not only was beaten, but was outclassed, and in only two matches did it look as if a northwestern man might gain the victory.

After the first 18 holes play was completed, Jack Neville of Oakland, Cal., was 2 up on Harry Legg of St. Louis, and T. L. Lippy of St. Louis was 1 up on Phil Stanton, the Michigan state champion. Legg had not been doing very good work here, but
