

NEW GRAND JURY ORGANIZED; TAKES CHARGE OF JUDICIAL SERVICE

Routine Business on First Night, but "System" Will Be Given Probe by Investigators

FORMER FOREMAN ATTENDS SESSION

List of Committee That Will Look Into Affairs of City

Although formal organization and the appointment of committees was the only business transacted by the new grand jury last night, it is understood that the members have taken Judge Dunne's remarks concerning the "system" and "outside influence" with great seriousness and will before long go to the bottom of the question and take up their relation to the cases put before the grand jury.

In regard to bunco and graft, the new grand jury will at first be guided by the district attorney. The subject was not discussed last night. Next Wednesday another meeting will be held, when District Attorney Fickert will present several cases for indictment. At that time the regular weekly meeting night also will be settled.

John H. Dumbrell, foreman of the previous grand jury, attended the meeting last night and made a short address and turned over the books and keys. District Attorney Fickert and Assistant Aylett R. Girl Who Donned Men's Clothes to Make Way Married to Mechanic Who Answered Ad

June is remarkable for its amazing number of weddings, but the most remarkable and amazing romance which June, 1913, has to boast of was marked yesterday by a wedding in St. Mary's (Paulists) church rectory, when Joseph Frederick Stuger married Aileen Katherine Shaw, the elevator boy-girl. Father Henry I. Stark reading the lines that made the girl a wife. Her natty boy's clothes, superceded by a pretty pink chiffon gown and her short auburn curls. Miss Shaw was as much a bride as June could desire.

She wore a temporary wig. In the morning, while the girl was still at the city prison dormitory, where she had spent the night, Lieutenant Thomas L. Tobin, the prison keeper, learned of a tragedy in the girl's life. He called Miss Shaw into his office and talked of it to her. "You had better tell Mr. Stuger," Lieutenant Tobin warned her gently, "for it might become known and make trouble between you after you are married."

United States Has Made No Effort to Recognize the Huerta Government of the Republic

(Special Dispatch to The Call) WASHINGTON, June 26.—The limited arbitration treaty between the United States and Mexico will expire tomorrow, when the full period for which it was negotiated will have ended. It provided for the arbitration of all disputes between the two countries, except those affecting the national honor. The treaty will not be taken up until after a presidential election. The capture of Mexico by the new government has been formally recognized by the United States.

OREGON CAPTURES OJEDA ARTILLERY

TUCSON, Ariz., June 26.—That General Oregon, the constitutionalist leader, had captured a portion of General Ojeda's federal artillery, was stated in a telegram sent today by Governor Pasquerra to the rebel junta here. The capture was said to have been made today during general heavy fighting near Santa Rosa. The same message asserted that one federal column had abandoned its trains and had started east from Ortiz foot, while another column was reported going north. Colonels Hill and Alvarado and Lieutenant Colonel Diegues have been ordered out to harass the federals with their commands and to fight them away from the water holes. Oregon reported he had forced the federals to fight continuously since 3 o'clock yesterday afternoon without rest or water, trying to force them to surrender through sheer exhaustion. The high cost of living at Guaymas, Sonora, due to the present campaign above the California gulf port, is threatening a famine among its inhabitants, according to direct advices. So she donned masculine attire and \$5 a gallon, firewood at 20 cents a stick, with other necessities equally high.

The league has adopted the following platform, upon which the candidates will make their fight: The San Francisco Judicial league having been formed to promote and maintain the official integrity of the courts of San Francisco, to take an active part in causing the election to office of such candidates as will insure the highest quality of the judiciary, and to see that the courts are free from all influences which tend to bring them into disrepute, the league hereby declares the following as its platform: First—To promote and maintain the official integrity, proficiency and dignity of the courts of San Francisco. Second—To promote and maintain that split of official decorum which is absolutely essential to induce that wholesome regard for the law as will insure its full and impartial administration. TARIFF 'BIG STICK' FOR PRESIDENT IS URGED BY SOLO

Senator Hoke Smith Would Empower Executive to Retaliate on Nations Refusing Reciprocity

WASHINGTON, June 26.—Urgent desire to arm the president with a tariff "big stick," one of stronger and greater proportions than provided in the amendment suggested by the finance committee majority, developed today in the democratic caucus of the senate on the tariff bill. Discussion of the proposed countervailing duty on wheat and flour, which the committee recommended, led to a general debate on retaliatory and countervailing tariff rates, and Senator Hoke Smith of Georgia proposed the adoption of an amendment that would give the president power to enforce countervailing tariff rates on all commodities of commerce against any nation refusing to deal with the United States on a reciprocal tariff basis.

EVERETT BANKER IS FAIR COMMISSIONER

Washington State Board Appoints Him Its Active Panama-Pacific Representative (Special Dispatch to The Call) SEATTLE, June 26.—Elmer E. Johnston, the Everett banker who served as the executive commissioner from this state at the exposition in Buffalo, St. Louis and Portland, was elected to this office on the Washington state Panama-Pacific exposition commission this morning.

Johnston is vice president and manager of the Bank of Commerce in Everett, and headquarters of the commission, at least for the present, will be with the executive commissioner in that city.

Huber Rasser of Spokane, who is a member of the commission, led Seattle this morning for San Francisco, where he will confer with President C. C. Moore of the exposition.

Other suggestions propose to suspend the operation of the sugar duties for three months after the passage of the bill and that the rates on manufactures of wool be made effective 90 days and the free raw wool provision 60 days after enactment of the law.

Senator Ransdell has an amendment to extend the date of the sugar schedule until February 1, 1914, permitting sugar planters and refiners to get rid of this year's crop without the burden of the decreased tariff. This has been referred to the majority of the finance committee for consideration. The committee will recommend some form of amendment later to the caucus.

Other suggestions propose to suspend the operation of the sugar duties for three months after the passage of the bill and that the rates on manufactures of wool be made effective 90 days and the free raw wool provision 60 days after enactment of the law.

WALTHAM PACKER SUED FOR DIVORCE

Mrs. J. W. Chilton Avers Stenographer Has Stolen Husband's Affections

(Special Dispatch to The Call) SAN JOSE, June 26.—Suit for divorce against James W. Chilton, the millionaire fruit packer, recently a candidate for mayor of San Jose, was brought here today by Mrs. Bertha Chilton, on the ground that Miss Frances E. Quinn, her husband's secretary, had supplanted her in her husband's affections.

The suit was prepared without the husband's knowledge, and was begun only when Mrs. Chilton visited her husband's office and became aroused over the attitude of Miss Quinn.

The stenographer ruled the office, says Mrs. Chilton, who was once a stenographer herself.

Among other accusations of infidelity it is alleged in the complaint that Chilton and the secretary were off on a hunting trip for a week together near Marysville.

Human Skin to Save Lives Must Be Had for Injured BUFFALO, N. Y., June 26.—More than 10,000 square inches of skin must be given for grafting purposes to save the lives of those injured in the Husted elevator explosion, according to conservative estimates of physicians today. At least 200 volunteers will be required to meet this demand. A public appeal will be made as soon as the exact conditions are known. No more bodies were recovered from the ruins today and flames were still pouring water in the wreckage.

VETERANS ARRIVE ON BATTLEFIELD OF GETTYSBURG Repetition of War Time Campfire at the Historic Adams County Courthouse GETTYSBURG, Pa., June 26.—Gathering from north and south for the fiftieth anniversary of the battle of Gettysburg several hundred civil war veterans arrived here today, coming early, they said, "to avoid the great rush of the early part of next week." Mingling with the blue uniforms were some in gray and the men from the south received a hearty greeting. With their uniforms of gray topped by campaign hats the southerners soon became the central figures in the streets, and scarcely a person they passed failed to stop and ask the privilege of a handshake. Warmer than all others was the welcome extended them by the men in the blue of the union veteran, many of whom are here for the opening of the state encampment tomorrow.

At the historic old Adams county courthouse there was a repetition tonight of the wartime campfire, with its stirring patriotic songs of the days of '61-'65.

Commander in chief of the G. A. R., Alfred Beers of Bridgeport, Conn., one of the first arrivals for the battle anniversary celebration, was one of the speakers tonight.

The First squadron, Fifteenth United States cavalry, Major Rhodes commanding, arrived during the day in a heavy downpour of rain, after having been on the march from Fort Myers since Monday.

The cavalry will be used in patrolling the battlefield, regulating traffic there and guarding the monuments from vandalism.
