## STOMACH SUFFERERS

Mayr's Wonderful Stomach Remedy Is Recommended and Praised by Thousands Who Have Been Restored

"I was a sick man for about three months caused from Gall Stones of the Liver and was told by three of our most prominent physicians that I should make my bed and wait for an operation to get relief, but heard of your Wonderful Stomach Remedy and secured a full treatment and took it according to directions and passed thousands of Gall Stones. Since taking your medicine I work regularly and don't feel any ill effects. I am praising your Remedy to all my friends. I think it's worthy of the highest praise. B. L. DOOLEY, Rasmussen, Va."

Sufferers of Stomach, Liver and Intestinal ailments are not asked to take Mayr's Wonderful Stomach Remedy for weeks and months before they feel benefited. Just try one dose—which should make you feel better in health, convince you that you will soon be well and strong, free you from pain and suffering and give you a sound and healthy stomach, as it has done in thousands of other cases. Wherever it is taken you will hear nothing but the highest praise. Go to your druggist—ask him about the great results it has been accomplishing in cases of people he knows, or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for a free book on Stomach Ailments and many grateful letters from people who have been restored. For sale in San Francisco by the Owl Drug Co. stores.

# Breuner's will give you generous credit terms on your furniture and charge you no "interest"

If, in order to furnish your home, you were to borrow the money from a bank, or from a loan office you would have to pay a high rate of interest and at the end of the year you would probably find it hard to meet the "principal" when your note was due.

If you wait until you "save up" enough cash you will be without a home of your own for a long while.

If you buy the furnishings outright at Breuner's you secure immediate delivery of the goods—you make a small payment down at time of purchase and then a small payment each month in an amount such as you feel you can easily spare from your salary. The goods are marked in plain figures and there is no "interest" or extra charges of any kind to pay.

Which, think you, is best? For 55 years the John Breuner Company has been selling furniture to the good people of California and "trusting" them. This 55 year experience has proved to us that the average American citizen can be freely "trusted" to carry out his promises—that what he says he will do he will do, unless prevented by unforeseen circumstances over which he has no control.

It is, therefore, with a feeling of absolute security, backed by the test of time and our own actual records covering thousands upon thousands of accounts that we are able and willing to say, even before meeting you face to face: "Your Credit Is Good."
