The Daniel Pratt Gin Co.
 OF PRATTSVILLE ALA.
 Are manufacturing the Celebrated "Daniel Pratt Cotton Gins" with Revolving Heads and an adjustable seed board, which are improvements patented by them in July 1873.
 Any ordinary plantation hand can feed these Gins, and they will turn out more lint in the same time than any other Gin, and by the use of the adjustable seed board, which can be adjusted while the Gin is running, they can be made to pick the seed much cleaner than any other Gin.
 The experience of every planter who has used them, shows that these Gins will not choke, nor can the roll be broken by feeding it altogether in the center or at the ends of the cotton box.
 We are prepared to prove by many letters in our office, written by parties who have used these Gins for the past four seasons, that our machines and value of the Revolving Head Gin has been correct, and we are confident we can, without fear of denial claim, that no other Gins can compete with it in quality, capacity, or advantages of any kind.
 Parties wanting our Gins can apply to J. C. Pike & Co., Orangeburg, C. H., S. C., R. P. Mays, Mayville, S. C., Dr. J. M. Hunter, Prattsville, S. C., J. D. McLane, Station C. H., S. C.
 Who are our agents for the sale of our Gins and sell on our terms.

DR. TUTT'S EXPECTORANT.
 This unrivaled preparation has performed some of the most astonishing cures that are recorded in the annals of history. Patients suffering for years from the various diseases of the Lungs, after trying different remedies, spending thousands of dollars in traveling and doctoring, have, by the use of a few bottles, entirely recovered their health.
 "WON'T GO TO FLORIDA."
 New York, August 30, 1872.
 DR. TUTT:
 Dear Sir:—When in Aiken, last winter, I used your Expectorant for my cough, and realized more benefit from it than anything I ever took. I am so well that I will not go to Florida next winter as I intended. Send me one dozen bottles, by express, for some friends.
 ALFRED CUSHING,
 193 West Thirty-first Street.
 Boston, January 11, 1874.
 This certifies that I have recommended the use of Dr. Tuttle's Expectorant for diseases of the lungs for the past two years, and to my knowledge many bottles have been used by my patients with the most prompt results. In two cases where it was thought consumption had taken place the Expectorant effected a cure.
 R. H. SPRAGUE, M.D.
