Any other terms cannot be acceded to. He will do his best to be able to commence by the first day of May next.

Boston, Sept. 10, 1845.

TO THE SICK AND AFFLICTED.

Dear Sir,—I take pleasure in communicating through you, to all whom it may concern, and the public generally, the astonishing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years. Physicians told me my liver was diseased, and that I might, some day die with consumption. Last September, 1845, took a slight cold, which produced a hacking cough; this continued until February, 1846, when I added another cold; my cough increased, I soon lost my appetite, and my strength failed. For six weeks I could not lie upon one side; I sweat very much nights, raised considerable blood during the winter, and could not speak a loud word for two weeks. With all these bad symptoms, I had very severe pain in my side and between my shoulders; general debility followed. I was confined to my room about eight weeks. I had buried a sister and brother, both died with Consumption. I expected to die myself; my friends also despaired of my life. At this time an uncle, who had been benefited himself, advised me to take
DR. WISTAR'S BALSAM OF WILD CHERRY.
I accordingly procured a bottle, took it, and felt some better; obtained another, and a third; then I ceased to bleed and my cough was much better; but my disease was so deeply rooted, I was obliged to continue taking the Balsam until I had taken seven bottles. I can honestly and truly say, I believe Dr. Wistar's Balsam of Wild Cherry saved my life.
MRS. MARY B. GOULD.
We are personally acquainted with Mrs. Gould, assisted in taking care of her during her sickness, believe and know the above statement to be true.

Bradford Springs For Sale.

This well known and desirable situation for a SUMMER RETREAT, is offered for sale; and presents a chance for a handsome speculation.
The Tract contains 1246 acres; of which 250 acres is under fence, and 400 acres have been cleared. It is situated on the main Road from Camden to Sumterville; about 15 miles from each; and gives name to the Range of Highlands.
Lately the place has been improved at much expense, and converted into a Female Seminary. The main building is 120 feet long—has from 25 to 30 Rooms—some of them spacious; lofty ceilings; 10 fire places; 120 feet of Piazza; 60 feet of Balcony; wide Passages, and staircase; handsome Basement; all necessary out-buildings; and air and water pure as the mountains.
Two commodious Cabins are attached, 1 with five Rooms, 2 fire places and Piazza. A second settlement is close by on this land, affording accommodations of every kind for a family. A great many fine springs gush from the sides of these hills, affording the scites of numerous settlements; which in time will doubtless be established here, since the great impediment, the Santee and Wateree swamps are now overcome by the Camden Branch Road. It is a splendid situation for an Academy, Male or Female; or for a Boarding House for the summer; or for a summer Retreat for a gentleman of fortune.
Price \$6,000; \$1,000 cash down; the remainder in five annual instalments, with interest payable annually, well secured. To an approved purchaser the time of payment may be altered. Purchasers to pay for necessary papers.

MONTGOMERY, (ALA.) JAN. 21st, 1848.

J. P. M. EPPING, Esq.

Dear Sir—Your preparation "Stylingia" or "Queen's Delight," is attracting some attention in this place; and we think it only necessary that it should be attainable to render it very saleable. * * * * * Below we will give you a few lines from Dr. Berney as reflecting the opinion of the professional here of the merits of the preparation, Dr. B. is a Physician of large practice and extended reputation, and whose recommendation would go far to extend the sale of your Medicine; you can send us a lot to the care of T. S. G.; Mobile. * * * * *

Respectfully,
JENNINGS & CAFFEY, DRUGGISTS.

Mr. J. P. M. Epping:

Sir,—I am pleased to discover, from the accompanying letter of Messrs. Jennings & Caffey, that they have applied to you for an Agency for the sale of your preparation of Stylingia. It would be, I am persuaded, greatly to your interest to establish an Agency here, and should you determine to do so, Jennings & Caffey would do as well for you as any house in this place. They are responsible and clever gentlemen, well known to the community as such, and you would confer a favor upon the faculty generally, as well as the people, if you would place us in possession of your preparation. I have ever been pleased with the Stylingia in the treatment of certain affections, having first received an acquaintance with its remedial properties, years since, from my friend and preceptor Dr. Thos. Y. Simons, of your city, to whom I would refer you, if I thought necessary.

Respectfully,
"JAMES BERNEY, M. D."

I publish the above letters to still further satisfy the public of the value of my preparation of Sarsaparilla and Queen's Delight. The last one shows conclusively how it is estimated by the more enlightened portion of the Medical profession, and meets of itself the sneers, &c. &c. of some of our would be great Doctors who try to put it down. Why? Because it has been the means of relieving and curing people which they had treated in vain for years.
