**Important Remedy, MITCHELL'S EYE SALVE.**

A certain, safe and effectual Cure for Sore, Weak and inflamed Eyes, designed especially for Diseases of the Eye.

THE unparalleled success which has attended the use of this preparation, and the necessity for some relief which can be relied upon as a remedy in severe cases of Ophthalmic affections which are so prevalent in this country, induced the Proprietor to make arrangements, through his Agents, to place this Salve within the reach of every individual who may need the benefits which result from its use.

The advantages possessed by this article over every other, its Certainty, Safety, Convenience and Economy. All physicians admit that great danger is to be apprehended from dragging the eye, and the use of such remedies as are not adapted to the nature of the disease, and the use of this Salve is entirely safe, and no harm can possibly result from its use, it being in all cases applied to the external surface of the eye, thereby avoiding all the accidents, pain and danger, which necessarily attend the introduction of any pungent article into the eye. Its activity in subduing inflammation is so great, that it is required in cases where more than one bottle is effect a perfect cure.

Agents at Sumterville: Messrs. A. J. & P. MOSES, Dr. Miller & Bossard, and Dr. R. S. McNeil, and by Agents generally in South Carolina.

**A Voice to the People.**

DR. GORDON'S FAMILY PILLS.—Being composed of such ingredients as nature intended should operate on the system of the human system—strike at the root of the disease, removing all impurities from the body, opening the pores generally and internally, separating all foreign and noxious humors, and restoring to the blood, of which it is the origin, its purity, and its energy to act on the heart, lungs, liver and stomach, and to regulate the action of the bowels, cleansing the veins and arteries, unimpeded all the natural veins and purifying the blood, it renders the system not only thoroughly sound, but also free from disease, even when all other means have failed.

The universal celebrity which this medicine has gained in every section of the country, and the many cures effected by its use, have established its efficacy beyond all doubt; as a general family medicine it has no rival. In all cases of Indigestion, Bilious Fevers, Dyspepsia, Liver Complaint, Headache, Constipation, Dropsy, Piles, Colic, Worms, Diseases of the Stomach, and in all affections of the stomach and bowels, Gordon's Pills will be found a never failing remedy.

To insure the full benefit of these celebrated Pills, they should be kept in the house, so that upon the first commencement of sickness they may be immediately resorted to. One dose then is better than a dozen after the disease has become established in the system.

Gordon's Pills are purely vegetable, and so innocuous that the infant of a month old may use them if directed in the proper manner, and with a certainty of securing all the benefits medicine is capable of imparting. Females may use them during all the critical periods of their lives. It is not only required in cases of sickness, and to prevent the return of the disease, but also in the most healthy state of the system.

Within the last twelve months, more than one hundred cases of the most aggravated form of dyspepsia have been cured by its use, where other means had been resorted to, without any benefit, and when death stared its miserable victims in the face. Dr. Gordon's Pills were not adapted to the cure of any, but his lowly nature, their uniform success in this disease alone would be sufficient to "swart on the face" the name of their inventor, and to render his name a household word.

The Medicines are to be had of the Proprietors of Pills in one week. For sale at:  
Agents at Sumterville: Messrs. A. J. & P. MOSES, Dr. Miller & Bossard, and Dr. R. S. McNeil, and by Agents generally in South Carolina.
