Trust Children.

Never accuse a child of a fault unless you are certain he committed it. Children should not be treated with suspicion. We should act toward them in this matter as we feel we ought to act towards others, only with great tenderness—not less, as is usually done. We should always put the best construction possible on their conduct; that is, unless you are sure a child is telling a falsehood, and prove it, do not show the smallest hesitation in believing what he says. Far better that you should be deceived, than to run the risk of showing a truthful child that you do not trust him. Your simple trust may make a lying child truthful. Your doubt of his truthfulness may make a truthful child a liar.

Carpet-Baggers in Georgia and Illinois.

The Cincinnati Commercial correspondent, H. V. R., has the following to say on the carpet-bag question:

In Georgia every one of the eleven Congressmen and Senators are Democrats, and native born Georgians. This illustrates the development of State pride in that grand old Commonwealth, and so forth. To have been born on the sacred soil of that mighty State; to be a proud son of that sacred soil is itself a strong recommendation for a seat in congress.

No carpet-baggers need apply in Georgia.

Let us compare Georgia, a representative Southern State, with Illinois, a representative Western State. Of the twenty-one Representatives and Senators from Illinois, we find the birthplace of one—Eden, of the Fifteenth district—not given. The remaining twenty first saw the light in eleven different States, to-wit: North Carolina, one; Virginia, one; Kentucky, four; New York, two; Indiana, two; Connecticut, one; Ohio, two; Pennsylvania, two; Illinois, four; Tennessee, one.

Out of twenty Representatives, only four were born in the State they represent, and eight born in Southern States.

Why has there not been a commotion in Illinois about carpet-baggers? Why have her own proud sons (as they say in the South) been crowded aside to make way for aliens and carpet-baggers? Let some proud son of the Prairie State arise to an explanation.

The Raleigh (N. C.) News has information that there was a considerable frost in Wake county last Thursday week, and that there was some in Raleigh the same morning. This is the first frost in that section which has fallen in September since 1839 or 1840.

Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. All who have tried it acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
