THE MILAN EXCHANGE

VOLUME V.

MILAN, TENNESSEE, AUGUST 8, 1878.

NUMBER 23.

HARRISON, DONNELL & CO., J. H. HOLT AND EDWARDS & SHEPHERD HAVE NEW ADVERTISEMENTS THIS WEEK.

A new non-resident notice will also be sent. The election last Thursday passed off quietly in this county, so far as fighting was concerned, although there was much interest manifested and a good deal of loud talking done.

In this district, for constable, Williams received 305 votes, Yancy 213, and Lesseberry 48. For school director, Brown received 445, Redberry 19, Hallstrom 1, and R. W. Robertson 1.

Miss Mattie Mansford, returned to her home in Memphis, last Monday, after a protracted stay in our city. She leaves many sad hearts behind, especially one, O. J. Cantwell stay here now.

We regret to learn that Prof. Finney is very ill with typhoid fever, and that little Maggie, his oldest daughter, died with meningitis in Middle Tennessee recently. We trust he may soon recover.

On the 3rd Sunday in this month, Rev. A. L. Pritchett will begin a protracted meeting at Sexton's school house, one mile north of town. The neighborhood are building a large shelter to accommodate the congregation.

Our accomplished, young friend, Miss Lula Grizzard, left for New Middleton Tuesday morning, where she takes charge of the music class in the Academy. She is a talented musician, and no doubt will give satisfaction to her patrons.

Mr. R. H. Goodman, of this vicinity, has a curiosity in the shape of sheep's wool. He sheared a black sheep some time since whose wool was literally felted together, making a first-rate saddle blanket without further work. The sheep still lives.

The revival at the Baptist church, directed by Dr. Montgomery, is growing in interest. There have been sixteen conversions to this time, and many sinners are at the altar. We trust the good work may continue until many scores are added to the church.

In the judicial race Carthel and Thomas were elected by a handsome majority, notwithstanding the boresom efforts of the so-called Nationalists to defeat them. In this county, as will be seen by reference to the table elsewhere in this paper, nearly all the old officers were re-elected. The new ones are good and true men, and give satisfaction.

The candidates for Congress spoke to an attentive audience at Clark's Hall yesterday. The hall was filled and the weather oppressive, making it uncomfortable for both speakers and hearers. The distinguished gentlemen spoke only about half an hour each, and were then almost overcome with heat. On account of very pressing business in the office, we were unable to hear them, which we regret very much.

A long train loaded with excursionists passed up the Central road last Saturday, bound for Paducah. A good many got on here.

The official headquarters of the Central railroad have been removed from New Orleans to Water Valley, Miss., in view of the yellow fever epidemic.

A quarantine has been established between Mobile and New Orleans, and tickets cannot be purchased at Jackson, Tennessee, or New Orleans, via Mobile.

The board of health of Jackson, Mississippi, has established a rigid quarantine against New Orleans. No trains from the latter city are allowed to stop in Hinds county, and are made to run through at the rate of ten miles an hour.

Nashville American: Pickett, the express messenger, got away with Randall, the mail agent, at Braden's Station, on the Memphis branch of the Louisville & Nashville & Great Southern railroad. The train was rushing along at the rate of twenty-five miles an hour. Randall prepared his mail catcher, but was astonished to find it didn't catch the mail. He peeped out cautiously to see what had become of it, but the train had shot by. Then he fumed, frotted and perspired until the messenger pointed out the mail bag among the others. Randall was excited, and has been wondering ever since how it got in there without his having seen it. The messenger who was in front, had caught it and slipped it slyly into the mail room.

I will bring a meeting Saturday, 10th, at Chapel Hill. Hoping God will bless the church and community, all Christians are invited to attend and help us. Our prayers that God will revive his work in all the hearts of his children. J. H. HOLT.

The committee on resolutions presented the following:

Resolved, That the Democracy of Gibson county heartily endorse the financial principles as enunciated and adopted in the platform of the Democracy of Ohio on the 26th of June last, to wit:

That the resumption act be absolutely repealed. That all restrictions upon the coinage of silver be renewed. That silver be re-established as an money metal the same as gold.

The substitution of U. S. legal tender notes for national bank notes and its permanent establishment as the sole paper money of the country, made receivable for all dues to the government and of equal tender with coin—the amount of such issues to be so regulated by legislation as to give the people an assurance of stability in the volume of currency and consequent stability of value—and no further increase of the bonded debt and no further sale of bonds for the purchase of coin for resumption purposes, but the gradual extinction of the public debt.

Resolved, further, that the value of the legal tender notes of the United States should be based upon its being a legal tender for the payment of all debts and receivable in payment of all debts both public and private, and upon the stability of the government and its right to regulate money and not upon the idea of their redemption in coin.

Resolved, further, that the Democracy of Gibson county is opposed to repudiation in any form.

Resolved, further, They favor such an equitable adjustment and compromise of the state debt as is consistent with the ability of the people, and justice to them, and consistent with the honor and integrity of the state as a sovereign. And it is the sense of the convention, if the creditors of the state will not adjust and compromise the debt on said basis, then in such case that no action be taken for the present payment of the state debt or the interest thereon.

Resolved, That the convention favors, if practicable, the issuance of state treasury or relief notes, with which the state debt as is consistent with the ability of the people, and justice to them, and consistent with the honor and integrity of the state as a sovereign. And it is the sense of the convention, if the creditors of the state will not adjust and compromise the debt on said basis, then in such case that no action be taken for the present payment of the state debt or the interest thereon.

Resolved, further, That our delegates to the state Democratic convention be instructed to advocate the adoption of a platform by that convention embodying the foregoing principles.
