All the Year Round.

I call the attention of the public to the fact that I constantly keep on hand a full supply of all kinds of meats. During the time I have run a butcher shop in Milan I have spared no pains or perils to accommodate the public. In 1878, during the yellow fever, I did not leave my post, but was ready to supply the wants of my customers. I have staid with the people, winter and summer, while others have deserted them. Now, as the time of year has come for me to make money, I ask my friends to stick as close to me as I have to them.

A. L. WILLIAMS.

Phelan's Palace Saloon,

Next door to the EXCHANGE office, has just received a fine stock of Brandy, Whiskies, Wines and Cigars, and you can get the best in the city there. He also keeps fresh Lager Beer on tap. Parties desiring liquors for medical purposes will do well to call there.

O, What a Cough!

Will you heed the warning? The signal, perhaps, of the sure approach of that more terrible disease, consumption. Ask yourselves if you can afford, for the sake of 50 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold last year. It relieves Croup and Whooping Cough at once. Mothers, do not be without it. For Lamé Back, Side or Chest, use Shiloh's Porous plaster. Sold by Dr. Jordan.

Mr. Earnest Keileber is now in the position to furnish his customers with fresh bread and cakes, which he will always keep on hand. The bakery is a model of cleanliness, of which everybody who has a mind to visit him can satisfy himself. He has now on hand a fine lot of fancy cake, which makes a man's mouth water to look at. Give him a call and try his bread and cakes.

It will pay you to get one of those double Wash Boards at
DONNELL & MATHIS.

SMALL CHANGE.

Butter and eggs are still scarce. Turnips are plentiful in this market. Did you ever see such weather this time of the year?

The L. & N. pay train distributed specie here last evening and stayed over night.

Clerk and Master Williams has a notice to the creditors of Dr. Boyd, dec'd, in this issue.

A little fisticuff, resulting in a black eye, occurred under our office window last Monday.

All the little boys are hunting jobs to make money before the circus comes. They are bound to be there.

A visitor arrived at the residence of A. Jordan, Esq., last week. He promises to be a voter in a few years, as it is a boy.

The street committee intend repairing all the streets and walks before bad weather sets in. They have already done much good work.

An important ordinance of the Mayor and Aldermen is published in this paper. Fire limits have been established, which is a good thing for the town.

An advertising boom forces us to issue a supplement this week, to give our usual amount of reading matter. Keep on booming, though, and we'll continue to enlarge.

Workmen are engaged laying a brick walk from the bridge on Main street to the college. It will be a handsome and substantial improvement when completed.

In our notice of the Clarke-Miller marriage last week we failed to mention the artistic music made by Mrs. R. T. Davis on the occasion. Her rendition of the Wedding March was exquisite.

On last Wednesday two car loads of poultry passed here from Illinois, bound for New Orleans. There were about four hundred dozen chickens, ducks, geese and turkeys, and a noisy cargo they made.

And still another victim of the cotton gin is added to the list. Levi Reeves had his hands cut in the saws at Thomas' gin last Monday, cutting several fingers badly, but did not get his arm in. Who will be the next man to pay the penalty for his carelessness?

We are in receipt of a copy of the Comparative Edition of the Revised New Testament, containing over 1100 pages, with the old and new versions on opposite pages. It is handsomely printed on clear type, and is well-bound. Agents are wanted for its sale by the Henry Bill Publishing Co., Norwich, Conn.

Plaut & Frenz, one of the liveliest and most successful business firms in the country, have a mammoth advertisement in this issue. They have two wholesale houses—in St. Louis and Cincinnati—and four retail houses besides their mammoth establishment here. When they buy goods they buy for all the houses, and can consequently get better bargains than most merchants. This explains why they can afford to sell so cheap. We don't believe there is another house in West Tennessee that sells goods cheaper, if as cheap as they do. They also buy cotton and all kinds of country produce, paying the highest market price in cash. It will pay you to go and see them.

Houses for Sale.

As my health is failing, I intend to go South. I therefore offer for sale ten houses and lots in the town of Milan. Apply to

On the 5th inst. James H. Dement and Miss Lula Kenton were married near Trenton.

Robert H. Driskill, of Union City, married Miss Fannie Mott at Gibson on the 6th inst.

Mr. Robt. Gates, of the Jackson Tribune and Sun, paid our office a visit last Monday.

Mr. W. H. Randall, mail agent on the Northwestern railroad, and Miss Grace Currey, daughter of Mr. A. S. Currey, of Trenton, were united in marriage at the bride's home, on Wednesday.

T. C. Long, Esq., Secretary of the State Senate, and Secretary of the Jackson Fair Association, called on us Tuesday. He is the right man in the right place, and is emphatically "business" wherever you put him.

Gen. J. D. C. Atkins, one of the leading members of the present congress and the most entertaining conversationalist in our knowledge, honored our sanctum with a visit last Monday. He was on his way to Hot Springs, to recuperate his health before Congress meets. We trust he will find virtue in the waters.

Religious News.

On last Sunday the sacrament of the Lord's Supper was administered at the Baptist church.

Rev. J. L. Lloyd will preach next Sunday night, at the Baptist church, on "Profanity and Sabbath Breaking," two sins which ought to be suppressed.

At the Methodist church last Tuesday night a missionary prayer meeting was held, when appropriate selections of scripture were read and prayers offered for the success of the mission cause. Especial and eulogistic notice was made of Milan's two fair missionaries in China—Misses Lochie and Dora Rankin.

Death's Doings.

An infant child of Henry Manuel, the well-known barber, died last week. Henry has our sympathy.

Our friend W. A. Evans and wife, of Memphis, brought the remains of their infant daughter, Fanny, here for interment Wednesday. She was fourteen months old.

W. M. (Dick) Hall died in Trenton on Thursday night of last week, after a long illness. He was a prominent lawyer and politician of this county, and had many friends.

Bill Chandler, a worthy colored citizen, died here Wednesday night, after a short illness. He was an honest, harkworking man, and was well thought of by all. We learn he had one thousand dollars insurance on his life in the Immaculates, which will be a great help to his wife.

Fair Warning.

All persons are notified not to sell goods to my children or hire them, without my consent.
Oct. 15, 1881. ANDERSON BAIRD.

Plenty of those Good Washboards now on hand; call and see them at
DONNELL & MATHIS.

Complaint about the Mails.

We learn that the postal clerks have received permission not to work the local mails on Sunday's trains, but are required to work the mails for the cities. Our people have heretofore had their Sunday papers and letters the same as any other day, and can see no good reason why the cities should be favored more than us. If the clerks are required to work the mails at all, we think that every office is entitled to it. Atwood and Gibson, small stations, are as much entitled to their mails as Memphis, and we protest against this favoritism. Either take the mails off entirely, or give them to all alike. Don't make fish of one and flesh of another. We hope the people all along the line will take up this complaint, and that the newspapers will back them in it. The daily papers are especially interested, as their Sunday readers are especial sufferers. Gentlemen, help us to bring this matter before the post office department, and insist on equal and exact justice to all.

Devilment at Dyer.

The Trenton correspondent of the Nashville World says Dyer Station has been the scene of much commotion and excitement for some days past. It seems that on Monday night of last week several houses were pelted with rocks, breaking out windows and doing other damage. Wm. Bobbitt and Will Coulter, young men twenty-two or twenty-three years old, were accused of the offense. On Tuesday night several men in mask took young Bobbitt out for the purpose of forcing a confession from him, which they succeeded in doing by hanging him awhile. He professes to have recognized three of the men, Prof. Edwards, Burney Neal and one other, name not known, and has had them arrested under the ku-klux act. They are undergoing a preliminary examination before Esq. A. H. Taylor. We are also informed that young Coulter has been arrested on a criminal charge, but do not know the nature of it.

THE JACKSON FAIR.

The tenth annual fair of the West Tennessee Agricultural and Mechanical Association will be held at Jackson, commencing Tuesday, Oct. 25, and continuing through the week. These annual fairs have done much to encourage farmers and stock growers, and deserve a liberal patronage from the people of Gibson and adjoining counties. The premium list is large and comprehensive, offering liberal money premiums for the various products of Agriculture and Mechanism. We are informed by the secretary that the prospects for the coming fair are excellent, and every thing tends to a splendid display of thorough-bred stock and fine racing. The secretary informs us that there will also be in attendance at the Fair buyers from various parts of the country to purchase good young horses and mules, and this will be an excellent opportunity for stock growers to dispose of their stock at reasonable prices. Take your stock to the Jackson Fair.

Should You Need

Watches, Diamonds, Jewelry, Solid Silver Ware, Silver Plated Ware, Clocks or Cutlery, send to Mermod, Jaccard & Co., corner of Fourth and Locust streets, St. Louis, for their illustrated price list. This jewelry store, the largest in the south and west, has on hand the finest stock and sell their goods lower than any house in the south or west. They make a specialty of Gold, Solid Silver Watches for \$10, which they warrant. When in St. Louis, be certain to see the immense jewelry house of Mermod, Jaccard & Co., corner of Fourth and Locust.

CITY COUNCIL.

The Board met last Monday night, Mayor Hale in the chair. Robert F. Haun, having been sworn in as the successor of G. W. Haynes, resigned, took his seat. Mayor Hale and Alderman Stone were continued as a special committee to ascertain the amount paid by each taxpayer for the Tennessee Central railroad for the year 1874.

The street committee were instructed to close the contract with Senter & Coulter to build a brick pavement on Main street, 1235 feet long and four feet wide, from the bridge to the College, for which the Corporation agrees to pay \$227—contractors to do all the grading, and furnish all material except the lumber for curbing.

The following appropriations were made:

Treasurer's account book	\$5.50
Donnell & Mathis	.75
Brown & Dickson, on account of expense for detective in 1879.	5.00
P. C. Thompson,	2.75
D. A. Taylor	7.50

The Revised Laws and Ordinances were passed on final reading and are now in full force.

Carried to the Insane Asylum.

On last Tuesday deputy sheriff Williams carried Thomas Pratt, of the 15th district, to the Tennessee Hospital for the Insane. Mr. Pratt has been deranged for several years, and is forty-seven years old.

John Robinson's World's Fair.

There is a good time coming for all who take delight in equestrian and gymnastic performances of a superior character, as well as those for who, from curiosity or otherwise, find an interest in the display of the animate and inanimate wonders of creation. The great show is coming. It is traveling in a special train of palace cars, in truly royal style, and it takes fifty, built expressly for the company, to convey it to its place of destination. No similar enterprise has ever been organized upon an equally extensive scale, and the capital invested would seem to the uninitiated almost fabulous. The veteran proprietor has had the experience of nearly sixty years, during which period he has ever maintained the foremost place in his profession. The experience of the past warrants the conclusion that everything advertised in the bills will be strictly adhered to, and there are really many things of an exceedingly marvelous character. A man testing his strength with a full-grown elephant and a woman shot from a cannon are not feats of every-day occurrence. Edison's great problem of the Electric Light will be satisfactorily solved by those who visit the show, which by this wonderful agency is rendered at night as bright as day. With his accustomed enterprise, the great showman has been one of the first to introduce it, thus enhancing the interest of the general exhibition, which may well and appropriately be termed a "World's Fair."

Call on Mr. Earnest Keileber for a general assortment of bread and cake at very low prices.

We have a speedy and positive cure for Catarrh, Diphtheria, Canker Mouth and Headache in SHILOH'S CATARRH REMEDY. A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. Sold by Dr. M. D. L. Jordan.

"Wine is a mocker, and strong drink is raging." Take Prickly Ash Bitters. It is not a beverage, but a remedy for all effects of an excess of intoxicating stimulants. Don't take a drink before breakfast "just to wake you up," because you feel so stupid and languid. You are sure to feel worse as soon as the effect wears off. Take a half wine glass of Prickly Ash Bitters. It will brighten you up for the whole day.
