

In the battle of Cedar Mountain, fought on August 9, 1862, the 28th Regiment of New York Volunteers, after losing nearly half its officers and men, including its Colonel, was captured, together with its regimental flag. The flag bore no name or inscription, but the men who carried it cut a piece out of one corner before it passed out of their possession, so that it might be identified. It was never seen again by any member of the regiment until a few days ago Col. E. F. Brown, who was Lieutenant-Colonel of the 28th New York at the battle of Cedar Mountain, who lost an arm in that action, and who has since the war been the custodian of the piece cut from the flag, accidentally discovered the flag itself in this city in a collection of recaptured Union colors found in Richmond when that city was taken in 1865. He wrote to the Secretary of War on behalf of the surviving members of the regiment, asking that the flag be restored to them. The request was granted, and in pursuance of an order issued by Adjutant-General Drum, the flag was turned over to Col. Brown, and will be presented to the surviving members of the regiment at their next annual reunion. — N. Y. Times.

"I remember," says the celebrated Wesley, "hearing my father say to my mother: 'How could you have the patience to tell that blockhead the same thing twenty times over?' 'Why,' said she, 'if I had told him but nineteen times I should have lost all my labor.'" — Glasgow Evening Times.

In the Times, of Philadelphia, we observe: Mr. John McGrath, 1236 Christian street, was cured by St. Jacobs Oil of severe rheumatism.

A LADY says that it takes many men a whole lifetime to learn to carry a ten-dollar bill home without breaking it. — Boston Globe.

GAVE instantaneous relief. St. Jacobs Oil. Neuralgia. Prof. Tice. — St. Louis Post-Dispatch.

It does not always do to credit people with over-sensitiveness. The other day one of our "rising young pianists," says a San Francisco paper, was playing his opus of the vulgar and meaningless melody by our fish aristocracy. "Why," he said, "for instance, I was invited to attend a musicale at the house of old Fulbright, on Nobb Hill. Of course I played a good deal to entertain the company; and when I left, old F., as he shook hands, slipped into my hand a twenty-dollar gold piece." "Why, the old hump!" said one of his auditors indignantly, "what did you do that for?" "Why, you just bet I got even with him! I threw the money on the floor and left, after exchanging the coin for a counterfeit twenty I happened to have in my pocket just then; don't you see?" "Capital idea that!" served the old vulgar an' right!" "Yes, it was a huge idea; but the trouble was that his twenty turned out to be a counterfeit too!"

Persons should not think lightly of that feeling of extreme debility, so common in the spring of the year. It is often the forerunner of a year of ill health. It renders the system very susceptible to disease, and is caused by the blood being filled with poisonous humors. The blood, by all means, should be kept healthy, otherwise its power to assimilate nutritious food becomes impaired, and dyspepsia, liver-complaint, headache, nervous debility, extreme languor, weak kidneys, want of physical and mental endurance, and general prostration is the result. Since prevention is better than cure, don't wait for the final result of springtime indisposition, when the first symptoms of languor are manifested, but begin using Dr. Guyot's Yellow Dock and Sarsaparilla. As a spring medicine, it excels all other remedies, gently but surely expelling the poisonous blood humors with which the system becomes impregnated, by the incidental effect of changeable winter weather. It makes the blood red, rich and pure, causes it to circulate with more vim, enables it to renew the wasted tissues, and restores strength and vitality to every weakened part of the human system, restoring impaired bodily functions, and checking all decay of the urinary, digestive, and pulmonary organs, which, if neglected, too often ends in a premature grave.

"DWO VAS shoost enough, budt dree vas too bently," remarked Hans, when his best girl asked him to take her mother along to a dance.

MR. ROBERT B. BARTON, of Dayton, Ohio, writes: "I wish every one to know that Dr. Guyot's Yellow Dock and Sarsaparilla has cured me of severe dyspepsia and urinary troubles. It has made me very strong."

"ROUGH ON RATS." Clears out rats, mice, roaches, bed-bugs, gophers, chipmunks. 15c.

AN UNUSUAL FURORE.

A Recent Excitement Investigated by the Herald and the Results Made Public.

(Cleveland, O., Herald.)

A few weeks ago we copied into our columns from the Rochester, N. Y., Democrat and Chronicle a "Remarkable Statement," made by J. B. Henion, M. D., a gentleman who is well known in this city. In that article Dr. Henion recounted a wonderful experience which befell him, and a few days thereafter we published from the same paper a second article, giving an account of the "Excitement in Rochester," caused by Dr. Henion's statement. In the first article Dr. Henion stated that for a number of years, up to last June, he had been afflicted with what seemed at first a most mysterious trouble. He felt unaccountably tired at frequent intervals; he had dull and indefinite pains in various parts of his body and head, and was very hungry one day and entirely without appetite the next. However, as a physician he thought, and so did his fellow physicians, that he was suffering from malaria.

But he grew worse, and was finally obliged to give up a large and lucrative practice. Still he was not conscious of his danger, nor that a monstrous disease was becoming fixed upon him, although all his organs had become gradually weakened. The symptoms above described continued, accompanied by others of an aggravated nature, and he noticed a peculiar color and odor about the fluids he was passing; that they were abundant one day and very scanty the next, and were covered with froth or filled with brick-dust sediment. But even then he did not realize his real and alarming condition. At last, however, he was brought face to face with the fact that he was a victim of a most terrible disease, and he made heroic efforts for recovery. He traveled extensively and consulted the best physicians, but they could give him only temporary relief, and that principally in the form of morphine. And so he grew steadily and constantly worse until his life became a torture. His pulse was uncountable. He lived wholly by injections, and for six days and nights he had the hicoughs constantly, which are the sure indication of coming death.

When hope and life were nearly exhausted his pastor, the Rev. Dr. Foote, rector of St. Paul's Church, strongly urged him to try a means which the reverend gentleman had seen used with remarkable results. He objected at first, but finally consented, and was conscious of an improved condition the first week. His pains gradually disappeared; his stomach resumed digestion; his heart became regular; his headaches disappeared; he had no more chills and fever, or acidity of the stomach; he gained twenty-six pounds in three months, and is a well man to-day, being entirely cured of a most pronounced case of Bright's disease.

Although conscious of the consequences from his professional brethren, still as a duty to his fellow men, and according to a vow he made on what he thought was his dying bed, he published a card detailing his illness and remarkable cure. "Since my recovery," he says, "I have thoroughly reinvestigated the subject of kidney difficulties and Bright's disease, and I believe more than one-half the cases which occur in America are caused by Bright's disease of the kidneys. It has no distinctive symptoms of its own (indeed, it often develops without any pain whatever in the kidneys or their vicinity), but has the symptoms of nearly every other known complaint. Hundreds of people die daily whose burials are authorized by a physician's certificate of 'Heart Disease,' 'Apoplexy,' 'Paralysis,' 'Spinal Complaint,' 'Rheumatism,' 'Pneumonia,' and other common complaints, when in reality it is Bright's disease of the kidneys. Few physicians, and fewer people, realize the extent of this disease or its dangerous and insidious nature. It steals into the system like a thief, manifests its presence by the commonest symptoms, and fastens itself upon the life before the victim is aware. It is nearly as hereditary as consumption, quite as common and fully as fatal. Entire families, inheriting it from their ancestors, have died, and yet none of the number knew or realized the mysterious power which was removing them. Instead of common symptoms it often shows none whatever, but brings death suddenly, and as such is usually supposed to be heart disease. The second article entitled 'Excitement in Rochester,' was made up of interviews with Dr. Henion himself, who confirmed all said in his card, and also with Mr. H. H. Warner, the latter gentleman did not regard Dr. Henion's case as particularly exceptional, because he had known of very many such cures by the same means in all parts of the land. Kidney diseases, he said, are carrying off tens of thousands every year, while Bright's disease is increasing 250 per cent. a decade, and yet the people do not realize it or seek to check it

until too late. He related how a New Orleans medical professor, lecturing on this disease, thinking to show his class what healthy fluids were, subjected some of his own to a chemical test, and although he had no suspicion of it before, discovered that he, too, had the dreaded disease, which proved fatal in less than a year. There was also an interview with the celebrated chemist of the New York State Board of Health, Dr. S. A. Lathmore, who said he had analyzed the remedy which cured Dr. Henion, and found that it was "entirely free from any poisonous or deleterious substances."

We have made these condensations in order that all the material facts may be set before our readers. Since the publication of these two articles, having been besieged with letters of inquiry, we sent a communication to Dr. Henion and also one to H. H. Warner & Co., asking if any additional proof could be given us as to the validity of the statements published. In answer thereto we have received the following letters, which add interest to the entire subject and wholly verify every statement hitherto made:

ROCHESTER, N. Y., Feb. 2, 1882. GENTLEMEN: Your favor is received. The published statement, over my signature, to which you refer, is true in every respect, and I owe my life and present health wholly to the power of Warner's Safe Kidney and Liver Cure. It is not surprising that people should question the statement I made, for my recovery was as great a marvel to myself as to my physicians and friends.

J. B. HENION, M. D. ROCHESTER, N. Y., Jan. 31, 1882. SIRS: Acknowledging your favor, duly received, we would say: The best proof we can give you that the statements made by Dr. Henion are entirely true, and would not have been published unless strictly so, is the following testimonial from the best citizens of Rochester, and a card published by Rev. Dr. Foote, which you are at liberty to use if you wish.

H. H. WARNER & CO. To Whom it may Concern: In the Rochester, N. Y., Democrat and Chronicle of December 31, 1881, there appeared a statement in the form of a card from Dr. J. B. Henion, of this city, recounting his remarkable recovery from Bright's disease of the kidneys, after several doctors of prominence had given him up, by the use of a preparation manufactured in this city and known as Warner's Safe Kidney and Liver Cure.

We are personally or by reputation acquainted with Dr. Henion, and we believe he would publish no statement not literally true. We are also personally or by reputation well acquainted with H. H. Warner & Co., proprietors of this remedy, whose commercial and personal standing in this community is of the highest order, and we believe that they would not publish any statement, which were not literally and strictly true in every particular.

C. R. PARSONS, (Mayor, Rochester.) WM. FURBELL, (Editor Union and Advertiser.) W. D. SHURT, (Surrogate Monroe County.) EDWARD A. FROST, (Clerk Monroe County.) E. B. FENNER, (District Attorney Monroe County.)

DANIEL T. HUNT, (Postmaster, Rochester.) J. M. DAVY, (Ex-Member of Congress, Rochester.) JOHN S. MORGAN, (Special Co. Judge, Monroe Co.) HIRSH SHELLEY, (Capitalist and Seaman.) W. C. ROWLEY, (County Judge, Monroe County.) JOHN VAN VOORHIS, (Member of Congress.) CHARLES E. FITCH, (Editor Democrat and Chronicle and Regent of the University.)

To the Editor of the Living Church, Chicago, Ill.: Will you allow the following card, personal to myself, to appear in your widely-circulated paper?

There was published in the Rochester Democrat and Chronicle of the 31st of December last, a statement made by J. B. Henion, M. D., narrating how he had been cured of Bright's disease of the kidneys, almost in its last stages, by the use of Warner's Safe Kidney and Liver Cure. I was referred to in that statement as having recommended and urged Dr. Henion to try the remedy, which he did, and was cured.

Now the republishing of his statement in many of the leading journals of the day has been the cause of an incessant flow of letters to me making many inquiries, but chiefly whether the statement is true, or a mere advertising dodge, etc., etc.

I beg, therefore, to anticipate any further inquiries and save time and labor, and some postage, by saying that the statement of Dr. Henion is true so far as it concerns myself, and I believe it to be true in all other respects. He is a parishioner of mine and I visited him in his sickness. I urged him to take the medicine and would do the same again to any one who was troubled with a disease of the kidneys and liver.

ISRAEL FOOTE, (D. D.) Rector of St. Paul's Church, Rochester, N. Y., January 28, 1882.

"PRESUMPTION begins in ignorance and ends in ruin." On the other hand, the production of kidney-wort began with wise caution and scientific research, and its use ends in restoring shattered constitutions and endowing men and women with health and happiness. "My tormented back," is the exclamation of more than one poor hardworking man and woman; do you know why it aches? It is because your kidneys are overtaxed and need strengthening, and your system needs to be cleansed of bad humors. You need Kidney-Wort.

WOMEN that have been bedridden for years have been entirely cured of female weakness by the use of Lydia E. Pinkham's Vegetable Compound. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

GUITEAU could never sleep at proper hours, cursed with abnormal activity, his nerves were always on the qui vive. Could he have had the soothing benefits of Dr. Benson's Celery and Chamomile Pills, his wretched brains would not have ragged with improper fancies. Dr. Benson's Skin Cure is already becoming as famous as his Pills. It is a sure cure for all diseases of Skin and Scalp.

It is just the thing in St. Louis, when a new restaurant or boarding-house is started, to advertise that they use the Charter Oak Range; it draws.

Diamond Dyes will color any thing any color, and never fail. The easiest and best way to economize. Only ten cents. Sold by all druggists.

SOLD everywhere—is Frazer's Axle Grease. Superior to all others. Try it and be happy.

GOOD dinners are only possible when you have good materials to cook, a good cook and a Charter Oak Range to cook with.

SKINNY MEN. "Wells' Health Renewer" restores health and vigor, cures Dyspepsia. \$1.

If afflicted with Sore Eyes, use Dr. Isaac Thompson's Eye Water. Druggists sell it. 25c.

ALL countries that keep samples of the best products of the labor of other people, for exhibition for their own workmen, use the Charter Oak Range as a sample of the best of its kind ever made.

WELLS, RICHARDSON & CO'S NEW DISCOVERY.

For several years we have furnished the Dairywomen of America with an excellent artificial color for butter; so meritorious that it met with great success everywhere, receiving the highest (and only) prizes at both International Expositions.

But by patient and scientific chemical research we have improved in several points, and now offer this new color as

WELLS, RICHARDSON & CO'S IMPROVED BUTTER COLOR.

The Advantages Are IT WILL NOT COLOR THE BUTTERMILK. IT WILL NOT TURN RANCID. IT GIVES A BRILLIANT COLOR. IT IS THE CHEAPEST COLOR MADE.

It has these good qualities because it is the strongest and brightest color, and while prepared in oil, it is so compounded that it will become rancid and spoil the butter into which it is put. Ask for W. R. & CO'S IMPROVED COLOR, and take no other. If you cannot get it write to us to know where and how to get it without extra expense.

WELLS, RICHARDSON & CO., Burlington, Vt.

ON 30 DAYS' TRIAL.

We will send on 30 Days' Trial

DR. DYE'S CELEBRATED Electro Voltaic Belts

AND SUSPENSORIES, And other

ELECTRIC APPLIANCES

TO MEN

Suffering from Nervous Debility, Lost Vitality, Vigor and Manhood, resulting from Abuse and other causes; or to any person afflicted with Rheumatism, Neuralgia, Paralysis, Spinal Difficulties, Lame Back, Liver and Kidney Troubles, Neuritis, and other diseases of the Vital Organs. Speedy relief and complete restoration to health guaranteed. These are the only Electro Voltaic Appliances that have ever been constructed upon Scientific principles. Their thorough efficacy has been practically proven with the most wonderful success. We have the testimony of thousands who have been quickly and radically cured by their use. All we ask of any person is to give them a trial for 30 days and be convinced.

Send at once for Illustrated Pamphlet, giving all information, free. Address

VOLTAIC BELT CO., MARSHALL, MICH.

ROSES—Four superb Oil Pictures, 4 ins. by 5 1/2, each, of choice Roses for Easter Cards, will be found in Demorest's Monthly for APRIL in addition to the usual quantity of excellent illustrations and reading.
