#### SMALL CHANGE

Mr. Kestner has some peach trees, set out last spring, which have ripe peaches on them now.

Mr. Cantwell has the finest young peach orchard we have seen, with the biggest and best peaches on them.

The first new wheat was brought in last Saturday to Turner's mill by Mr. Edwards, of the Shiloh neighborhood.

Hon. J. D. C. Atkins has our thanks for a copy of his powerful and logical speech on the tariff commission.

Our millers are all happy in anticipation of a big rnsh of new wheat in the next few days. So are the eating

The C., St. L. & N. O. road has prohibited the sale of the Police News Gazette on its trains, for which it will be commended by all decent citizens.

Work on Mr. Collins's new residence is progressing at a good rate. The brick masons will finish in a week or two, so that the carpenters can begin to make a show.

Large quantities of peaches, apples and plums are be ing shipped daily from here. It has increased to such an extent that the Express company is overrun, and much of it is shipped by fast freight.

Changes of time are occurring on the L. & N. road so frequently of late that we can hardly keep up with them. It is thought other changes will take place in the next week or two on both roads, when we will correct our time table again.

A horse attached to Edwards & Shepherd's delivery wagon ran away Wednesday morning and jumped off the bridge on Main street, near Alderman Taylor's residence, damaging the wagon seriously, but not hurting the horse. George, the driver, jumped just in time to save himself.

Instead of winning second honors in the State Normal College, as we stated last week, Mr. Priestly Manning won first honros, and the second medal for scholarship and excellence in an essay on an educational topic. It is indeed a high honor, and we are proud of our Gibson county boy.

There are large fortunes in fruit and vegetable growing around Milan if managed judiciously. We believe all growers are making money this year, and much of the fruit shipped is so green that our home people wouldn't have accepted it as a gift a few years

The Baptist church here last Sunday elected the Rev. J. E. Eoff, of Somerville, for their pastor. He has made a fine impression on that congregation, and we hope he will be instrumental in doing much good, not only for his own people, but for the whole community.

We have in our office a sample of Fultz wheat from the farm of John payable at the option of the State. McMinn, six miles south of here. It was raised on old land and consists of sixty-two stalks, all sprouted from one ble concessions the unity and harmograin. The heads will average about fifty grains each, thus showing thirtyone hundred grains from one. And yet some people say this is not a wheat country.

### GIBSON DEMOCRACY.

A Large and Somewhat Disorderly Convention Last Monday.

Against 60-3, 4, 5, 6 and in Favor of 33-8 to 50-8 and Marks.

The democrats of this county met in convention last Monday in Trenton, and were called to order by R Z. Taylor, chairman of the county democratic executive committee, when Hon, J. M. Coulter was elected temporary chairman. Committees on organization and the basis of representation were appointed. After conferring, the committee on organization recommended John S. Cooper, Esq. for permanent chairman and the county democratic editors for secretaries, which was adopted.

The committee on the basis of representation recommended that each district be allowed one vote for each fifty votes polled for Hancock and one for fractions of twenty-five or more.

The following gentleman were appointed as a committee on resolutions: J H Hamilton, C H Ferrill, J P Wade, Dr. TJ Happel, E R Vaugho, J T Curtis, V L Ware, J N Alexander, H D Harper, H C Burnet, J F Penn, J C Atkins, W J Davidson.

During the absence of the commitmittee, Hon. J. M. Coulter made a speech, giving an account of his stewardship in the Legislature and urging harmony in the rauks.

The reading of the resolutions was the signal for the battle to begin. The state credit men were not at all pleased with them, and offered numerous amendatory and compromise resolutions, ranging from 50-4 to 60-6, but all of them were promptly and noisily tabled by large majorities. The 50-4 amendment we thought at one time would carry, but consideras ble feeling had been aroused, and the result was eighteen for and twentysix against it.

We the Democracy of Gibson County, in convention assembled, declare our allegiance to the the time-honored principles as essential to the preservation of our liberties, the perpetuation of our free institutions, and our free government.

We declare our opposition to class legislation, monopolies of all kinds and centralization.

We affirm our disapproval and opposition to the act of the Legislature funding the State debt at 60-6, believing that the same was unwise and unjust, that it was passed in direct opposition and disregard of the expressed will and sentiment of the people; and that the same does not meet the equities the people have in said debt, and which have been recognized by the bondholders; and that said act was a scheme resorted to by the leaders of the Republican party for the purpose of dividing the Democratic party and not out of an honest desire to settle the debt.

We greatly desire the unity and harmony of the Democratic party, believing that it is of the utmost importance to the good and well being of our state, the prosperity and happiness of the people. We are opposed to repudiation, and greatly desire to see the State debt settled on reasonable and bonorable terms and the vexed and harrassing question forever at rest. Therefore resolved.

1. That we favor a settlement of the State debt at from 33 1-3 to 50 cents on the dollar with 3 per cent interest, the bonds not to run more than thirty years, redeemable and

2. That our delegates to the State convention be and are hereby instructed to secure if possible by all reasonany of the Democratic party, and that they be and are hereby instructed to first advocate in said convention a settlement of the State debt at the figures set out in the first resolution, and in no case to exceed 50-3; and they at A. Jordan's.

are further instructed to abide by the result of said convention, recognizing the right of the majority to control in such matters.

3. That our delegates to the State convention shall insist upon a clear and practical statement of the views and intentions of the Democratic party setting forth in the platform plainly and without equivocation the settlement they are willing to make with the bondholders.

4. That the delegates alone who at tend the convention at Nashville shall have the right to represent and cast the vote of Gibson county, and no delegate shall have the right to represent another as proxy.

The Convention appointed the following delegates to the Nashville Convention to meet on the 20th of June-
