

## MILAN EXCHANGE

Terms—\$1.50 Per Annum, in Advance.

W. A. WADE, Publisher.

SATURDAY, NOVEMBER 18, 1882.

The Democrats have sixty-four majority on joint ballot in the ensuing legislature.

Gen. Bate is said to be the first Odd Fellow elected Governor of this state. He is a noble representative of that noble order.

Pattison's majority in Pennsylvania foots up 39,611. The democrats have twelve majority on joint ballot in the legislature.

Pope Barrow has been elected Senator to fill Hill's place, by the Georgia legislature. Gov. Colquitt was elected for the long term.

There are indications that the next legislature will tackle the railroad problem in earnest. Something ought to be done to prevent discriminations in freights.

Burglars have four times recently invaded the residence of Rev. Dr. W. P. Harrison, at Nashville. That city seems to have an army of thieves on its hands.

Mr. R. A. Musgrove, late of the Lexington News, has bought the Sweetwater, Texas, Advance, and will change its name to the "Nolan County Record."

The press of the state will unite in congratulating Maj. McDowell, of Bon Aqua, on his triumphant election to the legislature. It is an honor worthily bestowed.

Brother Neal is issuing a Daily State Gazette during the sitting of the Memphis Conference in Dyersburg. He is always up with the procession. His little paper is neat and spicy.

Robert Hodge and his brother, Milton Hodge, were hanged at Knoxville Friday last. The crime for which they were hung was the killing of their brother-in-law, James McFarland, over a year ago.

The republican bosses are giving all kinds of excuses for their disastrous defeat last week; but the Globe-Democrat and other leading republican papers say it was because of the many sins of omission and commission of the bosses.

The State Baptist Convention was in session in Jackson last week. The attendance was large and the meeting very interesting and profitable. The reports from all over the state were encouraging. Rev. Dr. Hillsman, of Trenton, was elected chairman—a most excellent selection, as he is one of the ablest ministers of his faith in the state.

From the Paris Intelligencer: Mr. J. R. Crowell returned from Brownsville last Friday, where he had gone to investigate the rumor that gold had been discovered on the farm of Rev. Mr. Armstrong, near that place. Mr. Crowell showed us a little box of dust which he had brought back, and which is certainly the pure stuff. He is an old miner, having spent several years in that occupation out in California, and says the prospects near Brownsville are very encouraging. Further investigation of the matter will be made in the near future, and we hope it will be successful, for if there is any one thing this country needs more than anything else it is a gold mine.

Jackson Anderson, republican, is elected a representative from Henderson county, instead of Peter Pearson.

Paralytic strokes, heart disease, and kidney affections, prevented by use of Brown's Iron Bitters.

## Tennessee Patents.

Mr. H. N. Jenkins, solicitor of patents, Washington, D. C., officially reports to the Milan Exchange the following complete list of patents granted to Tennessee inventors for the week ending Nov. 14th:

William G. Cummings, McMinville, horse detacher; Frederick W. Dove, Jonesborough, millstone-dress.

Gallatin Examiner: The small attendance for our nominee, Fussell, recalls the happening of a circus at a country town, during a revival at a church. There were but four at the circus. The clown appeared and regretting the small attendance announced that there would be no performance that morning, and requested them to call at the door and their money would be returned to them—that a performance would come off at three o'clock. In the afternoon there were three present, and a like announcement was made, and notice given that the show would come off in the evening. In the evening but two were in attendance, and the clown said that no performance would be had, to call and get their money, closing with "Let us look to the Lord and be dismissed."

Jackson Dispatch: On last Sunday night while the family were all at church a thief entered the residence of Mr. Thos. Tate, master mechanic of the C., St. L. and N. O. R. R., of this city, and stole about \$50 in cash, a suit of clothes and some other things. He escaped before the family returned.

## STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BITTERS, which is a true tonic—a medicine universally recommended for all wasting diseases.

501 N. Fremont St., Baltimore  
During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.  
G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

## Pryor's Ointment.

IS A SPEEDY AND SURE CURE FOR

Blind or Bleeding Piles, Hemorrhoids, Sores, Ulcers, Tumors, Itching of the Parts, Fistulas and all Kindred Diseases; also of Burns, Corns, Felons, Fever Sores, Scald Head, Tetter, Sore Nipples, Etc., Etc.

ATLANTA, GA., Aug 25, 1877.

After an experience of twenty-five years in selling this ointment, and during that time closely watched its effects, and having the testimony of my friends and neighbors to confirm my confidence in its merits, I became fully satisfied of its value, and I have bought the exclusive right to make and sell it and offer it to you as the best remedy in the world, especially for all forms of Piles.

## READ THE TESTIMONIALS.

This is to certify that I have tried Pryor's Pile Ointment in a case of piles, and state that it gave more relief than anything I have ever tried. I further state that as a remedy for burns it is unparalleled. I also used it for a case of tetter in my foot of twenty years standing, and say that it is the first thing that I have ever tried that gave me more than momentary relief. I consider now that I am entirely relieved from that distressing disease.  
JOHN D. NEWSON, Troup co., Ga.

Having been afflicted for ten years at intervals with that distressing malady, the piles, after many ineffectual trials of the remedies in common use, I could use a short time ago to use your Pile Ointment. I experienced immediate relief. From the relief experienced in my case, as well as from the reputation so rapidly acquired by your Ointment in this vicinity, I have no hesitation in expressing the opinion that it is the most efficient remedy for piles ever invented.  
O. A. BELL, LaGrange, Ga.

This is to certify that I used Pryor's Ointment in a case of a severe burn, and that in a few days it was entirely relieved of all inflammation, and healed rapidly. After the first application of the Ointment, the patient suffered no pain whatever.  
R. J. MORGAN, LaGrange, Ga.

By the advice of Dr. Fynn, I used your Pile Ointment on a servant girl who has been suffering for eight years with a most aggravated case of piles. She improved from the very first day's use of your ointment, and before using the box she was entirely recovered.  
G. W. FOSTER, Cusseta, Ala.

This is to certify that I have used Pryor's Pile Ointment, and say that it is, in my opinion, the best remedy for piles ever presented to the public. I say this from a positive application of the remedy on my own person.
