To all such a rare chance to make money will be offeredd Exclusive State and County privileges will be disposer on unusually fair terms, by application to the proprieto FARMERS AND STOCK RAISERS, I offer you a Corn and Cob Mill unsurpassed in the Un on, and which cannot be superceded by past or future in ventions. It is the very Mill which every Farmer and Stock

Raiser should have; it will crush from S to 10 bushels Corn and Cob per hour, with one horse; is easily fitted up and managed; weighs \$40 the , and as all c ntact of the grinding surfaces is prevented, will last any farmer an ordinary life-time. I speak thus of its durability, because the same rinciple has been fairly tested in the old Bark Mill. Who is it that wants for one month, and if it don't give complete satisfa-

return it? If there be any man thus disposed, let him n w speak. Satisfaction is warranted in every case, or the mon-ey will be refunded. The Crusher can be attached to horse, water or steam power, which renders it the most convenient Mill south of Mason's and Dixon's line. All other crushers now in the South require too much power, or will soon wear out. According to THE LAWS OF NATURE,

a Con and Cob Mill which admits of a lateral or wabbling motion will, nece sarily, soon wear out, all other Crushers are an enable to this grand odjection, and the Proprietors DARS of dispute it. In the c naturation of "vorse ARER ICA," have Gaised power, and I performancement I have lessened friction, and I challeson one wond to the centrary, I have prevented a wabbling lateral rection, and all are competed to acknowledge it, therefore, I assert that it is far uperior to any other Mill.
