To seli the above new and improved CORN AND COBB MILL. Tio all such a rare chance to make money will be offeredd Exclusive State and County privileges will be disposer of on unusually fair terms, by application to the proprieto FARMERS AND STOCK RAISERS, I offer you a Corn and Cob Mill unsurpassed in the Unon, and which cannot be superceded by past or future in ventions. It is the very Mill which every Farmer and Stock W ORCESTERSHIRF, Caper's, John Bull's, and other Raiser should have; it will crush from 8 to 10 bushels Corn Sauces, together with Toonate and Walnut Catsups, ecceved by LONGHURST & CO. and Cob per hour, with one horse; is easily fitted up and managed; weighs \$40 lbs , and as all o neact of the grinding surfaces is prevented, will last any farmer an ordinary life-time. I speak thus of its durability, because the some OBSTERS, Clams, Sardines, Salmon, &c., in store and for LONGHURST & CO. principle has been fairly tested in the old Bark Mill. Who

LONGHURST & CO. for one mouth, and if it don't give complete satisfaction, to return it? If there be any man thus disposed, let him n w finest Tess, embracing Gunpowder, Imperia, Hyson, speak. Satisfaction is warranted in every case, or the money will be refunded. The Crusher can be attached to home, water or steam power, which renders it the most convenient Mill south of Mason's and Dixon's line. All other trushers now in the South require too much power, or will soon wear CIGARS AND TOBACCO-We have in store, and will

THE LAWS OF NATURE, a Corn and Cob Mill which admits of a lateral or wabbling motion will, nece sarily, soon wear out; all other Crushers are amenable to this grand odjection, and the Proprietors DARE not dispute it. In the c astruction of "Young America," have gained power, and I herr contradiction I have ed friction, and I CHALLENGE ONE WORD to the contrary. I have prevented a wabbling lateral motion, and all are compelled to acknowledge it, therefore, I assert that it is far uperior to any other Mill. I am now selling this Tennes see invention at the small sum of FIFTY DOLLARS, And any one wanting a 'good thing,' are earnestly request wd to examine the true merits and principles of this Mili
