**The Colored High School.**

The closing exercises of the colored high school were held yesterday afternoon at the Summer building. A large number of the friends and relatives of the pupils were in attendance. The examination was conducted by the very efficient teacher, Miss M. J. Patterson, assisted by Misses C. E. Parke and L. F. Barney. After opening with a chorus by the school, "Closer to Thee," the first year class made recitations in algebra under direction of Miss Parke; a song, "The Torpedo and the Whale," was sung by the school, and recitations in physical geography by the first year class under direction of Miss Barney followed. **To Norfolk and Return.**

Excursions trips to Norfolk and return by the elegant steamer Lady of the Lake, which leaves every Saturday evening at 6:30 stopping at Piney Point, Fortress Monroe, and Norfolk reaching the latter place in time to give passengers an opportunity to visit Ocean View, spending several hours there, and returning, leave Norfolk Sunday afternoon at 4 o'clock, arriving in Washington about 6 o'clock Monday morning.

These are the most desirable excursions of the season, and will no doubt meet the popular demand, as they occasion no loss of time from week day duties.

The fare for the round trip is placed at the low rate of \$1. The steamer Lady of the Lake is one of the finest boats on the Potomac river. It was built expressly for travel on that line, and is first class in all her appointments. Her dining saloon is on the main deck, affording pure air, abundant daylight, and a beautiful prospect during meal hours, and her state rooms and promenade saloon cannot be equalled for cleanliness, style, and comfort.

With all these advantages she boasts of being the cheap line between this city and Norfolk. Her second trip takes place this afternoon.

Alice, the little daughter of Capt. H. E. Weaver, residing at 302 East Capitol street, was run over yesterday afternoon at 4:30 by one of the large wagons hauling broken stone for the improvement on East Capitol street. The little one had just left her father, and the next instant was under the feet of the horses. The front wheel passed over her legs, and just as the hind wheel was about to pass over her stomach her father pulled her from under the wheel. The driver was not to blame.

12,165 ROLLS IN STOCK.

The Great Matting Sale inaugurated last Monday, and now in full blast, already deserves to be written a grand and unprecedented success. From present indications it will rank as one of the most memorable Matting Sales in the history of the retail trade.

**SPECIAL.**

2,225 Rolls Fancy Matting—40 yards for \$5.50, or less than 14 cents per yard.

We were considerably amused last week by having a competitor advertise our mattings. He pasted our advertisement upon a roll of matting in his carpet department, with the following words: "We cut under these prices from 2 to 5 cents per yard. This caused a perfect rush for our establishment, and our matting department was crowded with purchasers who readily perceived upon examination that our figures were considerably less. For instance, our 14 cent matting was marked by him in plain figures 19 cents; our 29 cent matting marked 36, and so on throughout the entire line. Merchants from other cities came to buy at these prices, but we invariably refused. We do not keep heavy stocks for them, but for our retail trade."
