A Banquet for the Ladies!

The Palais Royal has learned that its competitors (having done but little spring trade) are making reductions in price in order to close out. The Palais Royal has never yet been undersold. Never has been; never shall be. We will inaugurate next Monday, by a special sale, such a feast of bargains that shall long be remembered in Washington. We have done a fine business the last six months, and can afford to sell at no profit for a month or so, and we are going to do it. We shall hold during June and July two special sales in each week. Each sale will include three departments. Such prices shall be made that competition shall be absolutely defied. Our patrons are requested to visit us this week. We ask no favors, but wish the public to judge whether we carry out our promises or not.
