The Brokers Vainly Trying to Guess How the Strike Will End—The Quotations.

GOSSIP OF THE STREET.

NEW YORK, July 24.—The bulls profess that the weakness of yesterday was due to the unsettled and ragged condition of telegraph matters, which depressed everything. There is a strong outside feeling in favor of a compromise now between the companies and the operators, and the various boards of trades and New York chambers of commerce are likely to urge this. President Garrett was telegraphed yesterday by prominent New York parties urging him to endeavor to fix differences before they widened on a common basis. Cyrus W. Field believes the Western Union company will never make concessions to the brotherhood, but he has nothing to do with it; it is left to Mr. Eckert. The bulls stick to it that notwithstanding stocks declined yesterday, the buying was greater than the selling, and the lower quotations were the result of scalping.

The Vanderbilt following at Saratoga think the general feeling there is bullish, but there is not much disposition to trade. Cornelius Vanderbilt is buying Lake Shore. H. N. Smith urges his belief that there is no money in selling short now. He believes telegraph matters will be amicably adjusted, and the favorable crowd will put prices up. The hoarder says the trunk lines are not doing traffic enough to make money, and he thinks the whole market except Lackawanna and St. Paul is too high.

Van Emburgh & Atterbury sold New York Central, Lake Shore and other leading stocks very largely yesterday. They sold 2,000 shares of New York Central, 60 days' option, to Kuhn & Loeb. Sternberger & Field sold 5,000 of Erie for London account.

Bissell broke Denver down two per cent on the opening. F. W. Lockwood & Co. were the largest sellers of New York Central, mainly on sellers 3. Bonson had orders to sell New York Central at 115. Enos & Co. bought New York Central. Kirkner offered Lake Shore. Greenlee bought Lake Shore. No feature in telegraph except Nicholas trying to put out seller 60s. R. P. Flower bought St. Paul. Jersey lends flat. New York lends flat 1-64; others at 2. Money at 4 1/2. Sterling unchanged. Seranton & Willard bought New York Central up to 115. Enos and Sternberger bought and Drummond bid for the stock. Bissell's sales of Denver were 3,000 shares and better the price. H. S. Wilson put out the 60 in Western Union. The market for Europe is here for sale.

The Baltimore and Ohio telegraph company are trying to effect a compromise outside the executive committee of strikers. Washington operators are content with a crisis is expected to-morrow, when the remaining operators will strike unless the company endeavors to meet the demands of the strikers, or make concessions in a spirit of justice. The Vanderbilt following is aiding Gould to keep up his speculation, generally discredited, and it is positively asserted that Vanderbilt is not in the market. The market after 1:30 p. m. was very dull and weaker, the Wabashes leading in the downward tendency.

Reports from St. Paul's general manager says that road will not be built to Kansas City, as was reported. Lack of funds is hinted as the reason.

The new east bound trunk line pool is to last for five years.

Dispatches from Chicago state that the Illinois agricultural report to be issued soon will say that the prospects for the corn crop have improved in all portions of the state during the last month, and that the improvement is shown in winter wheat. Harvesting is over in about half the counties in the state. Spring wheat is about the average.

The report of a great storm in the Mississippi valley was about as usual. It was hinted as a ruse of the telegraph company to avoid taking business which they could not handle because of the strike.

The market was hammered in the first fifteen minutes by the room traders for 1/4 to 1/2 decline. Some better buying followed, but another slump set in and by 10:30 the market was quite dull. Stocks lent at 2; Jersey flat, and New York Central flat to 1-64. Exchange unchanged. The general improvement in Pacific Mail was attributed to a belief in an early settlement of the telegraph troubles. On the second call the market was again dull, but prices were firm with no pressure to sell. Early in the last hour the market was very dull. Oregon and Transcontinental yielded 1/2 per cent. The Wabashes were also weak, and preferred selling to 38 1/2. Missouri Pacific to 90, and other Gould stocks very ragged, except telegraph, which was well sustained. At 2:45 there was a fractional recovery, but the trading was about as usual. The closing was dull, but slightly firmer, in report of an early settlement of the telegraph troubles.

LONDON, 25th.—United States 5's 1/2 lower, Erie 1 lower, N. Y. Central 1-16 lower, Illinois Central 1/2 lower, Reading 1/2 lower, St. Paul 1 lower.
