High School Exercises. A pleasant feature of the weekly music lesson at the high school yesterday was a short address by Prof. Mason, of Boston.

Prof. Butterworth, the regular instructor, introduced Prof. Mason, who, after leading the singing for a short time, proceeded to make a few remarks on the study of music, dwelling particularly on the Japanese method and relating his experience in introducing his system of musical charts into that country.

Prof. Mason is an engaging speaker, and was loudly applauded by the pupils.

The Wednesday miscellaneous exercise this evening consisted of a lecture on political economy by Prof. Gregory, of the civil service commission.

H. M. Cline has been appointed an assistant librarian, vice S. U. Townsend, resigned.

SMOKE COMMERCIAL CIGARS. Death of Mr. Richard Carter.

Mr. Richard Carter, aged 75 years, an old citizen, and for many years a large dry goods merchant, died on Wednesday, at his residence on Twelfth street, he will be buried at 2 o'clock to-day.

At the time of his death he was the oldest merchant in Washington. He was for many years in the dry goods business, from which he long since retired with a competence.

He was president of the board of school trustees, and occupied several offices of trust. He was a ruling elder in the First Presbyterian church, and beloved by all who knew him.

Dr. Sunderland will conduct the funeral service. The following gentlemen will act as pallbearers: Wm. B. Woodward, Prof. J. Ormond Wilson, John A. Gitt, W. H. Warner, Octavius Knight, D. I. Gitt, W. M. Shuster, John T. Mitchell, and H. J. Frost.

EX OPTIMO OPTIMUS! GEORGE W. DRIVER

Earnestly thanks the citizens of Washington for their liberal patronage during the past twenty-two years. He is determined to keep pace with the times, and hereby informs his patrons and the public generally that he has invested heavily in and perfected arrangements for the control of large lots of the Popular and CELEBRATED BRANDS OF FINE OLD WHISKIES, such as "Monticello," "Overholt," "Gibson," and "Hand-made Sour Mash and Bourbon," at figures that will enable him to retail the same at the bar of his establishment from this date at the reduced price of TEN CENTS.

Also all the imported goods, such as Scotch Whisky, fine Old Port and Sherry, Jamaica and St. Croix Rum, Holland Gin, &c., either straight or in cocktails, punches, or sours. A pony of fine old Brandy at the same price. These goods are the finest and best known in the market, and cannot be excelled at any bar in this or any other city, and are such as are sold for fifteen and twenty cents elsewhere. They are drawn and sold from the original packages, just as received, without alteration or adulteration, and their purity is therefore guaranteed.

As an earnest of my intention of supplying PURE LIQUORS ONLY I have had ten of my liquors analyzed by the eminent chemist, Prof. Thomas Antisell, and some of his analyses are here given. I have spared no expense in having them analyzed for several reasons:

FIRST-To satisfy myself that I am selling Pure and Unadulterated liquors, as I profess. SECOND-To silence the false assertions in regard to liquors made by some persons who are entirely ignorant of the subject. THIRD-To give assurance to a large number of incredulous people who think that Pure Liquor does not exist, or, least, is not so pure.

The samples of liquor I have given to Prof. Antisell were taken from my casks, are of the same quality which I have sold, do sell, and intend to sell hereafter. Prof. Antisell has a national reputation as a chemist, and no one will question his pre-eminant ability.

Statement of Prof. Antisell. The samples of Liquors and Wines furnished me by Mr. George W. Driver for examination, and which were chemically tested by me, and the results of which are herein noted, were completely free from metallic or earthy salts, or any poisonous ingredients derived from the animal or vegetable kingdom. They are specimens of pure liquors in the classes to which they belong. THOMAS ANTISELL, M. D., Chemist.

Old Monticello Rye. ANALYSIS-The strength in alcohol of Whisky is 52 1/2 per cent., and on evaporation leaves an extract about 10 parts in 10,000 of liquor. This Whisky is free from any fabrication or deleterious substances, and may be considered a very choice liquor. No alcoholic liquor can be purer. THOMAS ANTISELL, M. D., Chemist.

Sour Mash Bourbon Whisky (Hand Made). ANALYSIS-The Whisky is overproof strength, yielding 52 1/2 per cent. of alcohol. It is remarkably free from metallic residues, containing nothing but the color derived from the oak. It is free from all adulterations of lead or other metallic poison, and is an excellent quality of liquor. THOMAS ANTISELL, M. D., Chemist.

Holland Gin. ANALYSIS-The article is a pure product of distillation. It contains 57 per cent of alcohol in 100, and yields the merest trace of sugar. There is no metallic salt present to give it artificial strength, and it is free from any artificial vegetable substance, the odor is that derived from the distillation of the juniper berry. THOMAS ANTISELL, M. D., Chemist.

Ramsay Scotch Whisky. ANALYSIS-The Whisky possesses the strength of legal proof spirit of the United States standard, and leaves on evaporation less than 2 parts in 10,000 of extract possessing the well known, spicy odor of distilled malt, leaves neither acid, nor saccharine residue, and it may be considered a very superior article of Whisky. THOMAS ANTISELL, M. D., Chemist.

Sherry Wine. ANALYSIS-The wine has a dry, aromatic flavor, with the favor of the others produced by the fermentation of the grape, and contains 18 per cent of alcohol. The extractive matter of the wine is free from sulfuric and maleic acids, and yields an almost slightly alkaline. For medicinal or other purposes no liquor can be more fitted. THOMAS ANTISELL, M. D., Chemist.

Old Jamaica Rum. ANALYSIS-This is a fine sample of this kind of liquor, being free from all impurities. Its strength in alcohol is 51 per cent, and is therefore over legal proof spirit. It yields an extract of not more than 2 parts in 10,000, containing only woody acrid saccharine matter. It is free from metallic salts, adulterated substances, and is a very pure liquor. THOMAS ANTISELL, M. D., Chemist.

I am offering Choice Old Liquors by the bottle at the following reduced prices: Superior Old Sherry Wine, 1 00; Fine Old Bourbon Whisky, 1 00; Holland Gin, Irish and Scotch Whiskies, 1 00; Medford Rye, old and fine, 1 00. I solicit the patronage of those who use these goods, and especially connoisseurs in this line, for medicinal and other purposes. Has Ale and Guinness Dublin Stout on draught.

My Restaurant Department and Cafe are first class in every particular, and the larder is always stocked with everything choice that the markets afford at reasonable prices. Handsome Dining Rooms for Ladies. First-class Table Board. Finely Furnished Rooms, single or en suite, by the day, week, or month. Pool and Billiard Tables have been recently added, making in all one of the most complete places of public comfort in Washington.

Remember, I have done what no one else in Washington has ever attempted in having my wines and liquors analyzed. It proves beyond a doubt that pure liquors can be had at my establishment.

GEORGE W. DRIVER, 1343 Penna. Avenue.

To be Remembered. That the ONLY GENUINE Porous Plaster is "ALCOCK'S."

Tested for many years they are now heartily endorsed by the leading Medical Men in the country.

Their Great Sale has caused many IMITATIONS to spring up, which are advertised as "the best porous plasters," or as containing superior ingredients. All these are humbugs and Imitations. Ask for "Alcock's," And take no other.
