NOTES FROM RICHMOND.

Items of Interest Picked Up by the "Republican" Correspondent.

RICHMOND, Jan. 19.—The meeting held here Tuesday by the Republicans of the state for the purpose of organizing a branch of the National League, as provided for in the convention in New York, was undoubtedly a success, and the inspiration it produced among Republicans generally was excellent. The attendance was large, over 120 representatives altogether, and the proceedings harmonious and enthusiastic. Notwithstanding the storm of the day, the great papers of Richmond took their place on the meeting; it was plainly apparent that they were interested in the issue and matter, and that they took a more serious view of it than they dared to express. As to the Republicans themselves they are entirely satisfied with the situation, and will go into the presidential campaign with great vigor and confidence. The state branch of the National League will undoubtedly be a grand success.

There is some talk of adjourning the Legislature on the 21st inst., and will allow the legislature to act on many days, resuming the particular morning. The result for the day will be to give the bondholders more time in which to mature a proposition touching the articles and the interest on the bonds. Doubtless the legislature itself will take any action on the debt. It will wait to see what the market will do. The first meeting must come from the bondholders, or there will be no more at all. However, it is regretted that the unsettled condition of the market makes it impossible to be allowed to remain just as they are as far as any action of the state itself is concerned.
