To Preserve Potatoes From Rot.
Dust over the potatoes with lime, and put in 6 or 7 lbs. of potatoes and dust with lime as before. The more potatoes using about one bushel of lime improves the flavor of the potatoes and effectively kills the fungi, which cause the rot. Rouge Farm.

THE NORTH POLE.
A Survivor of the Jeannette Expedition at Last Rewarded.
The following from the New York World is of interest as describing the perils and hardships attendant upon these dangerous expeditions:
Harry Wilson, who left for Sweden the other day, as one of the half dozen survivors of the ill-fated Jeannette, which sailed away from San Francisco in the Spring of 1897 on a voyage of discovery toward the north pole.

When he was at the north pole. Charley Sing turned out badly. He has been arrested a great many times in different parts of the country, and is now serving out a long sentence in prison in Chicago. Perhaps his brain was frozen, too, and it is that which causes him to act queerly.

When one of the officers of the Jeannette search expedition, on the United States steamship Rogers, was on his way home across Siberia, in the summer of 1892, he found Wilson in the hospital at Irkutsk, and brought him back to the States with him.

\$1800.00 GIVEN AWAY TO INVENTORS.
\$100.00 every month given away to any one who applies through us for the most meritorious patent during the month preceding.
We secure the best patents for our clients, and the object of this offer is to encourage inventors to keep track of their bright ideas. At the same time we wish to impress upon the public the fact that it is the SIMPLE, TRIVIAL INVENTIONS THAT YIELD FORTUNES, such as the "car-window" which can be easily slid up and down without breaking the picture in America, "sausage-can," "collar-button," "nut-lock," "bootie-stripper," and a thousand other little things that most any one can find a way of improving; and these simple inventions are the ones that bring largest returns to the inventor. Try to think of something to invent.
IT IS NOT SO HARD AS IT SEEMS.
Patents taken out through us receive special notice in the "National Recorder," published at Washington, D.C. which is the best newspaper published in America in the interests of inventors. We furnish a year's subscription to this journal, free of cost, to all our clients. We also receive, free of cost, the invention each month which wins our \$100 prize, and hundreds of thousands of copies of the "National Recorder," containing a sketch of the winner, and a description of his invention, will be scattered throughout the United States among capitalists and manufacturers, thus bringing to their attention the merits of the invention.
All communications requested strictly confidential.

Do You Want To Stop Tobacco?
You Can Be Cured While Using It.
The habit of using tobacco grows on a man until grave diseased conditions are produced. Tobacco causes cancer of the mouth and stomach, dyspepsia; loss of memory; nervous affections; congestion of the retina, and wasting of the optic nerve, resulting in impairment of vision, even to the extent of blindness; dizziness, or vertigo; bronchoasthma; nighty suffocation; dull pain in region of heart, followed later by sharp pains, palpitation and weakened pulse, resulting in fatal heart disease. It also causes loss of vitality.
Quit, Before it is too Late.
To quit suddenly is too severe a shock to the system, as tobacco—to an inveterate user, becomes a stimulant that his system continually craves. "BACOCURO" is a scientific and reliable vegetable remedy, guaranteed to be perfectly harmless, and which has been in use for the last 25 years, having cured thousands of habitual tobacco users—smokers, chewers and snuff-takers.
You can ease all the tobacco you want, while taking "BACOCURO." It will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent interest.
"BACOCURO" is not a substitute, but a reliable and scientific cure—which absolutely destroys the craving for tobacco without the aid of will power, and with no inconvenience. It leaves the system as pure and free from nicotine, as the day you took your first chew of smoke.
Sold by all druggists, at \$1.00 per box, three boxes, (thirty days treatment, and guaranteed cure), \$2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box, booklet and proofs free. Eureka Chemical & Manufacturing Company, Manufacturing Chemists, La Crosse, Wisconsin. 1128-11

ROBBERS ON BICYCLES.
They Get Away With \$1,700 in Cash and Some Jewellery.
NEWARK, N. J. July 18.—While Mr. and Mrs. James Britt, of Haledon were out driving they were passed by two men on bicycles, who dismounted near Brookdale. When the Britts drove up the men told them to halt and surrender their valuables.
The robbers covered the Britts with revolvers and road away in an opposite direction when they got the booty, which consisted of \$1,700 in cash and a lot of jewelry. Farmers on horses attempted to catch them but the bicyclers were too speedy.
