Christie's Galvanic and Magnetic Curatives. These have been quietly working their way among the most intelligent and respectable classes, and are constantly achieving cures in a alarming train of diseases, which have for ages baffled all the efforts of medicine and all the resources of science. These diseases are called Nervous Complaints, and medicine is of no avail whatever in these diseases; it never does good and often does harm. Extracts, syrups, balms, balsams, elixirs, bitters, pills, powders and potions of every kind are alike worthless, for they weaken the vital energies of the already-prostrated system, while under the strengthening, life-giving, vitalizing influence of galvanism, as applied by this beautiful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor. These remedies relate to such diseases as neuralgia, the dolorous rheumatism, palpitation of the heart, nervousness, and all female disorders, such as nervous headache, lassitude and despondency, which are only other names for nervous derangement; epileptic fits and convulsions, which are now known to result from a non-equilibrium of electric influence; nervous tremors and deafness, which is nearly always caused by torpidity of the auditory nerves, and can always be perfectly cured by Galvanism, when the organ is not destroyed; dyspepsia, in its worst forms; palsy and paralysis, uniformly caused by a deficiency of the nervous influence; chronic rheumatism, torpidity of the liver, pain in the side, sluggish circulation, spinal and hip complaints, deficiency of nervous and physical energy, and all those distressing complaints resulting from a derangement of the nervous system. In the above prevalent and terrible class of diseases—nervous complaints are much more numerous than is generally imagined—CHRISTIE'S GALVANIC CURATIVES are an absolute and positive specific. The Belt is used when the body or system generally is affected; the Necklace for complaints of the throat, as asthma and bronchitis, and of the head; and the Bracelets for all disorders of the arms and hands, as rheumatism, palsy, tremors and spasmodic affections. These articles are simply applied as directed with the Magnetic Fluid which accompanies them, and when faithfully used they NEVER FAIL! Since the introduction in the United States, only three years since, more than 75,000 persons!!! including all ages, classes & conditions, among whom were a large number of ladies, who have been entirely and permanently cured, when all hope of relief had been given up, and everything else had been tried in vain!
