GREAT IMPROVEMENT IN DENTISTRY.
 THE public is most respectfully informed that I have prepared and will keep constantly on hand a fine assortment of TOOTH POWDER, MOUTH-WASH and ASTRINGENT LOTION, AS
An Every-day Companion to the Toilet of the Mouth.
 The above mentioned articles are judiciously prepared by a long and practical experience, and their beneficial effects have been daily tested during an extensive and successful practice, as a Dentist, for over thirty years.
 The TOOTH POWDER, cleanses the Teeth, makes them pearly white, preserves the enamel, and prevents decay.
 THE MOUTH WASH—preserves the gums, and prevents their becoming soft, spongy and white—it purifies the breath, and imparts to it a most agreeable and pleasant odor.
 I have also in preparation an ASTRINGENT Tincture, used for swollen, inflamed, or spongy gums, very valuable to those persons so affected, which by a constant use will keep the gums and mouth in a healthy state; meantime it will impart a fragrance to the breath, and of a very refreshing nature.
 All can be had at my operating room, Front Street, where all operations in Dental Surgery are performed with the greatest care, and upon the latest and most approved scientific principles.
 A. L. PLOUGH, Dentist.
