NEW ORLEANS' ADV'S.

SANITARY GUEL. I. X. L. NOURISHING REMEDY.

INVENTED AND PREPARED BY P. MARMAY.

The inventor of this new and invaluable remedy has taken patents in France, England, Scotland, Ireland, Belgium and the United States.

The most chronic constipation yields to the daily use of the Invigorating Guel.

The Guel is a pleasant food, and requires no particular diet; it excites the appetite, and acts favorably on the digestive organs, and cures more or less rapidly, but surely always, in every disease of the stomach, such as:

Dyspepsia, Gastritis, Heartburn, Magsims, Sick Headache, Pains in the Stomach, Costiveness, Vomiting, Chronic Diarrhea, &c. &c.

The Invigorating Guel is taken in different ways: with a broth—with water or sweetened milk—with or without the orange flower water. A spoonful of it is sufficient, and should be put in boiling milk and remain 15 or 20 minutes.

To be taken morning and evening.

For further particulars apply to the General Depot, No. 41 Conti street, between Chartres and Royal streets, New Orleans.

For sale, wholesale and retail, by A. BERNAUD-TRADER.

Depots in all the principal cities in the United States.

Important Notice.

Among all its other good qualities, which are universally acknowledged, it has been found to be highly useful and beneficial to Women in the state of Pregnancy, and that it facilitates their delivery.

It also improves positively the quality and increases the quantity of Milk of Nurses.

No other kind of food can be compared to it; it may be administered without fear to the youngest children; it refreshes and strengthens them, and preserves them against a great many diseases peculiar to their age.

We may therefore confidently recommend it to every family.

Every one-ponnd paper of the SANITARY GUEL, contains thirty-two portions for one person. They are all signed by P. MARMAY, Inventor and Patentee.

It is to be had in PLAQUEMINE of CARSON & KEARNY.

AYER'S

Ague Cure, FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement.

sed by the Malaria of miasmatic countries.

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the development of its preliminary symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection.

It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinine or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, and on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all like. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.
