

AUTOMOBILE RUNS INTO STREET CAR

J. J. Rife of Boston while coming to Richmond in his automobile on Tuesday afternoon failed to see an approaching city street car and the car and machine collided at Seventh and South H streets. The front axle and one of the wheels on the automobile were broken and the fender to the car damaged but neither occupants of the car or machine were injured.

GOT IT

Got Something Else, Too.

"I liked my coffee strong and I drank it strong," says a Penn. woman, telling a good story, "and although I had headaches nearly every day I just would not believe there was any connection between the two."

I had weak and heavy spells and palpitation of the heart, too, and although husband told me he thought it was coffee that made me so poorly, and did not drink it himself for he said it did not agree with him, yet I loved my coffee and thought I just couldn't do without it.

"One day a friend called at my home—that was a year ago. I spoke about how well she was looking and she said:

"Yes, and I feel well, too. It's because I am drinking Postum in place of ordinary coffee."

"I said, what is Postum?"
"Then she told me how it was a food-drink and how much better she felt since using it in place of coffee or tea, so I sent to the store and bought a package and when it was made according to directions it was so good I have never bought a pound of coffee since. I began to improve immediately."

"I cannot begin to tell you how much better I feel since using Postum and leaving coffee alone. My health is better than it has been for years and I cannot say enough in praise of this delicious food drink."

"Take away the destroyer and put a re-builder to work and Nature will do the rest. That's what you do when Postum takes coffee's place in your diet. 'There's a Reason.'"

Read the little book, "The Road to Wellville," in pkg.
Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

GOOD ROADS BILLS HIT THE RAILWAYS

State Board Provided Can Force Satisfactory Crossings on all Roads.

(Palladium Special)

Indianapolis, Jan. 11.—The two bills introduced by the Indiana good roads association and presented in the senate Tuesday by Senator Fleming practically contain the whole good roads plan but a few changes were made just before its introduction. One of these is that the highway commission which is created is to have the superintendence of all bridges on highways as to which state aid is granted, but where the cost of construction or reconstruction exceeds \$500 no state aid shall be granted.

The bill provides for a state highway board, two members unpaid, except to receive traveling expenses, one to be highway commissioner at \$1,000 yearly, all appointed by the governor. This board is to determine policies and methods and to have power over all contracts for road work. The commissioner may let the county take care of improvements under \$1,000 but over that amount makes the contracts himself. The counties pay their road funds to the state treasurer and all warrants for improvements are drawn upon the state.

The commission can force the construction of railroad crossings overhead, underground or otherwise as needed and compel the railroad to pay three-fourths of the cost.

By the second bill township trustees work under the state commissioner and appoint road supervisors for districts which "shall be numbered sections of not more than one mile each" at \$2 a day for not more than 90 days unless in special cases judged necessary by the trustee. Trustees may use road funds up to \$100 for constructing bridges or culverts if the county commissioners will not undertake the improvement. The county advisory board is authorized to levy a tax of not more than 40 cents on \$100. Reports are to be made to the state highway commissioner.

A FEW DOSES WILL REGULATE KIDNEYS

The blessed relief that follows the use of Pape's Diuretic is a revelation to sufferers from backache or kidney, bladder and urinary disorders.

The time to cure kidney trouble is while it is only trouble—Before it settles into Dropsy, Gravel, Diabetes or Bright's Disease.

Pape's Diuretic acts at once upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these organs, ducts and glands and completes the cure within a few days. The moment you suspect any kidney or urinary derangement, or feel a constant, dull backache or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding, you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure. Misery in the back, sides or loins, sick headache, inflamed or puffy eyelids, nervousness, rheumatism and darting pains, heart palpitations, bilious stomach, prostatic trouble, dizziness, sleeplessness, listless, weak, worn-out feeling and other symptoms caused by inactive, sluggish kidneys simply vanish. Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

FIRST REHEARSAL OF CHORUS SOON

First rehearsal of the chorus of the Richmond May Musical Festival will be held on the evening of January 17 at the high school auditorium. Those who were members of last year's chorus and those who desire to join this year have been notified of the first meeting by George Eschemeyer, the chairman of this committee. The orchestra has been rehearsing for several weeks. Both will undertake the study of more difficult compositions than those rendered at the 1910 festival.

A PURIFYING BILL

Aimed at Corrupt Election Practices.

(Palladium Special)

Indianapolis, Jan. 11.—The first roll call in the senate Tuesday brought forth a corrupt practices act, along the lines recommended in the governor's message. It was introduced by Senator Traylor of Jasper. The purpose of the bill is to purify elections through the eradication of monetary influences.

It limits campaign contributions of candidates according to the following scale: \$25 when the number of voters range from 10,000 to 50,000; \$10 from 50,000 to 100,000; \$5 when votes number more than 100,000. It forbids any judge or candidate for judge contributing. No corporation may make any contribution.

All campaign funds shall be collected and distributed by a bonded treasurer of the party campaign committee, and he shall make a sworn report of receipts and disbursements. Each candidate must make a public statement of his personal campaign expenses.

The bill is along the lines of the Maryland corrupt practices act.

MANY DEFENDANTS TO WOMAN'S SUIT

Requiring over two and a half type-written pages to set forth the names of the defendants alone, Lucy L. Bond has instituted suit in the circuit court against Ezra Scoville and a hundred and fifty-six others and their heirs. The purpose of the suit is to quiet title to a hundred and sixty acre farm north of the city. It is shown in the complaint that many years ago Nathan I. Bond had mortgaged his farm, but later, it is represented, he paid up the mortgage in full, but there is no record of the mortgage ever having been paid in full in any of the county offices. Several of the heirs of Ezra Scoville, who loaned the money claim an interest in the farm which the plaintiff alleges is a blot on the title to the farm.

No trouble to prepare Mrs. Austins Famous Buckwheat Flour. All grocers.

TRUST COMPANIES ARE MERGED TODAY

(American News Service)

Philadelphia, Pa., Jan. 11.—Stockholders of the Merchants' Trust company and of the Union Trust company met and ratified plans for the merger of the two companies already agreed upon by the directors. The merger is planned to go into effect about the end of this month. The new concern will be known as the Merchants' Union Trust Company and its president will be John S. Boren, at present a director of the Merchants' Trust Company.

Kentucky produces more tobacco than any other state in the union.

How to Treat the Feet.

Many men and women, and especially clerks, suffer with aching, swollen and sweaty feet. Others suffer much from cold feet, or corns and callouses. This form of misery can be readily banished by the simple daily use of antiseptic vilane powder, a specific of extraordinary virtues.

Obtain two ounces of vilane powder from any leading druggist and to a gallon of steaming water add a teaspoonful. Immerse the feet in this every night for a few weeks, ten to twenty minutes, and it will soothe, heal and remove all poisons and soreness. Corns and callouses disappear and cold feet soon become unknown. Any one suffering with their feet should have this knowledge.

Spells of Indigestion.

Many persons are subject to spells of indigestion, or a full feeling of discomfort, after eating an extraordinary large meal or something particularly hard to digest. Headache, foul breath, sleeplessness, fever blisters and ulcers on the tongue are evidences that

Are Easily Corrected

And a chronic attack of dyspepsia can be warded off by taking a few doses of my sweet little pills. This little pill has made me famous all over the country as "The Man Behind the Pills," and you can rest assured of the fact when I tell you that any case of indigestion brought about by constipated bowels or overeating can be cured.

By CascaRoyal Pills.

At all drug stores, 10c, 25c and 50c.

ANDREW CARNEGIE ONE OF SPEAKERS

(American News Service)

New York, Jan. 11.—Interesting commemorative exercises were held in celebration of the completion of the first twenty-five years of work of the Carnegie laboratory of the New York University and Bellevue Medical College, and of the opening of the Carnegie laboratory extension. Addresses were made by Andrew Carnegie, Dr. Henry S. Pritchett, Dr. William H. Welch and other men of prominence.

STOLZ ELECTROPHONES
