

## MAN KILLED IN EAST IS CHARLES WOLFORD

Body of Milton Victim Will Be Brought Home This Week.

### MORE TYPHOID CASES

Homer Wissler, of Richmond, Stricken While Visiting Parents.

MILTON, Ind., Oct. 17.—Late dispatches from Waynesburg, N. Y., state that the body of Clarence Wolford, a former Milton youth, who was killed in a railroad accident in New York about two weeks ago, will be sent to Milton tomorrow. Orvel Wolford, a brother, has gone to the scene of the accident and will accompany the body home. There has been some mystery connected with the death of the young man, who had been buried ten days before the parents were notified. The body will be buried in the Milton cemetery.

**Case of Typhoid.**—Homer Wissler, of Richmond, is at home of his father, Erich Wissler, west of town. He came home sick, and the case has developed into typhoid fever.

CAMBRIDGE CITY, Ind., Oct. 17.—Samuel Fisher of this city is one of the ten or more members of the Knights of Pythias of the state who will benefit by the action of the Grand Lodge in forming a special fund to be used for the relief of members either wholly or partially disabled. Mr. Fisher is totally blind.

### DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain out 50 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapefruit and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

## EXPERTS ANNOUNCE JUMPS IN PRICES

Men in Department of Agriculture Say Meats and Food Crops Scarce.

### WASHINGTON, Oct. 17.—Another

jump in the cost of living is due, according to department of agriculture experts who today announced that meats and food crops are scarce. The experts have little hope for cheap meat through competition of Argentina and other beef producing countries under the new tariff law, because of the free markets of England and other countries.

With the farmers taking a share of the output, it is argued, meats hardly can become plentiful and cheap here.

"The high cost of meat is a serious reality," said James M. Pickens, of the bureau of animal industry, "and it is now obvious that the rise in prices in recent years is the natural result of an actual shortage in production. It is evident also that the country is facing a short production of meat and that some constructive measures must be adopted if the appetite for this class of food is to be supplied."

### OFFICIAL'S ATTITUDE ON CITY LIGHT PLANT PERPLEXES CITIZENS

(Continued from Page One.)

ary of \$5,644.10. While during 1910 to 1913 inclusive the entire expense of the city court was just \$815.03, or a saving to the general expense of \$4,829.07, I have included in the \$815.03 the amount refunded to the victims of the "right and left" ordinance, which amounted to \$153.63. So in making a recapitulation of the whole, we find Zimmerman has had the advantage over the previous four years of \$188,097.97, plus \$2,650.00 used from the Chautauqua fund.

What is there to show for this vast amount of money advantage which Zimmerman has had, in addition to the regular income from taxes and other sources?

Has Nothing to Show. If you will except the possible increase to the surplus of about \$18,000 and an increase in the city's proportion of public improvements of about \$15,000, there is ABSOLUTELY NOTHING TO SHOW.

When the question of extra help to clean the streets, after the Fall Festival, is suggested, the street commissioner, Genn, assures us no such thing could be thought of as there is no money with which to meet the additional cost.

I have made a desperate effort to find one bright spot in the administration of Mayor Zimmerman without success. I am reminded very much of the story of the doctor who, on one of his visits to a patient, said: "Well, my dear madam, and how are you today?"

"O, doctor," she said, "I have terrible pains all over my whole body, and it seems impossible to breathe! Of course, I can't sleep at all, and I haven't a particle of appetite."

"But otherwise," said the doctor, "you feel all right, don't you?"

"This story, it seems to me, is a striking parallel to the conditions of our city affairs."

Now, seriously, what are we going to do about it?

Isn't it time that something drastic be done?

While our citizens show a keen interest in national and state affairs, very little heed is given to municipal conditions which is decidedly of equal importance with national and state issues, and is fraught with as great dangers.

The lack of attention and vigilance is what has incubated individual domination and the results are the present deplorable state we find ourselves in.

We now have an opportunity to remedy these conditions, are we awake to the occasion?

### DOUBLY PROVEN

Richmond Readers Can No Longer Doubt the Evidence. This Richmond citizen testified long ago.

Told of quick relief—of undoubted benefit. The facts are now confirmed.

Such testimony is complete—the evidence conclusive. It forms convincing proof of merit.

David Hershey, carpenter, 318 S. Thirteenth street, Richmond, Ind., says: "When I used Doan's Kidney Pills some years ago, they gave me such great relief from backache and kidney trouble that I publicly recommended them. I gave a statement at that time, and I am now glad to confirm my former words of praise. I was troubled by kidney complaint and used a great many remedies without finding relief. Sometimes I could scarcely drag myself around and I had sharp pains in the small of my back. Two boxes of Doan's Kidney Pills rid me of this trouble."

For sale by all dealers. Price 50 cents. Foster-McMurdo Co., Buffalo, N. Y., sole agents for the United States.

### Strengthen Your Lungs Is Timely Advice

when consumption claims over 350 daily in the United States. Neglected colds, overwork, confining duties and chronic disorders exert the weakening influence which allows tubercular germs the mastery.

The greatest treatment that science affords is courage, rest, sunshine and Scott's Emulsion.

Scott's Emulsion contains pure cod liver oil to clarify and enrich the blood, strengthen the lungs, rebuild wasted tissue and fortify the resistive forces to throw off disease germs.

**Strengthen YOUR lungs with Scott's Emulsion—its benefits are too important to neglect.**

Physicians everywhere proclaim its worth and warn against alcoholic substitutes.

Save A Coupon and Get A Set of Books

NEXT FRIDAY AND SATURDAY ARE REOPENING DAYS OF THE PALLADIUM'S GREAT DISTRIBUTION.

Think of it—a five-volume set of modern reference books for one coupon and \$1.98. It doesn't seem possible but so many of our readers asked for another chance that The Palladium will give them another opportunity by distributing these sets on the popular coupon plan next Friday and Saturday.

This wonderful set of books is called Everybody's Cyclopaedia. Its pages are filled with ready reference information suitable for all purposes. In science and art, biography, and all other cyclopaedia subjects it is complete. Its chronological history begins with the first records known to man and is brought down through the ages to the important events of this year. It is illustrated as in no similar work, with full page and double page color plates and monotypes which cost thousands of dollars to prepare; and instructive text illustrations about throughout the five volumes. Briefly, it is the latest, greatest and best modern reference work extant, and is to be compared only to the highest priced cyclopedias which sell on the installment plan at from \$50 to \$100 a set. All this useful information in these large and unwieldy volumes is set forth in readable form in Everybody's Cyclopaedia.

Read the display announcement printed elsewhere in this issue. Look for the coupon and clip it without delay. Only one coupon is required. Two million dictionaries were recently distributed to readers of leading newspapers, and here is even a greater bargain
