COLLEGIANS BATTLE TOOTH EXTRACTORS

Earlham college will open its regular college basketball season at Indianapolis Saturday night when it will play the Indiana Dental college. These teams have never met on the basketball floor before so it is a difficult matter to make any comparison of their relative strength.

Four veterans of Earlham's last season's quintet are eligible to play

this year, Lancaster, a guard, being the only man off the team which represented the Quakers last year.

* Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious - merry. bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multilockout; so I called a committee of the tudes of "nerve wrecks," "rundowns," "brain fags" and pessim!sts we should see a virile, optimistic throng

of rosy-cheeked people ever; where. An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening

the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, billousness, nasty breath, rheumatism colds; and particularly there who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance. awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.-Adv.
