

## \$2,500 ESTES BOND DECLARED FORFEITED COLLECTED BY SUIT

EATON, Ohio, April 21.—The forfeited \$2,500 bond of R. L. Estes, convicted of automobile theft, but who failed to appear to serve sentence, has been collected by County Prosecutor R. G. Sever and turned over to the county.

Counsel for Estes opposed forfeiture of the bond on ground that Estes was under court order in Illinois and was unable to appear here. After having a month ago declared the bond forfeited, Judge A. C. Risner a day or two ago issued orders to Prosecutor Sever to bring suit to recover the amount of the bond if not paid forthwith.

A. J. Hiestand, local banker, surety on the bond, surrendered the amount of the bond to the prosecutor Thursday and in turn he turned it over to the county. The surety was secured against loss by government bonds, it is said.

### Attracted Interest

The Estes case attracted much local interest. Estes and his nephew, William Mills, non-residents of Ohio, were convicted of stealing an automobile from the garage of S. C. Ritchie, banker, in New Paris. They were sentenced to one to seven years imprisonment each. The appellate and supreme courts passed upon the case and affirmed common pleas court. The case was in the courts three years, during which time Estes and Mills were at liberty under bond.

Some time after the supreme court decision, forfeiture of Mills' bond was demanded. Later he surrendered himself and entered upon his sentence.

### Transfer County Fund

Transfer of \$12,000 from the county fund to the county road repair fund has been made by the county commissioners upon authority of Common Pleas Judge A. C. Risner. In petitioning for the transfer the commissioners represented that the road repair fund was exhausted and that the county fund was ample to meet all demands that might be made upon it.

### Hear Three Appeals

Judges Ferneding, Allread and Kunkle, constituting the court of appeals, in session here Thursday, were presented three appealed cases. In one case common pleas court was affirmed, one case was passed for settlement and decision was reserved in one case. The three cases were appealed on error.

The case in which common pleas court was affirmed was that of H. A. and H. G. Swisher, doing business in Dayton as the Swisher Realty company, against S. S. Black. A jury rendered a verdict in favor of Black. Listment and sale of a farm was basis for the suit, the company having sought payment of a commission.

The case in which decision was reserved was that of the First National bank of Camden, against Ralph M. Taylor and M. L. Kiracofe. The bank sued on a note and a jury awarded judgment against Kiracofe, as surety. Kiracofe set up claim that he did not sign the note. He appealed the case. The case passed for settlement was that of Jacob A. Inman against James M. Lackey. Inman won the decision in common pleas court and Lackey took appeal. The suit grew out of appropriation and sale of an alleged mortgaged corn crop. It is understood the case is to be settled and dismissed.

### Shoots on Highway

Justin Archer, of Lewisburg, is held to be grand jury under \$100 bond on a charge of discharging firearms on a public highway. The complaint was filed by Mrs. A. L. Barnhisser, of Lewisburg.

Archer waived examination before a squire in Lewisburg and was bound over to common pleas court. His father and father-in-law furnished his bond.

### Dismiss Old Suits

Three separate suits brought five years ago in common pleas court by the Cincinnati Northern Railway company against the Lewisburg Stone company, involving \$226, were dismissed Thursday. An entry in the cases set forth that the amount sued for had been paid. The money sued for allegedly represented freight and demurrage charges.

Upon its request, a suit brought by the Farmers' National bank of Seven Mile against C. O. Mendenhall and Albert Kirk to recover \$2,187 on alleged notes, has been dismissed from common pleas court.

In England the suggestion has been made that the public highways be colored by means of some cheap chemical spray, which would make them less tiring to the eyes of motor drivers.

## PURDUE SAYS DON'T SELL HENS IN SPRING

WEST LAFAYETTE, Ind., April 21.—Sale of hens in the spring is advised against in a statement just issued from Purdue. It is the common practice to keep hens over winter and sell

in the spring when prices are a few cents higher than in the early fall. It is pointed out by the poultry department that the extra egg production during the summer months will more than balance the margin between the fall and spring prices.

Full sales of poultry should be made before October, as price declines begin then. However, poor or non-producing hens are expensive to keep at

any time, and when enough are present to pay for the cost of handling the flock, it will pay to cull them out and sell them at any time of the year.
