

WARDS OF U. S. RELIEF CANNOT BE DESERTED SAYS QUAKER WORKER

Mead A. Kelsey, secretary of Indiana Near East Relief, well known Quaker, and active in the Friends church, is back from a tour of the Bible lands where he saw what American generosity is doing for thousands of children made orphans by war, famine and persecution.

Mr. Kelsey went to the near east to see for himself some of the benefits of Indiana's generosity. From the state headquarters of Near East Relief, he sends this message to Indiana people: "What most people want to know is 'How long are we going to have these children on our hands, and what is to become of them?'"

Cannot Desert Wards.
"Here is the answer: We must care for these kiddies until they can care for themselves. With some that will come very soon. In fact, already many are paying for their keep by services rendered. Others will be on our hands from five to eight years. Like it or not, the job is ours, and to attempt to quit it would be a crime. As one of our party said, it would be better to take these children out and shoot them than to desert them to become the outcasts of society."

"If we desert these children now," the secretary adds, "it would be to turn them out to become the thieves, the harlots and the vagabonds of society, a curse instead of a blessing. We simply cannot and will not do it now, nor will any right thinking people demand it. These children cared for and trained in American ideals, will become the social and perchance the political saviors of the near east."

Mr. Kelsey says that the little wards of Near East Relief are gradually being moved from the danger zones in Asia Minor to other territory. The secretary will be available for addresses over the state.

BURMESE NATIONALIST LEADER IS APPLAUDED WHILE IN MANDALAY

(By Associated Press)
MANDALAY, Burma, Sept. 20.—Mandalay gave the greatest ovation in its history recently to U Ottama, the Burmese monk and Nationalist leader, who came to the city from the Maubin jail where he had been shut away for his political activities.

The city went wild, for Mandalay. At the railroad station U Ottama was placed in a palanquin and carried through the streets. Eight thousand monks and 50,000 people lined the way to greet him. There were many flags, much bunting, and countless political mottoes hanging from trees. Women threw flowers and rice in front of U Ottama, presented him with gifts, and distributed fans, betel nuts, cold drinks and tea among the marchers. There was singing all along the line of march, and music from Burmese bands.

U Ottama was called upon to make an address. He dwelt upon the country's national aspirations.

Change in Mentality.
"There has come a distinct change in the mentality of the Burmese people," he said. "The old cringing before a sunburnt autocrat has given place to a manlier outlook. We have begun to take active interest in everything that happens in Burma as well as in India."

"We are born in an age of new world-awakening. We are nurtured in new ideals. Let us take courage in our hands, and with a will and determination spring into the fire of patriotism and our road is clear before us. It is a question of the realization of the true spirit of freedom."

"If we can induce our people to take to hand-made cloths and avoid many useless luxuries of foreign make, home rule will be secured to us at no distant date. Englishmen do not want your country if they cannot make money out of you."
