

NEW BRITISH CHIEF HINDERED BY PARTY INSISTING ON JOBS

LONDON, Oct. 24.—Demands of the "Unionist" "diehards" for more complete control of the British government hindered Premier Bonar Law's efforts at cabinet making today.

It is understood that the delay in announcing the names of the ministers who are to replace the fallen coalition government is due to the insistence of the "diehards" on strong representation in Law's government.

The new premier, political observers state, has under advisement, a plan to appease the recalcitrants in the unionists, his own party, by bestowing the important post of minister of war on Marquis Salisbury. Premier Law had first planned to appoint the Marquis to the more ornamental office of Lord Keeper of the Privy Seal.

It was anticipated that Premier Law would be able to smooth out the difficulties in forming a cabinet and announce the names of his ministers today or tomorrow.

Parliament is to be dissolved Thursday and the general elections are to be held Nov. 15.

The eyes of all political parties are on Lloyd George, who is opening headquarters of the "Outs" in the house he has leased about a mile from 10 Downing street.

One of the bitterest fights of years is expected to be waged by Lloyd George and his supporters in his campaign to come back to power.

The labor party, which has been attacked as "radical" by the Unionists and coalitionists, has drawn up a manifesto in which a denial is made of charges that it is bolshevistic in tendencies.

Premier Law Thursday plans to announce in greater detail his policies when he addresses his constituency at Glasgow. The general election the premier, who stands for election to the house of commons, will be opposed by a labor candidate and Sir George Parish, independent liberal.

SHEIK LOVE ACQUITS PEGGY BEAL, NURSE

(By United Press)

KANSAS CITY, Mo., Oct. 24.—"Sheik Love" was recognized along with the unwritten law as the provocation for murder. The unique plea was given cognizance for the first time in legal history when a jury in Judge Ralph S. Latham's court, acquitted diminutive Peggy Beal, last night for the murder of Frank S. Anderson, "professional Sheik."

Basing her case on the new defense that she killed her "perfect lover" to save other women from the depredations of hearts, after he showed her a list of 50 girls whose romances he had blighted, pretty Peggy, gained her freedom, on a second degree charge of murder.

Introduction of the new character in legal procedure came after one of the shortest trials on record. The jury reached an agreement on its fourth ballot, just 12 hours after the trial of the modern "Thuvia" was called on the docket.

"LION" IS YELLOW DOG REPORTER DECLARES

(By Associated Press)

CHICAGO, Oct. 24.—The Michigan "Lion," which has aroused the dune country in Southwest Michigan since last Thursday, has been tracked to his lair, and is a dog, according to a reporter for the Chicago News, who made his report today.

Meanwhile an army of newspaper reporters still is beating the brush and big game hunters also have taken up the trail with high powered rifles. The newspaper reporter after several days of fruitless search for a new trail of the lion, that several editors reported having seen or heard took exact sketches of the footprints of the beast, which were found near Lakeside, and began a hunt for feet that made the prints.

At length the sleuth after inquiries at many farm houses, found Adolph Whitmeyer, living on the hill, near a dense woods of Barren county, where country folks said the lion had been seen. Mr. Whitmeyer admitted that he had a dog a yellow hybrid mastiff. It was of great size with broad head, thick hair, especially bushy on the neck, with a long tail tufted with white. It appeared to be a ferocious beast, but the reporter observed him wagging tail and soon was on good terms with it. He found that its feet corresponded to the prints found near Lakeside.

RED CROSS NEAR EAST EXPENSES \$786,200

(By Associated Press)

WASHINGTON, Oct. 24.—Near East expenditures authorized by the American Red Cross since the fall of Smyrna now total more than three-quarters of a million dollars, a sum which Red Cross officials said today, was regarded as sufficient to meet all immediate needs of the situation. A compilation of applications made at headquarters of the organization here shows a total of \$786,200 expended or authorized, including \$448,000 set aside for purposes to make up the total of the shipping board relief ship to sail soon from New York, and \$75,000 spent for supplies to be shipped in the steamer Styvesant.

Foreign War Veterans Will Be Reorganized

Frank S. Livingston, state commander of the American Legion, in a letter written to Frank T. Strayer of this city, has requested him to hold a meeting of the organization sometime next week, with a view to reorganizing the unit. "The post has 350 members in good standing and the local condition has been brought about merely through the inactivity of the officials," said Mr. Strayer. Tuesday an election will be held in the street club rooms, next week. The date will be announced later.

This Airplane is to be Used by Amundsen for Flying to the North Pole

Photo shows smaller of the two planes being lowered from Amundsen's ship Maud, later to be assembled for the flight to Point Barrow. The big ship to sail over the top of the world is the Sinson established an endurance record in the dead of winter in New York. This picture of the plane is the first published in America.

Field, Stream and Woodland A department conducted exclusively for the protection of fish, game and natural treasures.

Don't For Hunters

October—the wonderful colorful month that awakens in every outdoorsman's heart a longing to be afield with dog and gun—is here. With it comes the hair-brained sport who is casual with the gun.

Last season over 200,000 hunting licenses were issued in the United States. In addition to these there was a large number of men and boys living in the remote districts who went forth without the formality of a license.

Last year there were over 10,000 casualties due almost wholly to carelessness. If all the sportsmen and gunners going into the field this year will note carefully the following "don'ts" there will be fewer accidents and possibly no casualties.

1. Don't point a gun, loaded or unloaded, at anything you do not wish to kill. They have a regular habit of discharging when unloaded.

2. Don't experiment or "monkey" with a gun, particularly an automatic, while resting or while seated in a machine.

3. Don't lay down a gun, loaded or unloaded, in the snow or sand. Always elevate the end of the barrel by placing a stick or a stone under it. If even a small amount of dirt or snow gets in the muzzle the barrel will burst down to that point when fired.

4. Don't have guns loaded when stopping for the noon-day meal. Make it a rule to always unload your gun when stopping any length of time, especially when others are in your company.

5. Don't transfer a gun from one machine to another or hand gun to one in a machine without first removing the shells.

6. Don't climb a fence and pull your gun through after you; where there is more than one person in a party, separate a considerable distance before climbing a fence so that if your gun is accidentally discharged, your companion will not be the victim.

7. Don't use old shells and don't try to load them yourself.

Our new ballistite powder is changeable and should be handled by machines and experts. 8. Don't carry a loaded gun hanging carelessly over your shoulder when hunting in a party. Keep the business end down.

9. Don't ever leave a loaded gun when the day's hunt is over and don't ever leave a loaded gun standing against a wall or a door. Lay it down.

10. Don't ever fire at an object until you know exactly what it is—until you have seen it clearly. Many a good man is enjoying October over there who is unfortunate enough to appear like an animal to some of our near-sighted gunners.

11. Don't disobey the game laws. Don't be a game hog. Go out into the field feeling like a gentleman and acting like a true sportsman.

The open season in Indiana on fur-bearing animals opens Nov. 10, and closes Feb. 10. This law covers the fox, opossum, raccoon, skunk, mink and muskrat. The law on taking these animals out of season is very drastic. For the violation of any of the laws covering fur-bearing animals a fine can be assessed or a fine and a jail sentence can be handed down. There is perpetual closed season on doves in Indiana.

LEGALITY OF ADDED HERRIN INDICTMENTS TESTED IN ILLINOIS

(By United Press)

MARION, Ill., Oct. 24.—State's Attorney Philip Doty, today, went forward with plans to test the legality of the 48 additional indictments for murder in connection with the Herin massacre, returned by the special grand jury late yesterday.

The jury, meeting in a one day session, named 48 persons as responsible for the death of Ignace Kubinski, non-union miner, who died in Herin hospital a few weeks ago as the result of injuries sustained in the fatal riot last June. The body then announced it had completed its work and adjourned.

That the new indictments may be illegal, is the opinion of Circuit Judge Hartwell, before whom they were returned. He holds that the jury was impaneled during the July term, while the true bill was not returned until the September term, now in session.

Doty differs with the judge, and indicated he would seek a decision from the supreme court.

Yesterday's indictments raise the total returned to 434. Of these 215 are for murder.

Farther Airplane Tests Will Be Made At Dayton

(By United Press)

MT. CLEMENS, Mich., Oct. 24.—The Curtiss army biplanes which finished in the first four positions in the Pulitzer trophy race are to be developed by the army as the standard pursuit plane, according to officers of the first pursuit group, stationed at Selfridge field, near Detroit. The race which broke all speed records during the recent meet, are being packed for shipment to Dayton, Ohio, for further tests at the army engineering field.

Jury Selected For Mine Battle Trials

(By United Press)

WELLSBURG, W. Va., Oct. 24.—Selection of a jury continued today in the first of the Cliftonville mine battle trials which began yesterday in Brooke county court. John Kaminski indicted by the grand jury on a charge of having taken part in the march of armed miners from the Pennsylvania state line, which resulted in a pitched battle between the invaders and a force of sheriff's deputies and the killing of seven men last summer, is the first defendant among the 200 accused to go to trial.

Will Arnold, salesman employed by the Burton and Bills Shoe company, was slowly recovering Tuesday from injuries received Monday evening when he fell while descending from the automobile in which he was riding. Mr. Arnold struck his head in the fall and remained unconscious for a short time. He was taken to the office of a physician for treatment. He was unable to be out Tuesday.
