GERMANS GIVEN WARNING U. S. IS GIGANTIC FORCE Teuton and Swedish Writers Tell of America's Great Man-Power and Supply Resources.

STOCKHOLM, July 30.—Hjalmar Branting, the noted Swedish editor and statesman, who passed three days with General Pershing's forces in France, has returned filled with enthusiasm, not only over the number and morale of the American troops, but at the presence and spirit of 15,000 Swedish-American soldiers as found in the American army.

Editor Branting says he found the majority of the men in one division were of Swedish extraction. He was told that 200,000 Swedish-Americans are expected at the front next year. Such a force would comprise the greatest army of Swedish men history has known.

ALSTRIAN DEFEAT RECALLED. Mr. Branting points out that 200 years ago Gustavus Adolphus, with one-tenth as many Swedes, freed Europe from Austrian tyranny. Commenting upon the number of Americans in France, Mr. Branting said that one day he rode by into a distance of 200 kilometers and found the countryside swarming with Americans, their barracks covering immense areas.

AMERICANS "BIG CHILDREN." He said that in some of the villages where the entire male population is at the front, women and children were in the heartiest fraternization with the American soldiers. He describes as especially kind and chivalrous, like big children, helping the French children in their troubles and tasks.

The editor was informed there the new 1,100,000 Americans on and behind the front and the beginning of 1919 will find 2,000,000 partly in trenches and partly in instruction camps.

Gen. Pershing's discipline is strict, Mr. Branting observing that the American soldiers' salutation of officers is much more respectful than the French.

PALMER SEIZES GREAT GERMAN CHEMICAL PLANT Takes Over Enemy - Owned Works in New Jersey, Holding Patents.

WASHINGTON, July 30.—Seizure of the Heyden works at Garfield, N. J., second largest corporation of its kind in the United States, with exclusive right to use many valuable German patents, processes and formulas for the making of vital sodium salicylate, saccharine and other products of carbolic acid, was announced yesterday by Alien Property Custodian Palmer. The plant will be operated for the government, Mr. Palmer said, and the patents and formulas Americanized.

The Heyden works, which did a business of \$4,000,000 last year, were taken over, the custodian said after an investigation by Francis P. Garson, director of the bureau of investigation in the alien property custodian's office, revealed that it was owned by the "Chemische Fabrik Von Heyden of Radebeul, Germany, the largest chemical company in the world, and that an effort to conceal the real ownership had been made in 1916 by George Simon of Brooklyn, N. Y., representative of the German company, aided by T. Elliott Holstein, an attorney of New York city.

NEGRO ROBS COLORED WOMAN (BULLETIN.) TIMES BUREAU. AT STATE CAPITAL. INDIANAPOLIS, IND., July 30.—Governor Goodrich and Harry E. Smith, Lake county sheriff, last night authorized the Hobart Liberty guard company to pursue a man who committed a crime on a woman. The guards surrounded him in a swamp the governor was notified today.

Yesterday at about 1:30 the alarm was spread that a colored woman at Liverpool, three miles east of Gary, had been knocked down by a burly negro and robbed of \$45. A posse of citizens of the little burg, the Hobart militia and the Gary police scoured the countryside in search of the culprit all night but failed to find any trace of the thief. This morning at 8th and Broadway Deputy Sheriff Basset arrested a negro by the name of Jeff Crowell, living at 2555 Monroe street, Gary, giving the description of the robber and brought him to the police station where he is being held for identification.

FIVE NEGROES ARE ARRESTED Five negroes were arrested last night in a raid on a crop gang at 16 Plummer avenue, Hammond. They are Sam Taylor of 146 Plummer avenue, John Stewart of Hohman St., Larney Barrs, 560 Merrill avenue, H. Thompson, 16 Plummer avenue, John Henry, Plummer Avenue. Their trial was continued until Saturday in the Hammond city court this morning by Judge Kloetz.

GARY MAN NAMED. TIMES BUREAU. AT STATE CAPITAL. INDIANAPOLIS, IND., July 30.—Clarence A. Fry of Gary was named district organizer for northwestern Indiana by the U. S. Public Service Reserve. Better to have War Savings Stamps in your safe than the blood-stained hands of the kaiser's hordes at your throat.

E. CHICAGO DID NOT HESITATE

There Was No Quibbling or Arguing When Government Spoke; Franchise Is Granted in Jig Tim.

East Chicago has again substantiated its reputation for meeting to the full all government requests by granting through its board of works permission for the laying of a double street car track on Forsythe avenue between Chicago avenue and 15th st.

President Talmadge of the Hammond, Whiting and East Chicago Street Car Co. was before the board yesterday with information in regard to the plan of government agents for an extension and betterment of street car service and with the request for permission in accordance with the company's franchise to tear up the pavement on Forsythe avenue and put down a second track.

Had it not been that the permit was really necessary in order that the government might carry out its program, the resolution would have been passed very reluctantly. The street car company was petitioned and beseeched at the time Forsythe avenue was razed, to provide a second track and to assume their part of the burden in the cost of the pavement, but the prayers of the city were all in vain. Now that the pavement has been assessed against the property owners, the board ordinarily would hesitate very much to tear up this pavement at this time, especially in consideration of the fact that the people are still paying their assessments for this improvement.

Second, it will enable the company to give a ten minute service between Indiana Harbor, East Chicago and Hammond and to avoid to some extent the excessive crowding of cars that now makes travel on this line almost unbearable during common hours of the day.

President Talmadge said that just as soon as the government approved the plans and specifications for this improvement, the contract would be let and the work hastened as much as possible. This three blocks of track constitutes a part of the \$200,000 program which the government is financing.

HOME SERVICE DEPARTMENTS BRANCHING OUT Leo Wolf, member of the firm of Kaufman & Wolf, is chairman of the Home Service Department of the Red Cross, and at a meeting yesterday afternoon at Liberty Hall announced plans to establish an office with permanent attendants to give information to mothers, fathers, wives, sisters and other relatives of soldiers, sailors and marines. Miss Patterson will be the permanent secretary of the department. For several weeks the office will be in room 204 of the Hammond Bldg. and later at Liberty Hall.

PAYTON GIVES HIMSELF UP East Hammond Man Who Attacked Wife Now in Custody of Police. Ernest Payton of 525 Ames avenue, Hammond, went to the Hammond police station last night and gave himself up after having a fight with his wife. Mrs. Payton, who had just gotten out of the hospital, where she had been recovering from injuries received when the automobile in which she was riding hit another machine, claims Ernest stabbed her in the face and head and shot at her, the bullet going through her waist, leaving powder marks on her. Payton is being held in jail on a charge of felonious assault.

DEATH OF BARE. Doris Kealer, four months old daughter of Mr. and Mrs. Devoy Kealer of 668 Howard avenue, Hammond, died at her home this morning. Rev. Basset will hold services at their home at 7:30 tonight, and the remains will be shipped to North Judson tomorrow morning for burial in their family lot. Undertaker Stewart in charge.

SWEATER STYLES FOR FALL DAYS VARY; SLIP-ONS THAT HAVE SLEEVES POPULAR

Slip-on sweaters with sleeves will be as popular this fall as the sleeveless ones are during this hot weather. Such are fashion's whims and yet it is not a whim either for one must have more protection for the cooler days. This one is fashioned in two tones of sand colored silk. The belt and collar are made of the lighter shade.

MUST NOT BE USED FOR MONEY RECEPTACLES

The following resolutions of the Hammond Chamber of Commerce concerning the use of the flag of the United States were passed at a meeting today. The Hammond Chamber of Commerce calls attention to the public that gradually and generally throughout our country there has been developed the practice of carrying the United States flag horizontally on various public and patriotic occasions in processions and parades for displaying contributions from by-standers to be used for most praiseworthy purposes.

Such use of the emblem of our country in this manner has developed the reverence in which we hold our flag, moves us to declare against such use, or the use that would in any way detract from its dignity and glory; therefore be it Resolved, that the Hammond Chamber of Commerce urge that the flag of the United States, 48 Stars, the emblem of our country, should not be used as a receptacle for money offerings, either in processions, parades or on any occasion. HAMMOND CHAMBER OF COMMERCE. BY JESSE E. WILSON, President.

AZIMOVA GREAT STAR Nazimova, the great star of the Metro pictures, "Revelation," which will be presented at the DeLuxe Theatre on Aug. 2nd and 3rd shows her ability as an artistic interpreter of classic dancing in this photodrama.

Dressed as a bacchant, a priestess of Bacchus, god of wine and revelry, with leaves in her hair, a garland of grapes around her neck, and a goblet in one hand, and a cluster of grapes in the other, she performs "La Danse Bacchante," typifying the exuberant spirit of revelry of a Parisian cafe. The great Nazimova executed this dance with true artistry and poetry of motion in graceful movements which were ideal for registration by the motion picture camera. On the screen, this dance is a revelation in accurate presentation of delicate movements in motion pictures.

GIRL WORKERS HELP BROTHERS IN TRENCHES (BY EXTENS PRESS.) NEW YORK, July 30.—The Italian boys who are doing so nobly in driving back the Austrians are getting first-class support from an organization of fifty of their sisters here.

These fifty girls are employed in factories and shops during the day, but they spend two evenings every week making surgical dressings for the Red Cross. The Italian working girls' Red Cross unit has been organized by Miss Marie Ferguson and meets after working hours in a room on Madison avenue, which is occupied by wealthy Italian women workers for the Red Cross during the day.

The same girls have volunteered for other kinds of service for the allied armies after working hours. Miss Violet Giovagnoni spent many of her evenings collecting money for the blind relief fund. The evening she completed her canvass she received word that her brother, fighting in the Italian army, had been blinded in battle. The girls turn out 2,000 surgical dressings a week. The Rita-Carlton hotel shows its appreciation of the working girls' efforts by sending them lunch each working night.

NEW MAINS ARE NECESSARY The East Chicago and Ind Harbor Water Co. has been ordered by the board of works to extend its main and put in the necessary hydrants on McVelle avenue from 141st street to Garfield avenue and on Alexander avenue from 141st street to Canal Port avenue.

It was seen that the city would have an epidemic on its hands if conditions were not corrected and the water company was accordingly ordered to install the necessary extensions. The petition for this improvement was presented by W. E. Roe in behalf of the Indiana Harbor Realty Co. and other property owners along these streets. The petition recited the fact that there are sufficient residents on these streets to fulfill the exactions of the franchise and to justify the city in asking the company to put in these mains. DEADLY ASSAULT

Issue Wilson of 360 Merrill avenue, Hammond, was arrested by Captain Strone and Officer Carlson at the West Hammond police station charged with felonious assault with intent to kill.

Wilson cut a gash two inches deep and six inches long over the heart of Leola Jackson of 59 Plummer avenue. She is in St. Margaret's hospital and not expected to live.

Issue is being held in the Hammond jail awaiting the outcome of Leola's injuries. Both people are colored.

CONSTRUCTION CO. WINS ITS ACTION Verdict for Clark Cons. Co., Against A. F. Knotts of Gary Is Returned.

LAPORTE, IND., July 30.—A verdict in favor of the plaintiff was returned by the jury late yesterday afternoon in the case of the Clark Construction Company vs. Armond F. Knotts of Lake county, which has been on trial here for several days. The verdict is for \$11,295.00. The suit had to do with a contract made by defendant about 10 or 11 years ago for the erection of a brick building on Broadway, Gary, which was never built. Defendant filed a cross-complaint and alleged that he was a greater loser than the plaintiff for the reason that the building was not erected and he was unable to hold the property on which it was to have been erected. The case came here in a change of venue from Lake county. Plaintiff formerly obtained a verdict for \$10,000 in an Illinois court. Colburn & Osborne and Crumbraker & Crumbraker represented the plaintiff and William J. Whinery of Hammond and Barrow & Rowley represented the defendant.

Mr. Shadowsky comes home each Saturday for the week end. His family will remain here until spring.

FIRE SALE AT INDIANA HARBOR A corps of clerks are marking goods at low prices and the Jacob Pogach store at 2425 Michigan avenue, Indiana Harbor, is being prepared for a great fire and smoke sale to start Thursday, at 9 a. m. Shoes for men, women and children, men's furnishings and many articles that housewives will be glad to get at before-the-war prices are to be offered.

WORK OR FIGHT ORDER APPLIED TO YOUNG GIRLS EVANSVILLE, Ind., July 30.—As an initial step in a campaign to rid the streets of young girls without visible means of support, Judge E. H. Ireland in the city court this morning fined Edna Risert and Addie Woods each \$50 and costs under a recently enacted work or fight ordinance. The judge immediately suspended sentence on condition that the girls find work in the local factories and made arrangements for daily reports from their employers in order to keep track of them. This is the first application of the work or fight law to females here and the campaign will be vigorous, according to local authorities. Both girls are 15 years of age.

GARY BUILDING PERMITS ISSUED John Kerr, a Gary building contractor, took out a permit yesterday for the erection of a two story brick residence to cost \$4500 at 725 Carolina street.
