

WHITING REJOICES OVER NEWS

(SPECIAL TO THE TIMES) WHITING, Ind., April 23.—The people of Whiting are rejoicing over the announcement made this week by the directors of the Standard Oil Company that the community is to receive a gift of \$450,000 for the erection of the Whiting Memorial Community House. At a meeting of the Community Service Directors held Monday evening, Colonel E. W. Stewart speaking in behalf of the company said that this fund was available at once and would be placed at the disposal of the Community Ser-

vice, \$300,000 being given by the company and \$150,000 by Mr. J. D. Rockefeller and his son. Mr. W. E. Warwick and Dr. William Burton, President of the company, were present and spoke of their interest in this enterprise which will mean so much to the entire community. The building is to be located on Short and Clark streets and will contain all the best modern facilities necessary to the development of wholesome social, recreational and educational life. One of the most interesting features will be an auditorium fronting on Clark street with a seating capacity of 1200 which will serve as a meeting place where the people may gather to enjoy moving pictures, theatricals, musical programs and the many other forms of entertainment included in the program of Community Service. Other facilities housed in the building will be a large, open lobby, two gymnasiums, a swimming pool, bowling alleys and billiard room, Boys' and Girls' Scout rooms, club rooms for the women and a beautiful memorial room for the

use of the men who served in the World War. The directors of Community Service who will receive the gift for the people and be responsible to them for the erection and maintenance of the building are Mayor W. E. Schrage, John Thiele, Joseph Chilla, F. E. Lewis, T. S. Boyle, James Evans, Thomas Cooke, Daniel Gallagher, R. E. Green, Mrs. William Rought and Mrs. James Judson. It is the plan of these representative citizens to develop in the city a Community Service organization which shall embrace the entire population, both old and young, and have every resident regardless of race or creed feel that the new community house is his to use for the highest good of himself, his family and his fellow-citizens. This building is a gift, not to the city or to any class or group, but to the people; it will be their social and recreational headquarters.

AND STILL SUGAR JUGGLING GOES ON

(INTERNATIONAL NEWS SERVICE) WASHINGTON, April 23.—Sugar consumers have been given another gleam of hope today. Atty. Gen. Palmer informed that candy and soft-drink manufacturers, through a "corner" of the bulk of raw sugar are responsible for impending sugar shortages and ascending prices, is making plans for a survey of warehouse stocks. Mr. Palmer will follow a personal interview with sugar refiners on Monday, with a searching probe, designed to reveal where big stocks of sugar known to be in the country, are being hidden. Department of Justice agents have wired reports from various centers, indicating possibly a concerted plan to hold back sugar supplies to gain higher profits.

GRUNAU SAYS "WE'RE LICKED"

(INTERNATIONAL NEWS SERVICE) CHICAGO, April 23.—"On with, off agit," negotiations for the calling off of the switchmen's strike in the Chicago district, were "on agit" today when John Grunau, chief of the strikers, who left a conference with federal officials in anger Thursday, announced that he would appeal to the strikers to return to work at a meeting to be held here in two days. "We're licked," said Grunau. "We cannot fight the government." Railroad officials regarded this statement as sounding the knell of the big strike movement throughout the country.
