

REYNOLD'S BLD'G. DEAL IS CLOSED

Negotiations which have been pending for two weeks for the sale of the Reynolds Building, 222 Broadway, were officially closed today when deeds were filed at Crown Point conveying the property to the Gary Central Realty Corporation. The price paid is understood to have been \$1,100,000.

The Reynolds building is considered one of the most valuable holdings in Gary. It is a two-story structure entirely devoted to offices and one of the most modern of its type in the city. It was formerly owned by H. J. Reynolds of Chicago.

Officers of the Gary Central Realty Corporation are: Joseph Tittle, Joseph Frost, Sam Miller and A. M. Fischer. The purchasers declined to make any definite announcements as to future improvements in the building, but it is thought that two more stories will be added to the present structure, the foundations for which were constructed to support five stories.

This transaction is one of the largest consummated in downtown real estate in many months.
