

WHAT THEY WILL ASK OF POLAND

Russ Intend to Create Great Army of Polish Workmen

Note: The following note from George Tchitcherin, foreign minister in the soviet government at Moscow, is the most important utterance which has come from a Russian office since the Russo-Polish situation grew into a vital world problem.

BERLIN, Aug. 14.—Russia does not intend to crush Poland but she does plan to create a great army of Polish workmen, as a counterpoise to the Polish imperialistic landlords and as a bulwark of peace.

INTERVIEWED BY WIRELESS The latest of twentieth century news paper methods was employed to secure this statement with the detailed peace terms which Russia is offering to Poland—an interview by wireless.

DENIAL OF REPORTS The soviet foreign minister gave the first official denial of reports that the Red army is out of hand and that the generals of the Polish front are defying the orders of the civilian members of the soviet.

WORKS TO CLEAR WRECK PEACE The soviet government is seeking the best guarantee in arming the Polish workers and trusting them to establish the bulwark of peace.

TO RETAIN ARMS "Instead of Russian occupation, the soviet government relies entirely upon the arming of Polish workers and allowed them to maintain peace. Poland will retain sufficient arms and war materials to supply this army of workmen."

REPORT IS ABSURD One of the questions wireless to Moscow referred to reports that the soviet could not stop the advance of the Russian army on Warsaw, even if it desired. M. Tchitcherin thus answered this query.

CONTROLLED BY SOVIET The commander-in-chief of the soviet army is Gen. Kamenef. His chief of staff is Gen. Letcheff. The commander on the Western (Polish) front is Gen. Tukatchev, a very good young communist officer.

DEMANDS FREE HAND As to Great Britain, M. Tchitcherin said: "Until a general agreement is reached with Great Britain the soviet government has an absolutely free hand in the orient. Limitations can be decided upon only by a treaty or some other such agreement. It can give assurances that such limitations will be rigidly observed."

EQUAL SUFFRAGE NOW DEPENDS ON TENNESSEE HOUSE

MAY PASS AMENDMENT ON TUESDAY

Carrie Catt Is Furious Over Statement She Is Alleged To Have Made

BY G. F. MILTON (TIMES BUREAU AT STATE CAPITAL, NASHVILLE, TENN., Aug. 14)—The house of representatives of the Tennessee general assembly is now all that remains between the federal suffrage amendment and victory. The senate Friday having passed a resolution ratifying the nineteenth amendment. The house as yet has taken no action on it. Its own resolution is still in committee, which decided not to report back before Monday night, and the house is adjourned until 10 a. m. Monday.

SUFFRAGE LEADERS CONFIDENT Suffrage leaders confidently expect to pass the amendment in the house on Tuesday. The senate measure, already engrossed, will be presented to the house Monday morning under the rules it will have to lay over a day unless unanimous consent can be obtained for immediate consideration. That is believed impossible.

When it comes up in regular order Tuesday, a motion will immediately be made to pass the senate resolution. No effort at all will be made to bring the house resolution out from committee, as the committee control is in the anti-suffrage hands.

MRS. CATT IS STIRRED UP Several hours debate are expected on Tuesday before the members vote. Ratificationists claim they have at least sixty with them now, and that many will climb on board the suffrage band wagon. Only fifty are necessary for a constitutional majority.

WHAT THE EDUCATION WILL COST

It will cost \$150 at a conservative estimate to furnish a business education to Miss Josephine Rudolph, the girl who had her foot cut off by a train at the Hohman street, Michigan Central, crossing in Hammond.

These figures were announced today by Mrs. Grace Conroy, treasurer of the committee appointed by Hammond W. C. T. U. organizations, to take charge of the work of raising enough money to finish the girl's education. The cost is apportioned as follows:

RUSS 15 MILES FROM WARSAW

WARSAW, Aug. 13, via London, Aug. 14.—Russian cavalry is only 15 miles from Warsaw, according to news from the front tonight.

All day long the rumble of battle sounded in the ears of the inhabitants of this city.

There was a heavy artillery duel between the fringe of outer forts defending Warsaw on the northwest and north and the Russians.

Headed by strong cavalry detachments, great masses of reinforced Russian infantry are driving against the Polish defenses in the direction of Ploce, on the Vistula river.

The fate of Warsaw depends upon the Vistula bridge-heads west of this city. If they are lost there will be no further obstacle in the way of a Russian advance into the city.

GOOD THING B.V.D.S WERE NOT OFF

City Health Inspector Gets Trousers on in Time to Nab Auto Thieves.

John Doll, city health inspector, lives in an apartment in the Ruff building at Hohman street and Muench court, Hammond.

Last night he was getting ready for bed when he heard a noise in the street below where he had parked his divver. He stepped to the window and saw the car moving away, propelled by the two boys.

John started down stairs to give chase but his wife stopped him. "You can't go out with just your B. V. D.s on," he said.

He halted just long enough to pull on a pair of trousers, then he was off again. The boys had pushed the car around on Hohman street and were trying to start it when John arrived.

Mrs. Doll had called the police station an officer Lute reached the scene at about the same time.

Harvey Holmes, 17 and Henry Ipe 14, were taken into custody. They gave their homes as Mishawaka and are being held until relatives can come after them. Mishawaka police said that Holmes had been in trouble before.

BACK TO THE OLD BATH TUB

Members of the B. F. Shearon family, 33 Webb street, Hammond, will probably be forced to forego the pleasure of bathing in the lake tomorrow but it is likely that a representative of the house will be at the beach closely scrutinizing all bathers.

The reason is that someone slipped into their back yard yesterday afternoon and stole the family's five bathing suits from the clothes line. The report made to the police station lists a one-piece ladies' blue suit, a one-piece gentleman's blue and white striped suit and three one-piece children's suits array and black.

G. O. P. Is Tricky Says Cox

(BY HARRY L. POWERS) (STAFF CORRESPONDENT I. N. SERVICE) WHEELING, W. VA., Aug. 14.—Gov. James M. Cox, democratic presidential nominee, in a speech before the Democratic state convention here this afternoon attacked the republican party for attempting "trickery with the American people," and appealed to all voters, regardless of party, to rally to the support of the democracy in order that peace may be concluded promptly and future wars made "difficult."

"The platform of our party gives us the opportunity to render moral co-operation in the greatest movement of righteousness in the history of the world and at the same time to hold our interests free from peril," the governor declared. "We were unwilling to sacrifice in behalf of the next generation because preceding generations sacrificed for us. After all that is the vital thing in civilization. We resisted a world-wide menace, and we intend now to establish permanent protection against another menace. We know how easily wars came in the past. We want to make their coming difficult in the future. We have a definite plan; the American people understand it, and the fourth of March 1921, it is our purpose to put it into practical operation without continuing months of useless discussion."

The circumstances of the last eighteen months, the governor asserted, convict the republicans of trickery and now leadership in a great moral question that has been given democracy the Russian army. They merely sit upon a military advisory board.

"The supreme military control is in the hands of a revolutionary military commander at the front. The Red army is completely in the service of the soviet government and is controlled by the soviet government."

DEMANDS FREE HAND As to Great Britain, M. Tchitcherin said: "Until a general agreement is reached with Great Britain the soviet government has an absolutely free hand in the orient. Limitations can be decided upon only by a treaty or some other such agreement. It can give assurances that such limitations will be rigidly observed."

MANY TO JOIN LAKE CO. CARAVAN

Plans Develop for Indiana Day at Marion on the 28th of August.

The development of plans for the big celebration at Marion, O., on "Indiana Day," August 28, indicates that there will be a big crowd of Indiana people to greet Senator Warren G. Harding. Frankfort republicans have asked for two cars on the special train which will leave Indianapolis under the auspices of the Indianapolis Harding Club. This club has engaged the Indianapolis Military Band to head the procession in Marion and to provide music on the way.

A special train will leave Hammond with delegations from over Lake county and will arrive at Marion in time to greet the excursionists from Indianapolis, thus forming a big Indiana parade. The train with the Indianapolis Harding Club aboard will leave Indianapolis at 7:45 a. m. and will take on delegations at Anderson, Muncie, Winchester, and Union City, arriving at Marion at 1 p. m. The train will return at 8:45 p. m. arriving here at midnight. A moving picture operator will accompany the train.

The headquarters of the Indianapolis Harding Club are at the English hotel, with Richard Lowther in charge.
