

HARDING BACK FROM HIS TRIP

By GEORGE R. HOLMES
STAFF CORRESPONDENT I. N. SERVICE
MARION, O., Sept. 30.—Tired from three days hard traveling and speaking, but vastly encouraged by political conditions as he observed them in states which have been listed as doubtful, Senator Warren G. Harding returned home to Marion today, more confident than ever of republican success in November.

The Harding special pulled into Marion early this morning, behind schedule as a result of the near tragic wreck experienced yesterday in the West Virginia mountains.

Senator Harding spoke in five states on this, his first trip of the present campaign—Pennsylvania, Maryland, West Virginia, Kentucky and Ohio. He made altogether some two dozen speeches, covering every issue of the campaign.

Discussing his trip with newspaper men coming in, Senator Harding said: "It is my deliberate judgment that the people of this country are tired of things as they are—that they do not believe the administration at Washington has done right and that they want a change."

No delegations were due to come to

Marion today and the senator planned to spend most of the time clearing away three days accumulation of correspondence and business.

Tomorrow will be "Social Justice Day" at the front porch. Many prominent women and several delegations will come to hear the senator outline his views on issues in which women are particularly interested. Marion women will join in the celebration and many Marion industries will close down to allow their women employees to attend. A committee consisting of Mrs. Richard Edwards, Mr. Raymond Robins and Mrs. Mary Roberts Rhinehart is making the arrangements.

One week from today Senator Harding again takes the road for a short campaign trip into the mid-west, speaking in Omaha, Kansas City, Des Moines and Oklahoma City.

COX GLAD AT KANSAS PROSPECTS

By HARRY L. ROGERS
STAFF CORRESPONDENT I. N. SERVICE
EN ROUTE WITH GOV. COX
HUTCHINSON, Kan., Sept. 29.—With the league of nations as a lever, Gov. James M. Cox today continued in western Kansas, the effort he began at Topeka and Atchison yesterday to pry

Newly Elected Chieftain of the American Legion

Col. F. J. Galbraith.

the sunflower state loose from republicanism and align it with the forces of democracy. Though republican newspapers have freely predicted the state will go for Harding and Coolidge by at least 100,000, Gov. Cox was jubilant following the meetings yesterday when his league utterances found tumultuous response and his doctrine as to progressivism government were enthusiastically received.

President Wilson carried Kansas in 1916 on the issue of peace and Gov. Cox is convinced that if the state is to be won this year it will be on the same issue.

Believing that the agricultural population is essentially religious and naturally friendly toward the league, the governor will continue to drive home the fact that practically every religious organization has endorsed the idea of a peace league and will reiterate his charges that Senator Harding has no substitute for the Versailles covenant.

Gov. Cox will also make use of the Armenian issue, which he believes to be especially popular in Kansas.

Arriving at Hutchinson early this morning the governor attended a breakfast given by the First Veterans' league. His next speech at the Auditorium followed. From Hutchinson he goes to Newton, where he is scheduled to make two speeches, one at a chamber of commerce luncheon and another at the auditorium this afternoon. The main speech of the day will be delivered at Wichita tonight. Shortly after midnight the party will leave for Enid, Okla.

EAST CHICAGO PART-TIME SCHOOL NOW

Part-time schools as provided by recent state legislation will be made a part of the program of the East Chicago board of education during the next year, according to an announcement by Superintendent E. N. Canine yesterday. The schools will not open until the first or middle of November

but when the classes are started the school authorities will be in a position to give the very best opportunities for all children affected.

The part-time school law provides that at the option of the local board of education all children between the ages of fourteen and sixteen who are not attending school may be required to attend school for four hours each week. This four hours instruction may be arranged at the convenience of the school authorities but has been worked out in most cases where tried as four hours one day a week. Hammond and Gary had part-time schools last year and met with great success. In Hammond this year there are more than three hundred pupils enrolled.
