

GIRLISH SUIT OF DUVET DE LAINE

This brown duvet de laine suit is not practical and girlish and is good for all purposes. A double belt, a tab with a long row of buttons at either side and a novel collar are the only distinctive features which mark the suit aside from the sensitive tailoring.

Big Republican Meeting in Whiting

(SPECIAL TO THE TIMES) WHITING, Ind., Oct. 28.—Senator James Watson after touring Lake county today will make his wind-up talk at Whiting this evening at a big meeting scheduled for the Whiting High School auditorium. In addition to Senator Watson, Warren McCray, Republican candidate for governor, will also speak.

E. CHICAGO WOMAN GRANTED A DIVORCE

(SPECIAL TO THE TIMES) CROWN POINT, Ind., Oct. 28.—Ester Schetzel of East Chicago was given a divorce from her husband, Harry, by Judge Norton in the circuit court on Monday. Mrs. Schetzel alleges that he struck her, swore at her, remained away from home all night and in every way made life so unbearable that she could not stand it.

Whiting, probably more than elsewhere and a large number will turn out to hear him.

Teeth Shine

When the film goes—watch and see

Learn now how teeth look—how they feel—when you combat the film.

Get from your druggist, without cost, this ten-day test. Note the instant results, then look in ten days.

Millions have already done this. Leading dentists everywhere advise it. Now show your home folks what clean teeth really mean.

The war on film

Dental science, the world over, is fighting a war on film. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. And most tooth troubles are now traced to it.

Those troubles have been constantly increasing. The ordinary tooth paste does not end film, so the tooth brush has proved inadequate. Millions know how well-brushed teeth have discolored and decayed.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And, despite all brushing, few escape these troubles caused by film.

New ways to fight it

Now dental science has found ways to fight film, day by day. Able authorities have proved the methods efficient. Leading dentists everywhere now urge their application.

The methods are combined in a dentifrice called Pepsodent. To millions it has brought a new era in teeth cleaning. And to every home a ten-day test is offered free, so all may quickly know it.

Quick, visible results

Anyone can see and feel what Pepsodent is doing. No old method of brushing ever brought such effects. So we let this test convince you.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. The alkalinity of the saliva is multiplied also, and at once. That is to neutralize mouth acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

The effects of Pepsodent come with every application. We constantly combat, in efficient ways, the teeth's great enemies. And millions of teeth are given new protection and new beauty.

FREE

This Week Only

At any drug store named below, a 10-day tube of Pepsodent. Simply present the coupon.

Watch the teeth whiten—note how clean they feel. Then think what such protection means to you and yours.

Get the free tube today.

Millions now show the effects

In every circle nowadays you see glistening teeth. Ask the owners. You will find, we think, that they are using Pepsodent.

Go get this free tube and try it for yourself. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Then let the children use it. Their teeth need it most. Very few children reach the age of 15 without some tooth decay.

Let the man who smokes see how it takes the stained film from his teeth.

Let all find out how much cleaner teeth feel, how much safer, when brushed in this new way. Then this ten-day test may bring to your home some lifetime effects.
