"He who loves with purity considers not the gift of the lover, but the love of the giver."

A thoughtful giver will give only those things that will last the longest and render the greatest service. Jewelry, of course, makes the most ideal gift.

# DAILY LETTER From SANTA CLAUS

North Pole,  
 December 8, 1920.

Mr. Jos. L. Hirsch,  
 Care of "The Model."

Dear Friend Joe:

Just received a letter from a Hammond party asking for a monkey for Christmas, but guess it will be impossible to comply with this request. I used to give monkeys for Christmas presents, but the results are not so good. I left one at a fashionable home on South Hohman street one Christmas night and "Hank," as we called him, broke every electric light fixture in the house.

Not satisfied with that, he got into the pantry and ate three mince pies and slammed pumpkin pie against the kitchen window. Then he went to the basement and choked the turkey gobbler to death.

When the old man heard the commotion he got out of bed and went down to settle "Hank." In the meantime, Mr. Monkey had discovered a bottle of grape wine and was treating himself. Enraged at the old man's appearance he shot the bottle for a hit between the eyes, but it missed and Hank got a kick in the loin that put him out of commission, and he was caged and sent back to the North Pole by freight.

Hank was such an uncultured gentleman that we returned him to the jungles of South Africa, and resolved never to give monkeys or dogs as Christmas presents again.

Well, we have one more sled ready for the "Reindeer Special," this coach will contain nothing but ready-to-wear articles, as we have had thousands of requests for such things as Fur Caps, Silk Shirts, Gloves, Scarfs, Knitted Ties, Handkerchiefs, Hose, etc.

The Grand Boola Boola will be buried tomorrow. His last request was that his warehouses full of rich gifts be turned over to Santa Claus, and it's going to mean so many gifts this Christmas that we may have to run the Santa Claus Special in several sections, but of course Santa Claus will be at the head of the Special, and we expect this trip to be the most glorious ever attempted.

Tell everyone you see to make up their list of wants now, without delay, as we are getting the Reindeer Special ready for the grand trip over the world the night of December 24.

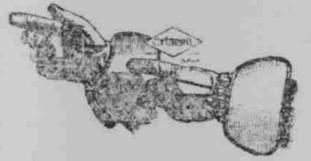

Sincerely,  
 SANTA CLAUS.

P. S.—Please send me the list of those who want a bicycle.

## That's What Women Say

As long as you can remember you have heard it said that the quickest way to a man's heart is through his stomach.

It is undisputed that women are greater lovers of candy than men. Candy takes preference over masculine sweetness with her.

So, we maintain the quickest way to reach HER heart is in the presentation of a beautiful box of Chocolates, specially prepared by the Hammond Candy Co.

We advise placing your order for that "Special Box" today, as we will be jammed with individual orders during the last few shopping days.

We will be glad to offer advice if needed in the selection of a present.

## A Pig in a Poke

Many people will buy an automobile merely upon the strength of statements made by a salesman, and the world is not entirely rid of unscrupulous salesmen. It is like buying a pig in a poke.

We not only explain thoroughly the Jackson principles of construction, we go farther than that—we allow those responsible to put the Jackson to any conceivable test, so that you may be absolutely sure the Jackson is what we claim for it—a \$3000 car in the \$5000 class.

We insist that you "Know Your Car."

It's just the gift to make her forever happy. Place order now for Christmas delivery.

## CASTERS THAT SAVE ENERGY

Swivel, Roller-Bearing Double-Wheels that Really Roll

"Because the Federal is fundamentally a labor saver, Madam, Federal engineers said: 'Let us carry out its primary function to the last detail,' and these unusual casters, made especially for the purpose, are one of the 'last details' added to an already wonderful machine. If you have ever struggled with a sewing machine or some other cumbersome, supposedly movable piece, you will appreciate the strain and patience-saving features of this Federal Washer. It is so easily moved that it may be twisted around with the ease of handling a tea wagon. Everything was planned to do away with dreaded back-ache and strain of wash-day."
