SERVICE In Addition to Quality

Quality is one thing and something to which you are entitled with every purchase. If you do not get it, you do not get the best value from the articles you buy. Service is an entirely different thing and it is an added feature of our business in that it makes every purchase positively satisfactory. The satisfaction is the result of making goods right by refund or exchange or anything that will cause you pleasure in trading here and more fully emphasize our ability and willingness to serve you. Remember these things when purchasing drug store goods. No extra cost for extra service here.

Never a Home Without a Hot Water Bottle

The flexibility of our hot water bottles is remarkable. That is because they are made of the purest, most highly vulcanized rubber with all its stretchy qualities retained. Rubber too soft easily tears; rubber too hard is brittle. Rubber JUST RIGHT lasts a long, long time. The very best quality goes into our hot water bottles. There should never be a home without one. Buy it now.

The FEDERAL Washing Action Cleans Clothes Quickly

The FEDERAL Oscillating Washing Action. Exclusive because of PATENTED FEDERAL DESIGN

IT'S the Federal washing action that counts. The picture above tells the story. The tumbler dashes the clothes from side to side in a surfy, wave-like swirl of suds. The water sprayed through the many holes in a series of jets forces the suds thoroughly through the fabrics.

The Federal action does not injure even the most delicate of fabrics and washes them cleaner and quicker, and blankets and heavier pieces are as easily and quickly handled.

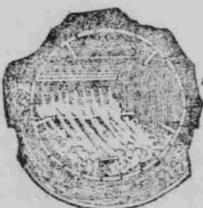

The Federal Electric Washer

not only saves the clothes but saves your time, labor and money. It eliminates the necessity of high wages for washer women and takes the drudgery out of wash day.

A small payment down—balance in small monthly payments.

Typical revolving cylinder action common in many washers. Note how far superior the Federal washing action is.
