

### LYCEUM COURSE FIRST NUMBER

The first number of the Lyceum course which is being put on this winter by the entertainment committee of the Hammond Country club will be given this evening when the

Great Lakes String Quartet comes to Hammond. The program which will be rendered at the Country club will begin at 8 o'clock.  
The Great Lakes String Quartet has earned a splendid name for itself because of its achievements in chamber music. Chamber music, originally written for the few and until recent years occupying a supposedly inaccessible niche in musical appreciation, is now becoming one of the essential features on programs outlined by all progressive musical communities.

Following the appearance of the quartet at the Blackstone theater in Chicago recently, newspaper critics were lavish in their praise of the work of the artists. One of them said: "The exceptional quality of their playing is beautiful, being uncommonly soft and pure, yet not lacking in power, incisiveness and brilliancy when these are desirable. The average tonal quality is, however, exceptionally ingratiating and in itself makes listening a pleasure."  
The appearance of the quartet in

Hammond will be the first of a series of lyceum numbers fostered by the Country club. Advance ticket sale has been gratifying, the majority of the sales being for the entire season which carries with it a substantial reduction in price.

**WILL SPEND COLD WEEKS IN FLORIDA**  
WASHINGTON, Dec. 21.—The President-elect and Mrs. Harding will spend the coldest weeks of the winter in Florida, leaving early in the new year and not returning until shortly before March 4, according to information obtained here.

The Hardings will be the guests of Senator and Mrs. Frelinghuysen, of New York.  
Famous Florida resorts will be visited, particularly those affording golf courses. Some hunting in the everglades also is in prospect, the senator's friends here said today.

### HE WON'T DO IT AGAIN

(INTERNATIONAL NEWS SERVICE)  
WASHINGTON, Dec. 21.—Dr. Julio Bianchi, Guatemalan minister to the U. S., has offered an "explanation and apology" for his recent visit to the senate to discuss Guatemalan affairs with Senator Moses of New Hampshire, the state department announced today.

The state department refused to make public the communication from Dr. Bianchi, but it was announced that no action has been taken on it.

### Predicts Revolution In Guatemala

WASHINGTON, Dec. 21.—Overthrow of the present Guatemalan government by revolution within the next three months, was predicted today by

Heriberto Rios, a wealthy merchant of Honduras, who has just arrived here from Guatemala City.

Though Rios said the imprisonment of Estrada Cabrera, former president of Guatemala, has caused a wave of popular resentment against the Herrera administration, he asserted his belief that the revolution would come regardless of whether Cabrera is released.
