

LOCAL NEWS.

THOMAS B. HULL has sold his residence, near the passenger depot, to Curtis Mullen.

COMMISSIONERS' COURT has been in session this week. Some important business has been transacted.

JAMES MCNEAL has sold his property in Winchester, and removed west of town one mile.

MISS ELLA FISHER'S school, in the north part of town, is flourishing daily. She is a successful teacher.

D. S. HARKER writes that Ward township still wants four volunteers, for which the money is ready. Report at Deerfield.

GEORGE McADAMS has sold the frame building in which he has his store, and has contracted to build a brick in its stead.

EDMOND M. THOMAS has bought James Clayton's grocery and he will continue the business at the old stand. Success to him.

WILLIAM M. LOCKE and JOHN W. SEANEY have become partners in the firm of Reeder & Weldy. The firm will now be M. A. Reeder & Co. We say emphatically, success to this firm.

LETHBR GOODRICH has sold his property in Winchester and will remove again to Missouri. The rebels drove him away from that State because he was loyal.

DR. J. E. BEVERLY has sold his fine residence in Winchester, to Thomas Moorman, for \$2,500. Mr. Moorman has taken possession of the property. The Dr. proposes removing to Richmond.

CAPTAIN ASA TEAL has purchased the fine farm of Joseph Pullen, three miles west of Winchester, paying him \$5,500 for the same. We have not learned whether our friend Jo. is going to leave us or not.

OLD BUILDINGS.—We do not advise lawlessness, but we do hope that somebody will knock the pegs out from under some of the old rat-shells standing in town: especially the one that disgraces Winchester on the north side of the public square.

COURT-HOUSE SQUARE.—We would like to inquire who has charge of the public square, and whether the county is continually to pay for evergreens, and then let the boys destroy them. It should be the duty of somebody to take charge of the public square.

THERE is a good chance now to build a Town Hall, by putting a third story on the brick building to be erected by McAdams & Carter, who will undertake to call a meeting to form an association or joint-stock company.

A FAIR INCREASE.—A lady in Winchester purchased a pig, last September, for fifteen cents, and killed it when five months old; it weighed 150 lbs. net, and at the present price would cash not less than \$20. From the trimmings she got 32 lbs. of rendered lard.

W. B. McKENNA has rented of Wm. B. Pierce his store-building, south-west of the public square, in which he will put a stock of boots and shoes. Mr. McKenna will do a wholesale business. We welcome him to our town, and wish him entire success.

WHEAT at Dayton, Ohio, a few days ago, we had the pleasure of making the acquaintance of John H. Sheffield, book-keeper, and W. S. Louis and V. J. Bien, salesmen in the house of Kneisly & McIntire. These gentlemen have acquired an enviable reputation by their honesty and fair dealing.

BIRDS.—Meadow-larks and blue-birds made their appearance on the 1st day of March. We believe that is earlier than these little messengers of spring usually make their appearance in this climate. They were quite joyous and sung sweetly. They are pretty messengers, and are always welcome.

THE two-story frame building, south-west of the public square has been purchased by John D. and Capt. Geo. U. Carter; the building, we understand, is to be removed to some other lot, and a fine brick is to take its place. We hope all the frame shells on the public square will be moved off, and brick business houses take their places. The danger by fire is fifty to seventy-five per cent less, besides the insurance for brick buildings is reasonable, while risks on frame rows will not be taken at any price.

A GOOD JOKE.—A woman came into Winchester on the 27th of last February, and sold some butter to a dry goods firm; the proprietor discovered that one roll was too heavy, and, on examination, found a stone in it weighing one pound for which they would have to pay twenty cents. She desired her pay for the butter in coffee; the stone was weighed back to her in the coffee, at fifty-five cents a pound, and she went home thinking she had made twenty cents pretty easy.

EMIGRATION WEST.—A very large emigration will go West this coming season, from this county—heavier than ever before known. We think we would be safe in saying fifty families. The larger portion of them go to Minnesota and Missouri.

There appears to be a restlessness on the part of the people, caused, probably, by the war and a superabundance of money. Almost every farmer desires to expand his boundaries, and this can be done West better than here, as land can yet be purchased very low, while old farms here command high prices. We hope they may all do well, but changes hastily made are not always for the best.

AUDITORS' REPORT

Table with columns for Receipts of Principal of Fund, Disbursements, and Receipts of Interest. Includes amounts for Loan Refunded Congressional Township Fund, etc.

For the Journal. FARMLAND.—The roads have been almost impassable for the last few days, which has materially interfered with the commercial interest of our village.

Peter S. Miller, who has been quite indisposed for a few days, is convalescent.

The farmers are generally making extensive preparations for manufacturing maple sugar; as yet but little has been made.

There has been more changes in the ownership of real estate in this vicinity, for the last few months, than at any former period of the same time; and yet quite an amount of valuable property is offered for sale.

Captain Burris is on a flying visit home; his general health is good.—He has not recovered entirely from the severe wound received in the service.

The character of the general news from the front, gives our loyal community confidence in the speedy success of the Federal armies, when we shall again be one united, free, prosperous and happy people.

Samuel McKee, our former fellow townsman, now residing near Wooster, Ohio, is on a visit to this place.

For the Journal. WARD TOWNSHIP.—The people of this township have succeeded in clearing themselves of the draft; our quota was nineteen. D. S. Harker, Joseph Pratt, Henry Field and Willis Whipple, each, put in a substitute for one year, and we got two credits, which reduced it to thirteen, which was filled by volunteers. We can now rest easy until another call is made. Some of us think that the war will soon come to a close, but others pretend to believe that there will be no peace for us while Abraham Lincoln is at the helm of State. I have heard of men who shut their eyes for fear they would see; and stopped their ears lest they should hear. In these latter days, there are some that, seeing they perceive not, and hearing, they hear not. But the time will come when their eyes and ears will be opened, and it may be so that they will yet want to visit their friends on the other side of the Lakes.

Small-pox prevails north of Deerfield. Joseph Collins has eleven in his family, and ten of them are down with it.

John Hall's school closed on last Friday; there is universal satisfaction in his district. He thinks of teaching a subscription school at the same place.

Henry Shrackengost, has sold his farm of forty acres, to Henry Pierce, for fifteen hundred dollars; the latter proposes to move as soon as the roads will admit. CORRESPONDENT.

W. B. PIERCE will sell a large lot of rich mill-feed, very cheap for cash, as he wishes to close out his feed store.

For the Journal. TEACHERS' ASSOCIATION. SEMINARY BUILDING, WINCHESTER, March 4, 1865. Association met at the appointed time, and was called to order by William P. Smith, and on motion, John W. Study was chosen President, pro tem.

Henry Charles, Secretary of the Association, tendered his resignation, as he intends removing from the county, which was accepted, and A. M. Woodin appointed Secretary, pro tem.

On motion, Henry Charles was chosen to instruct a class in oral grammar, which was done in a very creditable manner. After which, followed discussions of the same, and also on the best method of constructing small scholars in the various studies of the school-room.

On motion, it was agreed that when the Association adjourn it adjourn to meet at the Seminary building, in Winchester, at half-past ten A. M., on Saturday, April 7, 1865.

On motion, the President pro tem. was directed to arrange programme for the next meeting.

After which, the Association adjourned. J. W. STUDY, Pres't. A. M. WOODIN, Sec'y.
