

UNION STATE TICKET.

OCTOBER ELECTION. FOR ATTORNEY GENERAL, DELANA E. WILLIAMSON. FOR SECRETARY OF STATE, COL. NELSON TRUSLER. FOR AUDITOR OF STATE, THOMAS B. MCGARTY. FOR TREASURER OF STATE, GEN. NATHAN KIMBALL. FOR SUPERINTENDANT OF PUBLIC INSTRUCTION, PROF. G. W. HOSS. FOR CONGRESS, FIFTH DISTRICT, HON. GEORGE W. JULIAN. FOR REPRESENTATIVE, ENOS L. WATSON. FOR TREASURER, ALVIN M. OWENS. FOR SHERIFF, JOEL A. NEWMAN. FOR PROSECUTOR, A. C. MELLETT. FOR COMMISSIONER, ELIHU GAMMACK. FOR ASSessor, WHITE RIVER TOWNSHIP, F. HIATT.

J. WILKES BOOTH. An individual just from Europe telegraphs the Chicago Journal from Savannah, Georgia, that J. Wilkes Booth is alive and well in Europe, and has been presented with an ample fortune by various European powers.—Ind. Herald, (Dem.)

The Democratic press and the party, at the time Booth was said to be captured, said it was all a farce, that he still lived—that it was a concerted plan between Johnson and a notorious scoundrel named Baker, to make a large sum of money off the Government, and quiet the people. There was another significant fact which goes to strengthen this position. The pretended body of Booth was not exhibited to any person for the purpose of identification, besides being mysteriously disposed of. No one except the President and his confidants know what disposal was made of the so-called body of Booth.

If J. Wilkes Booth still lives, President Johnson can produce him, and it is his duty to do so. We do not think he will, however. Booth was, or is, Johnson's best friend, and he can thank him alone for his present position. We presume the Herald has had assurances from the President that such is the fact. The article above appears in his paper the day after Johnson's visit to Indianapolis. We think the great change in the sentiments of the late rebels and their allies in the North, can be explained on no other ground than that the assassination of Lincoln, and the escape of Booth, was a concerted plan, perfected and carried out by the same parties who have reaped the benefits of their terrible crime.

FRAUD ON THE BALLOT-BOX. The Indianapolis Journal says a Democratic fraudulent election agent wrote to a Democrat in Greencastle, Indiana, that he would send them one hundred voters from Kentucky, and fifty for Montgomery county. But there was a Union man in town by the same name who got the letter, and by that means the fraud was found out. This is the way the Democrats expect to carry the State. A similar fraud is expected to be perpetrated on Jay county by voting railroad hands who are not citizens of the State. It is also expected that two or three hundred will be voted in Randolph, and that number in Wayne. We warn our Trustees against importation, and also our Union voters, who attend the polls. Thousands of dollars are being scattered all over the country by the Democracy to buy up voters for Indiana. Let every Union man go to the polls and stay all day, work and guard, for our enemies are determined to carry Indiana by fraud.

INDIANAPOLIS RIOT. We have taken some pains to learn the exact state of the case in the riot which took place at Indianapolis, Indiana, on the evening of the arrival of President Johnson. All are aware that General Grant and Admiral Farragut, are Union men, and that they were traveling with the President. The Union men who were present desired to have these two men presented first, and then they intended to go away and let Johnson talk as long as he desired. Therefore they called for them. The Democrats called for Johnson—so each party yelled for his own party man. The Johnson men were determined that the Union men should hear the President before they saw Grant, and the Union men were determined they would not hear Johnson until they were introduced to Grant. After all these men had been presented the fuss was gotten up by a Democrat shooting a Union man.

We have our statement from a reliable man who lives in Indianapolis, and who witnessed the whole of the difficulty. The Democrats from this district who went down to see Moses when he was to say his piece at Indianapolis, nominated Martin L. Bundy for Congress, to be beaten by Hon. Geo. W. Julian. Mr. Bundy was a Paymaster at Indianapolis during the war. He made a good pile of money; he can stand the sacrifice; besides, Moses is to give him a position after the election.

DEMOCRATIC CANDIDATES. The Democrats from this district who went down to see Moses when he was to say his piece at Indianapolis, nominated Martin L. Bundy for Congress, to be beaten by Hon. Geo. W. Julian. Mr. Bundy was a Paymaster at Indianapolis during the war. He made a good pile of money; he can stand the sacrifice; besides, Moses is to give him a position after the election.

GOOD FOR NEW JERSEY.

The New Jersey Legislature has ratified the Constitutional Amendment by a vote of 34 to 21 in the House, and 11 to 10 in the Senate. The President could not buy enough of the members to prevent the passage of the Constitutional Amendment. If Johnson had any disposition to do right every State could be represented in Congress next session. If they do not believe it let them try it, and then Johnson can test the fact whether Congress desires to break up the Government, or whether the shoe is on the other foot.

Another Falsehood Nailed. "During the reception a Radical gave a boy five dollars to throw a stone at the President, giving him the stone with the money. It was thrown but did not reach the point at which it was aimed."—Herald. You state that as a fact. If your statement is not an unadorned falsehood, you can produce the boy, and if he knew the five dollar man to be a radical he knows, of course, who he was. We predict that when your Radical is found he will prove to be a Copperhead, for there were plenty of them who would have given ten times five dollars to get a stone thrown at the President for the purpose of charging the offense on the Union men. But the whole story is an invention of the Herald. Neither the boy or the man will be found.—Journal.

RAISED A SERPENT. "Moses" has raised a Copperhead serpent on a pole in Washington, and all who are troubled with an attack of the disease called office, and will fall down upon their knees and look up to this Copperhead, are healed.

STILL THEY COME. The New York Herald has at last abandoned Andrew Johnson. Bennett saw the hand writing on the wall, and he hastens to leave the rotten old Copperhead ship. Henry Ward Beecher, too, has fled from the camp of the Philistines, for Seward had, on his trip to Chicago, slain thousands of his friends with the law bone of an ass.

PUBLIC SPEAKING. Judge Lawrence, of Ohio, Hon. G. W. Julian, Gen. T. M. Brown, and Col. A. J. Neff will address the people of Union City, on Friday, the 21st of September. Let there be a grand rally at Union City, on that day.

STRANGE THINGS. A friend of ours out West, told us some strange things a few days ago. He said he knew a man who had been wounded twice while in the army by the rebels, and who was now, for some reason, united with a party that embraces these rebels. Another man had a limb shot to pieces, who now curses the men who cared for him and were his real friends, while he praises and acts with the men who shot him.

A third man lost a son in the army, who was shot and killed by the rebels. Strange to say, this man has united with the men who killed his son, and demands that they shall have and hold office. Who can account for these strange things?

H. C. WELDY. We had hoped to have commenced the history of this man this week, but the great interest in politics prevents us. We will after the election turn our attention to this matter. We trust no one will form any further complication with him until they see his history. GEN. GRANT refused to receive the plaintiffs of his countrymen at Cincinnati, because it would have brought down the Administration and all its ills upon him. Nobody has any rights in this country except Andy Johnson. The people will soon determine that there is some one else living in this Government besides the great I Am at Washington. General Grant would doubtless have been dismissed the service if he had received the welcome of the soldiers of Cincinnati. This shows that Andy Johnson is a tyrant.

ONE of the Democrats who want to Indianapolis last week from this county, to see Moses, ran over a street car when the Copperheads began firing their pistols. Judging by the color of his face, we think that he had not recovered his wonted equilibrium on his return home. We think it will be the means of shortening his existence at least five years. So much for his agile attempt to convince "Moses" that he was one of the "children of Israel," all the way from Randolph.

THE Indianapolis Herald says "even if the Johnson men did commence the fighting, they had cause for it." What was the cause, Mr. Herald? It was simply that the Union men had assembled to see General Grant and Admiral Farragut, and for this the Herald thinks they had a right to shoot them down.

CONGRESSIONAL. "We understand that Major M. L. Bundy, of Henry county, will be an independent candidate for Congress in this Congressional district in opposition to G. W. Julian."—Cambridge Mirror.

That's cool, Lafa, when you helped to nominate him at Indianapolis when Moses was there. GREEN CLAY SMITH, the newly appointed Governor of Montana, left St. Joseph yesterday for his new field of operations. THE brother of President Davis, General Joseph E. Davis, has been pardoned by the President of the United States. He comes under the \$20,000 clause.

Gen. Grant's Sympathies.

The following autograph letter from General Grant shows that his sympathies are with the Soldiers' and Sailors' National Union. It was written three days subsequent to the announcement of the Pittsburgh Convention by the Union: HEADQUARTERS ARMIES UNITED STATES, WASHINGTON, Aug. 25, 1866. Wm. A. Short, Chairman, Co. Soldiers' and Sailors' Union: DEAR SIR: The invitation of the Committee of which you are the Chairman, to be present and participate in the celebration of the first anniversary of the body, to be held September 10th, is received. If I am in the city on that day it will afford me great pleasure to join your Union on that occasion. Previous to receiving your invitation, however, I had accepted another invitation which, if I kept will take me out of the city at that time. All I can say now is, that it will afford me great pleasure to be with you on the 10th of September, if it is so that I can. Your obedient servant, U. S. GRANT, General.

The city authorities of Baltimore refused to receive Johnson and the Hebrew children, because they said he came as a political stump-speaker, and had, by his course, caused the murder of one man, and the wounding of others, at Indianapolis. Two Danish officers are in New York attending to the settlement of Scandinavians which are en route for America. We trust Indiana will not be slighted. THE New York Herald's Toronto dispatch says that the Canadian papers want England to declare war, unless the Fenians are suppressed. Randolph County Fair. Owing to late rains and the backwardness of seeding among the farmers, the Executive Committee has deemed it proper to postpone the time of holding the Fair, which will commence on Wednesday, October 10, 1866, and continue four days. And in so doing, we hope it will meet the approval of all, as we have gone to considerable expense in preparing a good Time Track and fitting up the Grounds, so as to make every thing convenient, and every visitor comfortable. Our Premium List will amount to between two and three thousand dollars. We hope the Fair will be liberally patronized. The Premiums of 1865 will be paid, and also this year's Premiums, and we hope to be able to pay all indebtedness and make arrangements to purchase the grounds for the Society on which the Fair is held. T. W. KIZER, E. EDGER, N. P. HEASTON, LAFE IRVIN, Exec. Com.

LETTER FROM THE CAPITAL. INDIANAPOLIS, IND., September 15, 1866. COL. NEFF:—The Hebrew children have come and gone, and the excitement consequent upon their visit to the Hoosier Capital has passed, and we are once more a quiet people. But, before passing the subject of "the reception," allow me to say in this correspondence that the reports of the Indianapolis Herald to the contrary notwithstanding, the riot on Monday night, was commenced by the Copperheads, and but for the prompt resistance with which their first attack was met, we should have witnessed a spectacle not altogether unlike those which have within the past few months occurred at Memphis and New Orleans. That the attack upon the Union men was premeditated is shown by the fact that O'Leary, one of the Marshals, was one of the chief actors; it was he who galloped his horse through a crowd of defenseless women and children, all the while hallowing to his men: "Come on, boys; "Clean out the Radicals;" "Give them a—;" &c. But the Radicals stood firm and united, and the battle was soon over. At many other cities the President has met with the same rebuke that was given him here, but it was left for Indiana rebels to shoot down Union men because they exhibited an unwillingness to hear a man who has turned his back upon the loyal men of the country, both North and South.

The remains of the old man, Stewart, were followed to the cemetery by a large concourse of friends. The Union League turned out in a body, and there were nearly one hundred carriages in the procession. A Union meeting is in progress today at Stiltz's grove, south-east of the city. Thousands are in attendance, and Generals Dumont and Coburn are making effective addresses. All the townships are represented, some of them by immense processions. The committee of Southern Loyalists, appointed by the Loyal Philadelphia Convention, will reach this place about the 20th instant, and will meet with a warm welcome from our citizens. The Copperheads say that Indiana is hopelessly lost to them. They've heard from Maine, you know! L. G. D.

Temperance Journal. This paper has been consolidated with the Good Templar of Atton, Ill., but is to be published at Indianapolis, Ind., B. H. Mills editor, L. G. Dines publisher. Terms, \$1.50 per copy, five copies or more, \$1.00 each; published semi-monthly. We trust that now this paper is a fixed fact, and that it will be patronized liberally by the people of Indiana and Illinois. It is a credit to both these great States.

FARMLAND. General T. M. Brown and Colonel A. J. Neff will speak here next Saturday at 1 o'clock P. M., on the political issues of the day. Turn out to hear them if you want to hear President Johnson dissected. I was an eye-witness to the reception of President Johnson and suit at Cincinnati on last week. There were from 5,000 to 7,000 people present. They were received at the Spencer House on a platform erected for the purpose. When Mr. Harris introduced the President, about one thousand gave a faint cheer. When Secretary Wells was introduced, there was little better cheering. But when General Grant, Bonseau, Custer, and the gallant Farragut were introduced, there were none any longer silent. It seemed, then, as though the wave of popular enthusiasm stirred every soul in the vast assembly. The cheers were almost deafening, and the swinging of hats simultaneously was a magnificent scene.

This Johnson was coldly received, as he deserved, turning traitor to the party that elected him. [We had articles in time in reference to the killing of Mills and the celebration, so that Merchant's account is left out for want of room.—Ed.]

For the Journal. WINDSOR. SEPTEMBER 13, 1866. The Sabbath school celebration today at this place was a splendid success. At an early hour the town was crowded; several schools were well represented. The procession was formed at half past ten o'clock, and after traversing the principal streets, headed by martial music and bearing several handsome banners with appropriate inscriptions and mottoes, the column filed off to the stand prepared in the grove for the occasion, when Rev. Streight, of the M. E. Church, announced the object of the meeting and the order of the day. Rev. P. Jellison, of the Christian Church, offered up a most eloquent prayer. The addresses were brief but very appropriate, by Rev. Pease, Rev. Streight and D. Huffman, Esq.

The exercises on the part of the scholars were entertaining and instructive. The vocal music was most excellent, the songs well chosen, and very appropriate to the occasion. The order was good until near the close of the meeting, when the devil came up in the shape of rotgut and caused some disorder in the outskirts of the assembly. OBSERVER.

Governor Morton.

I understand that Governor Morton has promised to speak in Winchester before the October election, all who love their country, should be on hand, and give the Governor a hearty welcome. No doubt but it would please him to meet many of the boys in blue. It is the duty of the loyal citizens to stand shoulder to shoulder and repel by the ballot the one man power, which if not checked will overthrow our liberties and free institutions. Come up, fellow-citizens from the various parts of the county and let us renew our strength, and on the day of the election be at our post and seal with the ballot what we were driven to accomplish by the sword. UNIONIST.
