HEALTH HEALTH!

THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

THE ONLY CERTAIN REMEDY FOR THE CURE OF CONSUMPTION.

Ashma, Bronchitis, Spitting Blood, Pain in the Side and Breast, Sore Throat, Hoarseness, Pain in the Heart, Whooping Cough, Croup, Hives, Nervous Tremors, Liver complaint, Disordered Kidneys, and Affections generally of the Throat, Breast and Lungs.

Of all the diseases incident to our climate there is none so universal, and at the same time so insidious and fatal, as Consumption. In this country especially, Pulmonary Consumption is emphatically a scourge and its resistless career sweeps over the land as a Destroying Angel, laying low, with relentless hand, the strongest and latest of our race. Hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was but alleviation of suffering, rendering somewhat smoother the certain progress to the tomb.

The proprietor, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reasons upon which it founds its superior claims to the attention of the afflicted, that all who require its use may repose full confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances; but he was determined not to offer it to the public until he had become thoroughly convinced of its efficiency. Having such conviction, he now confidently offers it as a remedy without a parallel for the cure of PULMONARY CONSUMPTION and its kindred diseases.

Let the following speak for itself.

"I have used THOMSON'S COMPOUND SYRUP OF TAR & WOOD NAPHTHA, for some time in my practice, and have found it the most efficient remedy I have ever used in Consumptive cases, Chronic Catarrh, etc., when great irritability, with weakness of the pulmonary organs, existed. The rapidity with which it acts is greatly in its favor where dyspnea or oppression exists, when it is immediately relieved by it."

"In Pulmonary Consumption it can be used with confidence, being applicable to every form of that disease, and I consider it a medicine well worthy the attention of Physicians, and exempt from the imputation of any drawback." M. CHAMBERS, M. D. Philadelphia, Oct. 11th, 1846.

"The above medicines prepared only by ASHLEY & DICKSON, at NE corner of Fifth and Spruce Streets Philadelphia. Sold by C. BELL, Evansville, and respectable druggists generally.

Price 50 cents or \$1 per bottle, beware of intervention.

TO THE PUBLIC.

**JAMES SCANTLIN, JR.,
JAMES SCANTLIN & SON,
HAVING secured for the State of Indiana the Patent Right for the COMBINATION AIR TIGHT COOKING STOVES.**

Are prepared to supply the public on their usual reasonable terms at their Old stand on Main street, Evansville, and take pleasure in being able to recommend it as the very best invention and most valuable article in the stove line, that has yet been offered to the public. It being a decided and acknowledged improvement over all other "Air Tight" stoves. Patented in the year 1846.

The many advantages of this Stove over all others, has secured for it the reputation wherever it is known, of being the most important improvement ever made in that article. The stove is furnished with Double Hearts, one for a coal furnace and one for broiling and other necessary uses.

It has a capacious oven equal in size to the Stove itself, capable of containing two tiers of pans and perfect in its cooking. The fire chamber is so arranged in front of the pipe that boiling on four of the holes at the same time can be done without the necessity of heating up the OVEN and thus chooking up the flues unnecessarily AS IN OTHER "AIR TIGHT" STOVES.

And a new improved damper has been introduced in this Stove so that the heat can be regulated at pleasure and any required degree obtained with astonishing exactness.

The Stove is got up in good taste, combining in a remarkable manner, beauty with strength and utility. The furniture and equipments of the stove are perfect in every respect, and form of themselves a complete movable kitchen. In addition to the above stove the subscribers have also secured the right to sell the Double Oven Cooking Stove.

"HARRY OF THE WEST," which is very highly approved by all who have ever used or examined it for its capacities in the way of cooking in every department, and for its saving in way of fuel. The certificates below from those who have used the above stove show that the accommodations are not "puffs" merely, but truths of which all may be convinced.

ALSO.—A large assortment of every kind of stoves, such as, Premiums, Parlors, Counting-Room Shop and School-Room. Together with a large assortment of Tin-ware, at their usual low prices.

CERTIFICATES:

MESSES. JAMES SCANTLIN & SON,
Gentlemen—Having examined all, and tried several of the Cooking Stoves now in use, I have concluded to give the "Combination Air Tight" Cooking Stove of Messrs. French and Winslow a trial, (it is an improvement upon the "Wager Air Tight" Cooking stove,) and I am fully satisfied that it combines more useful advantages in cooking than any other stove now in use.

Yours, &c.
R. W. DUNBAR.

MESSES. JAMES SCANTLIN & SON,
Gentlemen—The "Double Oven Cooking Stove," purchased by me from you some time since, has far surpassed my expectations, and if cooking for a large number of persons in a very short time and in first rate style, with small expense of fuel, are any evidence of a good stove; this certainly has proved itself to be one.

JOHN M. APP,
Taylor House, Evansville.

MESSES. JAMES SCANTLIN & SON,
Gentlemen—After trying the "Combination Air Tight" Cooking Stove which you put up for us, a thorough and impartial trial; we take pleasure in being able to say to you that it far surpasses any thing of the kind we have ever used, and we feel satisfied that it is superior to any of the many patents that are offered for sale in our City.

JAMES STEEL,
ADAM SCHAEFER,
EVANSVILLE, August 30th, 1847.

MESSES. JAMES SCANTLIN & SON,
Gentlemen—In reply to your enquiry concerning the Double Oven Stove "Harry of the West," that you put up for me I would say that I have tried a number of stoves of various patterns, but this one I must give a decided preference over all others that I have used, and consider it well worth the attention of the public.

CHARLES BABCOCK.

MESSES. JAMES SCANTLIN & SON,
Gentlemen—I have used for some weeks past, in my Hotel the Double Oven Cooking "Harry of the West" purchased by me from you, and during that time the capacities of the stove for boiling, broiling, cooking and roasting has been fully tested and I can safely say that this stove can do more and better cooking in a shorter time with less trouble and expense than any stove that has ever been used in my house. I have examined many of the stoves for sale; and for some years was engaged in the business of manufacturing them but have never yet seen any stove that arrives so near perfection as the one now used by me.

BENJ. NURRE,
Washington House, Evansville, August 30th, 1847.

MESSES. JAMES SCANTLIN & SON,
Gentlemen—Having used the Double Oven Cooking Stove "Harry of the West," I can say that I fully concur with Mr. Nurre, in the favorable opinions he has expressed above concerning it.

JOHN GREEK.

MESSES. JAMES SCANTLIN & SON,
Gentlemen—I have now in use in my kitchen a "Harry of the West" Stove, and find it to be in every respect preferable to any I have ever used in my ten years experience in keeping a hotel, I have had various kinds and among them "Bucks" celebrated cooking stove, but the "Harry of the West" combines advantages in the saving of fuel and in boiling and baking which must ever place it among the very best Cooking Stoves yet invented.

THE WORLD'S ILLATION!

That the Piles is disarmed of its terrors, By Dr Upham's Vegetable Electuary

THE great sensation which was created among the Medical Faculty, and throughout the civilized world, by the announcement of Dr Upham's Electuary, for the Cure of Piles, (a disease that resisted all former medical treatment,) has settled down into a thorough confidence, that it is a positive and speedy cure in all cases of Piles, either Bleeding or Blind. External or Internal, and also for all Diseases of the Stomach and Bowels, such as Severe and Habitual Constiveness, Dyspepsia, Liver Complaint, Inflammation of the Spleen, Kidneys, Bladder, Bowels, and Spine; Ulceration of the Intestines; Flow of Blood to the Head, &c; and for the Relief of Married Women.

The Symptoms, Cause and nature of the Piles, together with its conjunctive diseases, will be found in the pamphlets, to be had of all agents and dealers gratis.

VOLUNTARY CERTIFICATES.

UNITED STATES MARSHALL'S OFFICE, NEW YORK, Dec. 6th, 1847.

MESSES. WYATT & KETCHAM—Gentlemen—Understanding that you are the General Agents for the sale of Dr Upham's Vegetable Electuary, for the cure of the Piles, I have deemed it my duty to volunteer a recommendation in behalf of that invaluable medicine. I have been afflicted for many years with the Piles, and have tried various remedies, but with no effect. Indeed, I began to consider my case hopeless. But about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but as I believe, perfectly cured. I most earnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.

Very respectfully, Your ob't servant,
ELY MOORE.

Messrs Wyatt & Ketcham—Gentlemen—

I am constrained to give you a statement of the benefit I derived from using Dr Upham's Electuary, in a case of Piles, by so doing, I shall render a benefit to those who are suffering from that troublesome disease, and who are weary of the various remedies by the Piles so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other diseases, which were extremely troublesome, and which I am pleased to say two boxes of the Electuary entirely removed; and that my health is better now than it has been for many years. It has done me and my family since more good, and with less expense, than the physicians to whom I have applied, or medicine I have used.

I remain, still in perfect health, Your ob't servant,
NELSON NEWTON,
230 Spring street, cor Renwick.

Messrs Wyatt & Ketcham—Gentlemen—

I consider it a duty which I not only owe to you, but my fellow beings, to speak in praise of Dr Upham's Electuary, a medicine which I think has saved my life, and restored me to full health. For several years I was afflicted with Piles, together with Dyspepsia, and a general disarrangement of the system. I employed different physicians, with no good result, and at last told me they could do no more for me, and said that I must die. I thus had given up all hopes of even having my health restored, until I had state, a medical friend that a nephew of mine in Philadelphia (Benjamin Percival) had derived in a severe case of chronic dysentery, by your medicine, that I purchased a box, which, to my surprise, after taking a few doses, I received great relief, and thank God, by continuing its use, that I am now restored to perfect health.

MRS. SARAH T. AMES,
142 Mercer street.

Notice.—The genuine Upham's Electuary has his written signature, together with a picture of the hand is also done with a pen. Price \$1 a box.

Sold wholesale and retail by WYATT & KETCHAM, 151 Fulton street, N. Y. and by Druggists generally throughout the United States and Canada.

THE GREAT REMEDY!!

House's Indian Tonic.
A safe and sure cure for CHILLS or AGUE & FEVER, in the unprecedented short time of Five Hours—without the slightest danger to the West and South can testify, who have been thus speedily cured by this GREAT REMEDY!

EVERY one who is afflicted, should be anxious to obtain that remedy which offers the best, quickest, and safest cure, no matter from what source it springs; every honest man being bound to embrace the truth, wherever found. Therefore, the proprietor, in justice to the public and himself, feels called upon to state, honestly and fully, the facts, which will establish **House's Indian Tonic** to be the best remedy for CHILLS or AGUE & FEVER, now known. Fact 1st.—The article is convenient and pleasant to take—in refined from all gross particles, which render other preparations so muddy, nauseous, and disagreeable to the taste; and if the directions are followed, will cure every case, with mathematical certainty, in from three to five hours. Aswallowing "1" but true. Fact 2nd.—By its action upon the liver and other organs concerned in forming it, the bile is regulated, the morbid action induced by the cause of the disease is destroyed—fever allayed—and it will be found a powerful agent in assisting to remove fevers generally. Fact 3rd.—It gives tone to the stomach—invigorates the body—stimulates all the functions to a healthy action—and is highly useful, whenever tonics are wanted. Fact 4th.—This tonic is performed, and is daily performing, cures in CHILLS or AGUE & FEVER, without a parallel in medicine. Witness a single bottle making a cure in a case of TEN YEARS standing; another in a case of NINE YEARS standing—to cure that which had previously baffled all skill, and every remedy. Look at the many other astonishing cures set forth in the certificates around the bottle, and state, honestly and fully, the facts, which will establish **House's Indian Tonic** to be the best remedy of the times. Read the certificates carefully; they are from your neighbors and friends—and whenever you meet with any of them, (to ascertain the truth,) don't fail to ask them concerning it. Be sure to ask for **HOUSE'S INDIAN TONIC**, and as you value your health, don't be put off with any cheap imitations.

HOUSE'S CELEBRATED VEGETABLE PILL.

Superior to all other known for expelling Diseases from the System.

This Pill is made of Vegetable substances only, and is prepared with the greatest care, according to the rules of PHARMACY.

To all who labor under any lingering or Chronic Disease, they are especially recommended. In GOUT, WHEAT SWELLING, FEVER SORES, SCROFULA, and NERVE DEBILITY they never fail to give relief. In RHEUMATISM, they are the only certain cure ever discovered for this painful disease, as hundreds can testify, who are now rejoicing free from pain and in perfect health, after having been given over by friends and physicians as incurable. In DROPSICAL AFFECTIONS, and Diseases of the WOMB, and those growing out of it, they are exceedingly valuable. Biliousness, and all other ailments, are eradicated at once, by their speedy action upon the whole system.

A great amount of the best evidence could be added to establish the high reputation of this PILL—but the triand use of a single box, will be worth more to the invalid—than the combined certificates of the whole world. See certificates on the wrapper.

BULLETIN No. 2.

THE GREAT FLOOD of 1847 will be long remembered in many parts of the West. The swollen streams seemed to know no bounds; but rising higher and higher carried dismay to the inhabitants. Merchants were obliged to remove their wares from the rivers' sides to remote places; families were compelled to desert their dwellings, the poor suffered more severely than language can describe. The public authorities were called on to administer aid and counsel. In short, a great public calamity had occurred.

Well would it be if the sad consequences of the Flood had ceased when the waters subsided. But no! The retreating waves left vast alluvial deposits, which in a few months were given out that deleterious miasm which produces bilious diseases!

What says the celebrated Dr. Ferguson on this point? Answer: The cause of bilious derangement has its principal source in half dried margins of rivers." All history and experience prove this theory. When the British army encamped on the plains of Estremadura, at a time when the river Guadiana had become dry after a flood, remittent and intermittent fevers raged among the troops with such destructive malignity that they came nearly being exterminated.

The Greenleaf Company, therefore, earnestly call the attention of the entire West to their most extraordinary and celebrated series of Anti-Bilious Medicines. In every locality where there is the slightest tendency to any form of Fever, Fever and Ague, Dumb Ague and the like, the inhabitants should at once send to the General Agent of the district and have a Greenleaf Depot established near them. Were this done, and the Greenleaf Vegetable Pills and Health Bitters used according to directions, there would be no fear of bilious diseases.

So important are the Greenleaf Medicines to the people of the West, that the following steps should be immediately taken—

1st. Every neighborhood should have its Greenleaf Depot.

By addressing the General Agent of any district the same can be secured.

2d. Families should club together and get an immediate supply.

3d. Emigrant Societies and other philanthropic bodies should furnish them to the needy.

By such means bilious diseases will be entirely prevented.

The other Medicines of the Company are most eminently adapted to the diseases for which they are recommended, and consist of the following—

The Greenleaf Eye Lotion, the Children's Pains, the Green Mountain Ointment, the Consumptive's Balm, the Dysentery Syrup.

The General Agent for Indiana is Myrus Seaton, to whom applications for agencies may be addressed.

EDWARD BARTON, Secretary,
New York, January, 1848.

DR. LANE'S WORM VERMIFUGE.

RARITY under the head of a Patent Medicine advertisement. We ask our readers to peruse the following, knowing they will profit thereby.

LANE'S VERMIFUGE.
A medicine which is perfectly safe, and may be given to children from tender infancy, to advanced age, and under no restraint as to cold water, or any kind of food. Purges mildly, subdues fever, destroys and expels worms with invariable success, and is easily administered to children.

That it possesses these valuable properties, is fearlessly asserted; still claiming the additional advantages of being given in small bulk, and requiring none of the drearying which Worm tea and other supposed Vermifuges demand. During its brilliant career, it has been introduced into many families, where every other known and accessible Vermifuge had been tried without the least success, where it has promptly expelled worms to an almost incredible amount.

Hear what the Editor of the Bulletin of the Pacific, (published in Pittsburgh, Pa.) says in reference to the article.

"In looking up a few advertisements for my small sheet the other day, I called in upon Messrs. J. Kim & Co., and remarking that I would be glad to advertise any medicine that really was essentially useful, they furnished me with their circular respecting Dr. M. Lane's Worm Specific, with the accompanying certificates. Feeling persuaded that the certificates were genuine, I took some of the medicine home for the use of my own young family. I gave the first day a small teaspoonful to Sarah. She was wan-looking and black under the eyes. She passed several worms, some as large as a pea stem. I also gave a small teaspoonful to Samuel, a little, rosy checked fleshy boy, about 34 years old. But his stomach was tympanous, i. e. he was pot-bellied, I thought he might have worms.—He cried after more, which I did not see fit to give him, but upon the operation of this medicine, his mother and the neighbors were surprised at the result. He passed nearly a pint of worms, almost all as big as a common pipe stem. There was seventy in all. I then gave some to a little boy only 2 years old, and he passed 120 worms, some eight inches in length. I therefore feel clear to recommend M. Lane's Vermifuge as a specific for worms. It surely seems death to them."

B. A. Fahnstock's Vermifuge.

A Sure Remedy for Worms. It has met with a success hitherto unparalleled. RURAL GROVE, Butler Co., Pa. July 29th, 1846.

ABOUT ten days ago, a boy belonging to one of my neighbors, and who had been ill for a week or more, was seized with spasms, and had four severe fits within twenty-four hours. His parents administered two doses of B. A. Fahnstock's Vermifuge, when he passed a hundred and three large worms, and obtained complete relief.

JOSEPH BURNING, Merchant. BALDWIN TOWNSHIP, Allegheny Co., Pa. April 30th, 1846.

Mr. Fahnstock: Sir—This will certify that I gave my child aged two years, three teaspoons full of your Vermifuge, upon which it discharged eighty-five large worms. I had previously called in a Physician, who, however, did no good, but the Vermifuge gave immediate relief.

M. BRAVY, Certificate of the Mayor of Lancaster, Pa. Lancaster, July 3, 1846.

Messrs. Fahnstock & Co.—Gentlemen: Several of the younger branches of my family laboring under symptoms indicating worms, induced the application of your Vermifuge had the desired effect, in one instance removing the almost incredible number of one hundred and fifty-one of the largest worms, from one patient, which, in addition to its other beneficial qualities in my family, established the efficacy of your Vermifuge as a sure cure.

From the Louisville Journal of April, 1846. B. A. Fahnstock's Vermifuge. We invite attention to the advertisement of this very valuable medicine. We have repeatedly heard it warmly recommended by some of the most distinguished physicians of our city, as the very best remedy of the kind now in use.

From the Rev. T. J. Fisher, a Baptist minister in Kentucky. HODGINSVILLE, Ky., April 11th, 1846. This is to certify that I have administered B. A. Fahnstock's Vermifuge with unparalleled success.

T. J. FISHER. Read the following from a highly respectable house in Knoxville, Tenn., March 4th, 1846. (The Vermifuge) has proved the best article of the kind which has ever been used in this part of the
